Television Politics The Transition:

New Television, Old Politics Hernan Galperin, 2004 This book examines the economic political and technological forces that are shaping the future of broadcasting in advanced industrialized nations by comparing the transition from analog to digital TV in the US and Britain Digital TV involves a major reordering of the broadcast sector that requires governments to rethink governance tools for the digital media era By looking at how the transition is unfolding in these nations the book uncovers the political underpinnings of the emerging governance regime for digital communications and explores the implications of the transition for the development of the Information Society in the US and Europe The findings challenge much conventional wisdom about media deregulation and the globalization of communications The transition to digital TV has not weakened but rather reinforced government control over broadcasting Moreover contrary to what many globalization theories would predict it has reinforced preexisting differences in the organization of media across nations Television and Politics in Evolving European Democracies Lynda Lee Kaid, 1999 Throughout the world television has become an important part of the way in which political candidates and parties present their messages to voters during election campaigns This is particularly true in campaigns at the national level where voters have little personal contact with candidates and must rely on experiencing candidates through the media Despite the importance of the media for voter government interaction however many new reform governments in the post communist era in Eastern European countries failed to appreciate the demands of creating workable new media systems **Television, Democracy, and the Mediatization of Chilean Politics** Harry L. Simón Salazar, 2017-12-26 After seventeen years as dictator of Chile in 1990 Augusto Pinochet ceremoniously handed the presidential sash to the leader of his legal opposition to formalize the peaceful transition to civilian rule in that country Among the many idiosyncrasies of this extraordinary transfer of political power the most memorable is the month long nationally televised campaign of uncensored political advertising known as the Franja de Propaganda Electoral the Official Space for Electoral Propaganda Produced by Pinochet's supporters and the legal opposition the 1988 Franja campaign set out to encourage voters to participate in a plebiscite that would define the democratic future of Chile Harry L. Simón Salazar presents a valuable historical account new empirical research and a unique theoretical analysis of the televised Franja campaign to examine how it helped the Chilean people reconcile the irreconcilable and stabilize a contradictory relationship between what was politically implausible and what was represented as true and viable in a space of mediated political culture This contribution to the field of political communication research will be useful for scholars students and a general public interested in Latin American history and democracy as well as researchers of media communication theory and cultural studies Television Democracy and the Mediatization of Chilean Politics also helps inform a more critical understanding of contemporary hyper mediated political movements such as the Arab Spring Occupy Wall Street Black Lives Matter and the particularly germane phenomenon of Trumpism **De-Westernizing Media Studies**

James Curran, Myung-Jin Park, 2005-07-05 *De Westernizing Media Studies* brings together leading media critics from around the world to address central questions in the study of the media How do the media connect to power in society Who and what influence the media How is globalization changing both society and the media Transitions to Democracy Lisa Anderson, 1999 Are the factors that initiate democratization the same as those that maintain a democracy already established The scholarly and policy debates over this question have never been more urgent In 1970 Dankwart A Rustow's clairvoyant article *Transitions to Democracy Toward a Dynamic Model* questioned the conflation of the primary causes and sustaining conditions of democracy and democratization Now this collection of essays by distinguished scholars responds to and extends Rustow's classic work *Transitions to Democracy* which originated as a special issue of the journal *Comparative Politics* and contains three new articles written especially for this volume represents much of the current state of the large and growing literature on democratization in American political science The essays simultaneously illustrate the remarkable reach of Rustow's prescient article across the decades and reveal what the intervening years have taught us In light of the enormous opportunities of the post Cold War world for the promotion of democratic government in parts of the world once thought hopelessly lost of authoritarian and totalitarian regimes this timely collection constitutes an important contribution to the debates and efforts to promote the more open responsive and accountable government we associate with democracy

