Television Manna From Hollywood:

Television Quentin James Schultze, 1986 Religion vs. Television Jay Newman, 1996-08-20 The subject of competition between religion and television has if only indirectly received considerable attention particularly from religionists disturbed by the threat posed by television programming to traditional religious beliefs values and attitudes This detailed study considers the competing cultural forces of television and religion from a wider and more theoretical perspective Newman examines the major forms of competition and the various motives and strategies of the people and groups involved His philosophical approach allows us to see that the most important aspect of competition between television and religion is their rivalry as cultural forces In this rivalry religion continues to have a profound influence on the shaping of television just as it has always had on all newly developing forms of culture

Theology of TV Christian Mogler, 2010-12-21 Pre University Paper from the year 2010 in the subject Theology Biblical Theology grade A Prairie Bible Institute language English abstract After analyzing and evaluating TV I have to say that unselective watching of TV is contrary to the goal of becoming more like Christ demonstrated in our love for God and others discipleship and contributes to the trend of declining relationships in family neighbourhood and church community In this paper I first want to highlight the core of discipleship within community second I want to analyze and evaluate TV third show the effects it has on us and finally conclude and suggest a Christian response to TV *Watching Father Brown* Sandra K. Sagala, 2023-07-31 This book examines adaptations of G K Chesterton s Father Brown stories in film radio and television Part One covers adaptations prior to 2013 including portrayals by Alec Guinness Kenneth More and others as well as German and Italian versions Part Two focuses on the BBC series Father Brown launched in 2013 with Mark Williams starring in the title role It provides information about the series creation and production along with a helpful episode guide and it analyzes critical and audience responses to the show

Cease Fire, the War Is Over! Eric Bumpus, 2005-11 The culture war is over and Christians are on the losing side Cease Fire the War Is Over is not another battle plan to fight culture but a reconstruction plan that will allow readers to deploy on a peacekeeping mission with the film industry **Televangelism and American Culture** Quentin J. Schultze, 2003-09-15 Not just another trashing of televangelism Schultze s sensitive critique of present patterns of religious programming is meant to promote a more responsible Christian use of the television medium His book deserves to be read by all who care deeply about the obedient proclamation of the gospel in contemporary culture Richard Mouw The problems Schultze addresses are more profound than sexual or financial scandals They are rather problems of idolatry substituting a charismatic image on the screen of God heresy defining the faith by what it will do for me and ecclesiastical suicide transforming churches into audiences Amazingly after such an indictment Schultze holds out hope for the Christian use of television Mark Noll The most intelligent report on televangelism that I have read and I suspect the best ever Clearly the work of a smart student a discerning watcher and fair critic of the media but best of all a careful Christian mind Lewis Smedes Schultze s concluding

chapter should be required reading for every Christian. It provides solid biblical guidelines for calling religious broadcasters to accountability, challenges individual Christians as well as the Christian media to be more critical and selective in their support of religious broadcasters, and calls Christian educators to address the implications of living in the television age.

Steve Rabey, *Christianity Today*, A disturbing book useful both for the author's cultural and Christian critique and for his citation of a wide range of evidence.

Lloyd Averill, *The Christian Century*, [Christianity and the Mass Media in America](#)

Quentin J. Schultze, 2005-11-09. The mass media and religious groups in America regularly argue about news bias, sex and violence on television, movie censorship, advertiser boycotts, broadcast and film content rating systems, government regulation of the media, the role of mass evangelism in a democracy, and many other issues. In the United States, the major disputes between religion and the media usually have involved Christian churches or parachurch ministries on the one hand and the so-called secular media on the other. Often the Christian Right locks horns with supposedly liberal Eastern media elite and Hollywood entertainment companies. When a major Protestant denomination calls for an economic boycott of Disney, the resulting news reports suggest business as usual in the tensions between faith groups and media empires. Schultze demonstrates how religion and the media in America have borrowed each other's rhetoric. In the process, they have also helped to keep each other honest, pointing out respective foibles and pretensions. Christian media have offered the public as well as religious tribes some of the best media criticism better than most of the media criticism produced by mainstream media themselves. Meanwhile, mainstream media have rightly taken particular churches to task for misdeeds as well as offered some surprisingly good depictions of religious life. The tension between Christian groups and the media in America ultimately is a good thing that can serve the interest of democratic life. As Alexis de Tocqueville discovered in the 1830s, American Christianity can foster the habits of the heart that ward off the antisocial acids of radical individualism. And as John Dewey argued a century later, the media offer some of our best hopes for maintaining a public life in the face of the religious tribalism that can erode democracy from within. Mainstream media and Christianity will always be at odds in a democracy. That is exactly the way it should be for the good of each one.

[The Word is Worth a Thousand Pictures](#) Gregory Edward Reynolds, 2001-04-20

All God's Children and Blue Suede Shoes (With a New Introduction / Redesign) Ken Myers, 2012-02-29. Every generation faces unique challenges. The first-century Church had Caesar's lions and the Colosseum. And while it might seem like an unlikely comparison, the challenge of living with popular culture may well be as serious as persecution was for the saints of old. Today we witness the tremendous power of pop culture to set the pace and priorities of our lives. We simply cannot afford to be indifferent about culture's influence, nor can we escape it, glibly condemn it, or Christianize it. Cultural expert Ken Myers helps us to engage pop culture from a historical and experiential perspective so that we can live in it with wisdom and discernment.

Cyber Worship in Multifaith Perspectives Mohamed Taher, 2006. *Cyber Worship in Multifaith Perspectives* as is implied by its name, explores worship, i.e., Prayer, Praise, Scripture, Sacrament, Rituals.

