## **Television And The Press Since 1945:**

Television and the Press Since 1945 Ralph M. Negrine, 1998 This new volume of documents provides a comprehensive account of the dramatic development of the British media from 1945 95 Negrine brings to life the story of the growth of television and newspapers in British society

**New Television, Old Politics** Hernan Galperin, 2004-05-24 This book examines the economic political and technological forces that are shaping the future of broadcasting in advanced industrialized nations by comparing the transition from analog to digital TV in the US and Britain Digital TV involves a major reordering of the broadcast sector that requires governments to rethink governance tools for the digital media era By looking at how the transition is unfolding in these nations the book uncovers the political underpinnings of the emerging governance regime for digital communications and explores the implications of the transition for the development of the Information Society in the US and Europe The findings challenge much conventional wisdom about media deregulation and the globalization of communications The transition to digital TV has not weakened but rather reinforced government control over broadcasting Moreover contrary to what many globalization theories would predict it has reinforced preexisting differences in the organization of media across nations

**Politics and the Media in Britain** Raymond Kuhn, 2017-09-16 This important new text provides an up to date account of the complex interrelationship between politics and the media in Britain It starts by setting key policy areas in the context of technological convergence globalization and initiatives at European level It then addresses the key issues the role of the media in politics and elections

**The Tories and Television, 1951-1964** Anthony Ridge-Newman, 2016-11-08 This book explores the role of television in the 1950s and early 1960s with a focus on the relationship between Tories and TV The early 1950s were characterized by recovery from war and high politics Television was a new medium that eventually came to dominate mass media and political culture But what impact did this transition have on political organization and elite power structures Winston Churchill avoided it Anthony Eden wanted to control it Harold Macmillan tried to master it and Alec Douglas Home was not Prime Minister long enough to fully utilize it The Conservative Party s relationship with the new medium of television is a topic rich with scholarly questions and interesting quirks that were characteristic of the period This exploration examines the changing dynamics between politics and the media at grassroots and elite levels Through analysing rich and diverse source materials from the Conservative Party Archive Anthony Ridge Newman takes a case study approach to comparing the impact of television at different points in the party s history In mapping changes across a thirteen year period of continual Conservative governance this book argues that the advent of television contributed to the party s transition from a membership focused party to a television centric professionalized elite

**Television Production in Transition** Gillian Doyle, Richard Paterson, Kenny Barr, 2021-05-03 Focusing on the growing power of transnational media corporations in an increasingly globalized environment for distribution of television content and on the effects of mergers and acquisitions involving local and independent television

production companies this book examines how current and recent re structurings in ownership across the television industry reflect changing business models how they affect creativity and diversity of television output and to what extent they call for new approaches to regulation and policy Based on a major study of the UK production sector as a case study it offers a unique analysis of wider transformations in ownership affecting the television production industry worldwide and of their economic socio cultural and policy implications      **Television Across Asia** Michael Keane,Albert Moran,2003-10-16 This book explores the trade in television program formats which is a crucially important ingredient in the globalisation of culture in Asia It examines how much traffic there is in program formats the principal direction of flow of such traffic and the economic and cultural significance of this trade for the territories involved and for the region as a whole It shows how new technology deregulation privatisation and economic recession have greatly intensified competition between broadcasters in Asia as in other parts of the world and discusses how this in turn has multiplied the incidence of television format remakes with some countries developing dedicated format companies and others becoming net importers and adapters of formats

*Towards a Market in Broadcasting* C. Potschka,2012-03-27 A comparative analysis of the evolution ofUK and German broadcasting policies adding to the developing area of comparative research on media and communications policy The book focuses on processes of marketization and liberalization as they have affected policy making national regulatory frameworks and media structures      The Galaxy Is Rated G R.C. cultural and political ideologies the same is true of science fiction in children s film and television This collection of essays analyzes the confluences of science fiction and children s visual media covering such cultural icons as Flash Gordon the Jetsons and Star Wars as well as more contemporary fare like the films Wall E Monsters vs Aliens and Toy Story Collectively the essays discover applaud and critique the hidden and not so hidden messages presented on our children s film and TV screens      *European Film and Media Culture* Lennard Højbjerg,Henrik Søndergaard,2006 Brings into focus central aspects of developments in European film and media culture Through studies of both film and television the question of national identity European integration and globalisation is analysed in a both Eastern and Western Europeancontext This volume also offers several case studies

**The Media in Britain** Jeremy Tunstall,1983 British newspapers The Times The Guardian Daily Telegraph and Financial Times have long been considered among the best in the world and the BBC has become the world s most venerated television and radio organization In this book Jeremy Tunstall author of *The Media are American* surveys British media since 1945 including television radio films newspapers and magazines with the purpose of studying how they operate and what the future holds for them In the course of the book he discusses such issues as the relationship of politics to the media media audiences media biases control of the media by conglomerates and policies for the future      **The Origins of Television News in America** Mike Conway,2009 This is the first in depth look at the development of the