Culture, Politics and Television in Hong Kong Eric Kit-wai Ma, 2005-07-28 Ma looks at the ways in which the identity of Hong Kong citizens has changed in the 1990s especially since the handover to China in 1997 This is the first analysis which focuses on the role in this process of popular media in general and television in particular The author specifically analyses the relationship between television ideologies and cultural identities and explores the role of television in the process of identity formation and maintenance Mass Media and Political Communication in New Democracies Katrin Voltmer, 2006 This book examines how political communication and the mass media have played a central role in the consolidation of emerging democracies around the world Covering a broad range of political and cultural contexts including Eastern and Southern Europe Latin America Asia and Africa this new volume investigates the problems and conflicts arising in the process of establishing an independent media and competitive politics in post autocratic societies Considering the changing dynamic in the relationship between political actors the media and their audience the authors of this volume address the following issues changing journalistic role perceptions and journalistic quality the reasons and consequences of persisting instrumentalization of the media by political actors the role of the media in election campaigns the way in which the citizens interpret political messages and the extent to which the media influence political attitudes and electoral behaviour the role of the Internet in building a democratic public sphere This book will be of great interest to all those studying and researching democracy and democratization comparative politics political communication journalism media and the Internet *Film and Everyday Resistance* Marguerite La Caze, 2024-09-15 A philosophical exploration of how modern

global cinema represents everyday means of resisting authoritarianism and totalitarianism V clav Havel s concept of living within the truth in an authoritarian regime frames Marguerite La Caze s readings of international cinema highlighting forms of resistance in which seemingly pre or nonpolitical aspects of life such as professional labor exile and truth telling can be recognized as political when seen against a backdrop of general acquiescence La Caze s case studies cross genres historical eras and national contexts the apartheid regime in South Africa in *A Dry White Season* post Suharto Indonesia in *The Look of Silence* 1980s East Germany in *Barbara* the Chilean military dictatorship in *No* contemporary Iran in *A Separation* and current day Saudi Arabia in *Wadjda* This book explores the films use of image sound narrative and character in dialogue with the work of Simone de Beauvoir Aim Cesaire Hannah Arendt Sara Ahmed and W E B Du Bois to reveal how cinema depicts ordinary people enacting their own philosophies of defiance

Media Power and Democratization in Brazil

Mauro Porto,2012-09-10 In this book Porto analyzes the role of TV Globo in the democratization of Brazil TV Globo one of the world s largest media conglomerates has a dominant position in Brazil s communications landscape It also exports telenovelas to more than 130 countries and has established joint ventures with transnational media conglomerates Beginning in the mid 1990s TV Globo began a process of opening replacing its authoritarian model of journalism with a more independent reporting style Representations of Brazil in prime time telenovelas have also shifted Given this shift Porto considers some of the following questions What explains these changes in Brazil s most powerful media company How are they related to processes of political and social democratization How did TV Globo s opening affect Brazil s emerging democracy especially in terms of the quality of political accountability mechanisms Porto uses the Brazilian case of TV Globo to analyze the larger links between democratization civil society mobilization and media change in transitional societies

Building the Fourth Estate

Chappell Lawson,2002-08-05 Building the Fourth Estate reveals the crucial part played by the Mexican media in the country s remarkable recent political transformation Based on an in depth examination of Mexico s print and broadcast media over the last twenty five years Chappell Lawson traces the role of the media in that country s move toward democracy demonstrating the reciprocal relationship between changes in the press and changes in the political system In addition to illuminating the nature of political change in Mexico Lawson s findings have broad implications for understanding the role of the mass media in democratization around the world from back cover

Power Shift? Political Leadership and Social Media

David Taras,Richard Davis,2019-12-09 Power Shift Political Leadership and Social Media examines how political leaders have adapted to the challenges of social media including Facebook Instagram Twitter and memes among other means of persuasion Established political leaders now use social media to grab headlines respond to opponents fundraise contact