Confessions Eucharist Rites Pilgrimages Reflection Contemplation etc on the Internet It is not an everything you need to know guide about the subjects of faith and belief religions online religions on the Net or religions in cyberspace Rather it is a book about religious and spiritual experience under the rubric cyber worship which is the variety of ways religious devotion is performed and carried out on the Internet The term Cyber Worship is a catchall phrase which includes variants such as online worship virtual worship electronic prayer cyber puja cyber synagogue and so on Dr Mohamed Taher has thus assembled a quick reference for two groups those communities that are involved in Cyber Worship and business Webs that collaborate in sustaining wired environments As such this book provides an interesting and current perspective on a practice that will continue to grow in the future Faith, Spirituality, and Praxis Peter White, 2024-12-30 African grassroots theologies and churches are expressions of the faith spirituality and praxis of African Christians who seek to articulate and live out their Christian identity and mission in their diverse and complex contexts These include African Initiated Churches black theology movements liberation theology movements and other forms of contextual and indigenous theologies and ecclesiologies that emerge from the experiences In exploring the dynamics in African Christianity and theologies the volume addresses the following questions How do African grassroots theologies and churches reflect and respond to the challenges and opportunities of their socio political economic cultural and religious contexts How do African grassroots theologies and churches engage with the historical and contemporary expressions of Christianity in Africa and beyond such as colonial and missionary Christianity ecumenical Christianity global Christianity and interreligious dialogue How do African grassroots theologies and churches develop and communicate their theological and ethical perspectives and practices on issues such as justice liberation reconciliation healing development ecology gender sexuality culture and spirituality How do African grassroots theologies and churches shape and challenge the forms and functions of the church in Africa such as worship leadership ministry mission evangelism discipleship fellowship and social action This volume is important for those studying African studies religious studies African theologies and African Christianity This is also an important book for those professionals working in interfaith dialogues missionary work and community development within African contexts

Renewing Minds David S. Dockery, 2008-04-15 Renewing Minds encourages readers to better serve God the church and society by taking part in or supporting Christian higher education **Media and Democracy** Everette Eugene Dennis, Robert W. Snyder, While there is nearly universal agreement that the media play a vital and defining role in democracy everywhere it exists ironically they are often unpopular However the media in a democratic system must be credible and reliable lest they lose their influence and authority It is usually acknowledged that democracy almost never flourishes without an effective independent media The contributors to Media and Democracy discuss these issues with the clear recognition that generalizing about the media is often perilous In the opening section of this volume Definitive Questions chapters by Leo Bogart and Denis McQuail explore the contemporary relationship between media and democracy

and its implications for the future The next section Media and the Dynamics of Democracy Around the World opens with contributions from Vaclav Havel and Boutros Boutros Ghali former secretary general of the United Nations They are joined by authors who examine the relationship between media and democracy in specific locations around the world The third part Journalism as a Democratic Discipline explores the demands that democracy makes on journalists in chapters by Robert MacNeil Brian Mulroney and Margaret T Gordon In the final section Democracy and New Media Lawrence K Grossman Sara B Ivry and Andrew C Gordon consider the implications for democracy of new media technologies Christopher Dornan concludes the book with a review essay examining recent books on media and democracy Ideally democracy and media coexist and support each other through a process of negotiation hopefully aimed at developing a consensus about the public interest Media and Democracy is an intriguing examination of these two important ingredients to American society It will be of value to political scientists communications scholars media specialists and sociologists Discipleship of the Mind James W. Sire, 1990-04-04 Discussing worldview thinking the foundations of knowledge and the relationship between knowing and doing James W Sire shows Christians how to honor God with their minds **Redeeming Television** Quentin James Schultze, 1992 Quentin J Schultze offers an indispensable course in televisual literacy counseling us to become active watchers instead of passive viewers Winner of a 1993 Christianity Today Critics Choice Award 2nd place contemporary issues 180 pages paper **The Gay Male Sleuth in Print and Film** Drew Wayne Gunn, 2013 This new edition of The Gay Male Sleuth in Print and Film provides an overview of milestones in the development of gay detectives over the last several decades Also included in this volume is an annotated list of novels short stories plays graphic novels comic strips film

Communication and Change in American Religious History Leonard I. Sweet, 1993 Well known historians explore a fascinating array of topics concerning religious and social change in America from colonial times to the present looking especially at how the emergence of new communications forms contributed to those changes Contributors include Martin E Marty Glenn T Miller Mark A Noll David G Buttrick and others Television at the Movies Jon Nelson Wagner, Tracy Biga MacLean, 2008-05-19 The overview of television criticism which this book provides comes appropriately at a moment of change Television is becoming dramatically different as a result of new and developing technologies such as cable HDTV satellite transmission and broadband distributions By concentrating on the still dominant notion of television what the authors call Classical Network Television they argue that it is as important to understand this model as it is to understand Classical Hollywood Cinema The co authors have a unique approach to the study of television viewing its history and reception not only through important articles about the medium but also through analyzing how Hollywood auteur cinema has commented on television over the decades in films such as Tootsie Network The Last Picture Show A Face in the Crowd Rollerball The King of Comedy and others Not only does this reflect the pervasive use of cinema theory to discuss television it also helps to emphasize the importance of clarifying the distinctions between the criticisms of the two media Television at the

Movies argues that the study of television is a crucial aspect of understanding our recent and contemporary culture and it provides an illuminating point of entry for students and researchers in the field *Channels of Belief* John P. Ferré, 1990