television newscast the most popular source of news for over forty five years During the 1940s most journalists ignored or dismissed television leaving the challenge to a small group of people working above New York City s Grand Central Terminal Without the pressures of ratings sponsors company oversight or many viewers the group refused to recreate newspapers radio or newsreels on the new medium They experimented argued tested and eventually settled on a format to exploit television s strengths This book documents that process challenging common myths including the importance of a popular anchor and television s inability to communicate non visual stories and crediting those whose work was critical in the formation of television as a news format and illustrating the pressures and professional roadblocks facing those who dare question journalistic traditions of any era Publisher Terrestrial TV News in Britain Jackie Harrison,2000-09-02 Harrison s work is timely given the assaults on public broadcasting and the challenges confronting terrestrial television news production and output in the late 20th century *Television and Consumer Culture* Rob Turnock,2007-07-30 The radical expansion of television broadcasting in the post war years and beyond both reflected and promoted a cultural revolution sweeping across British society Reaching out to a mass audience for the first time the new television industry made visible the transition from drab austerity and seeming cultural consensus to the brash heady glitz and individualism of the new consumer age *Television and Consumer Culture* explores television s institutional technological and programming developments during this period revealing how genres as different as action adventure series serious dramas situation comedies and quiz and game shows simultaneously promoted both consumer culture and class conflict Drawing on historical analysis and sociological theory and looking at issues such as celebrity scheduling intimacy and sociability Turnock argues that television during this era established and promoted itself as a culturally powerful force a fact that has implications for the way that media power is understood to operate today **Federal Communications Commission Reports** United States. Federal Communications Commission,1970 *Remake Television* Carlen Lavigne,2014-02-27 Remakes are pervasive in today s popular culture whether they take the form of reboots re imaginings or overly familiar sequels Television remakes have proven popular with producers and networks interested in building on the nostalgic capital of past successes or giving a second chance to underused properties Some TV remakes have been critical and commercial hits and others haven t made it past the pilot stage all have provided valuable material ripe for academic analysis In *Remake Television Reboot Re use Recycle* edited by Carlen Lavigne contributors from a variety of backgrounds offer multicultural multidisciplinary perspectives on remake themes in popular television series from classic cult favorites such as *The Avengers* 1961 69 and *The X Files* 1993 2002 to current hits like *Doctor Who* 2005 present and *The Walking Dead* 2010 present Chapters examine what constitutes a remake and what series changes might tell us about changing historical and cultural contexts or about the medium of television itself **Prescription TV** Joy V. Fuqua,2012-06-19 Tracing the history of television as a therapeutic device Joy V Fuqua describes how TVs came to make hospitals seem more like home and later medicalized the modern home She

examines the introduction of television into the private hospital room in the late 1940s and 1950s and then moves forward several decades to consider the direct to consumer prescription drug commercials legalized in 1997 Fuqua explains how as hospital administrators and designers sought ways of making the hospital a more inviting personalized space TV sets came to figure in the architecture and layout of health care facilities Television manufacturers seized on the idea of therapeutic TV specifying in their promotional materials how TVs should be used in the hospital and positioned in relation to the viewer With the debut of direct to consumer prescription drug advertising in the late 1990s television assumed a much larger role in the medical marketplace Taking a case study approach Fuqua uses her analysis of an ad campaign promoting Pfizer's Viagra to illustrate how television and later the Internet turned the modern home into a clearinghouse for medical information redefined and redistributed medical expertise and authority and in the process created the contemporary consumer patient

**American Science Fiction Film and Television** Lincoln Geraghty, 2009-12-15 American Science Fiction Film and Television presents a critical history of late 20th Century SF together with an analysis of the cultural and thematic concerns of this popular genre Science fiction film and television were initially inspired by the classic literature of H G Wells and Jules Verne The potential and fears born with the Atomic age fuelled the popularity of the genre upping the stakes for both technology and apocalypse From the Cold War through to America's current War on Terror science fiction has proved a subtle vehicle for the hopes fears and preoccupations of a nation at war The definitive introduction to American science fiction this book is also the first study to analyze SF across both film and TV Throughout the discussion is illustrated with critical case studies of key films and television series including The Day the Earth Stood Still Planet of the Apes Star Trek The Next Generation The X Files and Battlestar Galactica

BOOK JACKET

Historical Dictionary of the Nixon-Ford Era Mitchell K. Hall, 2008-02-22 The presidential administrations of Richard Nixon and Gerald Ford encompassed some of the most turbulent and significant years of the 20th century Nixon was elected near the end of a decade characterized by struggles for civil rights years of war in Vietnam and widespread cultural rebellion Although he promised during his campaign to bring the country together Nixon's administration was more confrontational than compromising and ultimately deepened national divisions Gerald Ford worked to restore integrity to the White House but never fully established a program separate from his predecessor His pardon of

Nixon and the 1975 fall of South Vietnam kept him linked to the past rather than establishing the beginning of a new era. The Nixon Ford Era witnessed one of the most controversial presidential eras yet despite all of the turmoil progress was made. The Vietnam War eventually wound down, the Cold War went through a phase of détente, relations were established with China, civil rights progressed, the situation of African Americans and Native Americans improved, and Women's Liberation altered the status of half of the population. The Historical Dictionary of the Nixon Ford Era relates these events and provides extensive political, economic, and social background on this era through a detailed chronology, an introduction, appendixes, a bibliography, and several hundred cross-referenced dictionary entries on important persons, events, institutions, policies, and issues.