voters directly and organize their election campaigns Leaders of protest movements have used social media to organize and galvanize grassroots support and to popularize new narratives narratives that challenge and sometimes overturn conventional thinking Yet each social media platform provides different affordances and different attributes and each is used differently by political leaders In this book leading international experts provide an unprecedented look at the role of social media in leadership today Through a series of case studies dealing with topics ranging from Emmanuel Macron and Donald Trump s use of Twitter to Justin Trudeau s use of selfies and Instagram to how feminist leaders mobilize against stereotypes and injustices the authors argue that many leaders have found additional avenues to communicate with the public and use power This raises the question of whether this is causing a power shift in the relationship between leaders and followers Together the chapters in this book suggest new rules of engagement that leaders ignore at their peril The lack of systematic theoretically informed and empirically supported analyses makes *Power Shift Political Leadership and Social Media* an indispensable read for students and scholars wishing to gain new understanding on what social media means for leadership

The SAGE Handbook of Political Advertising Lynda Lee Kaid,Christina Holtz-Bacha,2006-06-14 The SAGE Handbook of Political Advertising provides a comprehensive view of the role political advertising plays in democracies around the world Editors Lynda Lee Kaid and Christina Holtz Bacha along with an international group of contributors examine the differences as well as the similarities of political advertising in established and evolving democratic governments Key Features Offers an international perspective This Handbook examines the political television advertising process that has evolved in democracies around the world including countries in Asia Europe Australia Africa Latin America and North America In addition a comparative overview addresses the effects of political advertising on the voters and the systems of which it is a part Provides comprehensive coverage For each country presented an analysis is given of its political advertising history its cultural implications the political and regulatory systems related to political advertising the effects of media system structures and the effects of new technologies Includes examples from recent elections The role specific candidate or party controlled television plays in a specific region s electoral process is examined Original research on recent elections confirms the expanding significance of this form of political communication This is an excellent resource for media professionals and practicing journalists as well as a welcome addition to any academic library It can also be used as a textbook for advanced undergraduate and graduate courses on Political Advertising in the fields of Political Science Communication Broadcasting Journalism and International Relations

Freedom Craig L. LaMay, 2007-01-01 International media assistance is a small but important form of international democracy promotion aid Media assistance boomed after the 1989 transitions in Central Europe but now flows to virtually all regions of the world Today the media assistance industry is focused on the problem of sustainability How are free and independent public affairs media supposed to maintain their editorial mission while facing hostile political systems or the demands of the consumer marketplace Many media in developing countries have been or are grant dependent When grants are exhausted or withdrawn media that were funded to further democratic consolidation typically wither and die Some become mere grant chasers Others abandon public service to the demands of market competition or political patronage As a result governmental and non governmental grant makers now emphasize the need for sustainability in considering grants in the media sector Many grant recipients have grown frustrated sometimes bitter and have sought to take a much more active role in the way assistance programs are put together Just how is sustainability to be achieved while also ensuring a public service editorial mission *Exporting Press Freedom* examines the history and practice of media assistance and argues that the dilemma of media independence and sustainability is best understood as an economic problem rather than one of poor editorial standards or lack of will It includes profiles of news and public affairs media in developing and democratizing countries and also of two non governmental organizations that have pioneered the use of low interest loans in media assistance These profiles exemplify strategic and entrepreneurial approaches to developing and supporting public service media Such approaches may be of use not only in the developing world but in the consolidated Western democracies as well where concern has grown about poor journalistic performance and its consequences for democratic governance Craig L. Political Islam and Democracy Mohammed-Ali Abunajela, Nael Jebri, 2020-05-14 For over a decade Al Jazeera Arabic occupied an unprecedented position among Arab audiences and families Its attractive and daring news coverage has inspired millions of Arabs and led other news channels to follow suit by changing their reporting narrative and presentational style However in the aftermath of the Arab uprisings in 2011 the close adoption of the Arab uprisings in general and the Egyptian one in particular made the channel fall into the eye of the public storm through its extensive 24 hour coverage This book assesses whether the channel systematically provided a platform for certain ideologies or ignored others and if and how Al Jazeera's language had shifted after the 2011 Arab uprisings It also explores the rationale behind adopting particular editorial principles featured in the analyses and scrutinises the findings within the framework of media religion and
