100 Most Popular African American Authors Bernard A. Drew, 2006-11-30 Here's a one-stop resource containing 100 profiles of your favorite contemporary African American writers along with complete lists of their works. Focusing on writers who have made their mark in the past 25 years, this guide stresses African American writers of popular and genre literature from Rochelle Alers and Octavia Butler and Samuel Delaney to Walter Mosley and Omar Tyree, with a few classic literary giants also included. Short profiles provide an overview of the author's life and summarize his or her writing accomplishments. Many are accompanied by black and white photos of the author. The biographies are followed by a complete list of the author's published works. Where can you find information about popular contemporary African American authors? Web sites can be difficult to locate and unreliable, particularly for some of the newer authors, and their contents are inconsistent and often inaccurate. Although there are a number of reference works on African American writers, the emphasis tends to be on historical and literary authors. Here's a single volume containing 100 profiles of your favorite contemporary African American writers along with lists of their works. The Companion to Southern Literature Joseph M. Flora, Lucinda Hardwick MacKethan, 2001-11-01 Selected as an Outstanding Academic Title by Choice. Selected as an Outstanding Reference Source by the Reference and User Services Association of the American Library Association. There are many anthologies of southern literature, but this is the first companion. Neither a survey of masterpieces nor a biographical sourcebook, *The Companion to Southern Literature* treats every conceivable topic found in southern writing from the pre-Columbian era to the present, referencing specific works of all periods and genres. Top scholars in their fields offer original definitions and examples of the concepts they know best, identifying the themes, burning issues, historical personalities, beloved icons, and common or uncommon stereotypes that have shaped the most significant regional literature in memory. Read the copious offerings straight through in alphabetical order: Ancestor Worship, Blue Collar Literature, Caves, or skip randomly at whim: Guilt, The Grotesque, William Jefferson Clinton. that major post World War II southern writers have portrayed intellectuals from Flannery O'Connor's ironic view of interlocking to Gail Godwin's southerners striving to feel at home in the academic world. Although Walker Percy like his fellow Catholic writer O'Connor explicitly rejected the intellectual label for himself, he nonetheless introduced the modern novel of ideas to southern letters. Powell shows by placing sympathetic non-caricatured intellectuals at the center of his influential works. North Carolinians Doris Betts and her student Tim McLaurin made their living teaching literature and creative writing in academia, and Betts's fiction often includes dislocated academics while McLaurin's superb memoirs often funny frequently point up the limitations of the mind as opposed to the heart and the spirit. Examining works by Ernest Gaines, Alice Walker, and Randall Kenan, Powell traces the evolution of the black American literacy narrative from a stress on the post-Emancipation conviction which saw formal education as an essential means of resisting oppression to the growing suspicion in the post-civil rights era of literacy acts that may estrange educated blacks from the larger black community. Powell concludes with Godwin who embraces university life in her fiction as she explores what it means to be a southern female intellectual in the modern world, a world in which all those markers inscribe isolation.

Nineteenth-Century Southern Literature J. V. Ridgely, 2021-12-14 Few inhabitants of the South in 1800 thought of it as a region or of themselves as southerners. In time the need to defend the entire southern way of life became obsessive for many writers, too often precluding efforts at originality in form or style. Especially after the publication of *Uncle Tom's Cabin*, southern identity and southern nationalism emerged as the grand themes, and literature became subservient to regional interests. The devastation of the Civil War and the collapse of the Confederacy instead of pointing southern writers in new directions only intensified their preoccupation with a now dead past. The popular genres of the time, historical romance and local color writing, became tools to voice this preoccupation and have been important influences on America's view of the South and on American literature in general. The myth of the idyllic plantation South has had an extraordinary pervasiveness in the American consciousness. J. V. Ridgely speculates on the ways in which this tarnished but durable myth helped to produce the powerful Southern Renaissance of the twentieth century in this concise survey of the literature of America's most distinctive region during a crucial formative period.

Domestic Novelists in the Old South: Defenders of Southern Culture Elizabeth Moss, 1992 [Rethinking the South](#) Michael O'Brien, 1993 Bringing together Michael O'Brien's pathbreaking essays on the American South, this book examines the persistence and vitality of southern intellectual history from the early nineteenth century to the present day. At once a broad survey of southern thought and a meditation on the subject as an academic discipline, *Rethinking the South* deftly integrates social history, literary criticism, and historiography as it positions the South within the wider traditions of European and American culture. In his thoughtful introduction and throughout the ten essays that follow, O'Brien stresses the tradition of Romanticism as a central theme binding together figures as disparate as critic Hugh Legare, literary scholar
