Telling Incest Janice L. Doane, Devon L. Doane, Devon L. Spear, 2011-03-10 From the ages of nine to fourteen Lucie Spear was sexually abused by her own father Lucie shares her journey of recovery clearly explaining the loss of self and family that results from an abuser breaking the most basic of trust between parent and child She also manages to sympathetically convey the complex inter family dynamics that emerge once incest is revealed A New Legacy for Incest Survivors was written to be a moving and ultimately triumphant look into what it takes to survive incest and go on to build a life full of rich loving relationships while ensuring that Lucie s own daughter and grand daughters would live free from incest s shadow *Psychotherapy and the Grieving Patient* E. Mark Stern, 1985 Leading therapists illustrate how they help clients cope with the many facets of the grieving process in this compassionate book They clarify many aspects of how we can all suffer grief and how grief is a compendium of rage guilt self accusation and other negative emotions The experts explore the

grieving process as it relates to persons suffering from a great loss as well as to dying patients children of alcoholics adult incest survivors Vietnam veterans and elders dealing with retirement and chronic physical disabilities Intersectional Trauma in American Women Writers' Incest Novels from the 1990s Marinella Rodi-Risberg, 2022-03-24 This book explores the intersections of sexualized gendered and racialized traumas in five US novels about father daughter incest from the 1990s It examines how incest can be connected to wider past and present structural oppression and institutional abuse and what fiction looks like that testifies against and references a historical background of slavery poverty settler colonialism annexation and immigration Investigating the means of resistance used against attempts at silencing and denial in these texts the book also shows how contemporary women s novels can propose social change Overall this study uniquely argues that the individual trauma of incest in these texts must be understood in relation to histories of and present collective wounding against marginalized communities By sitting at the intersections between trauma theory and US third world feminism it allows for theory to meet literary activism *Interrogating Incest* Vikki Bell, 2002-09-11 Winner of British Sociological Association Philip Abrams Memorial Prize 1993 Examines the taboo of incest from historical and sociological perspectives Raises important questions on the criminalization of incest **Telling the Truth to Your Adopted or Foster Child** Betsy Keefer Smalley, Jayne E. Schooler, 2015-09-15 Many adopted or foster children have complex troubling often painful pasts This book provides parents and professionals with sound advice on how to communicate effectively about difficult and sensitive topics providing concrete strategies for helping adopted and foster children make sense of the past so they can enjoy a healthy well adjusted future Approximately one of every four adopted children will have adjustment challenges related to their separation from the birth family earlier trauma attachment difficulties and or issues stemming from the adoption process Common complicating issues of adopted children are feelings of rejection abandonment or confusion about their origins While many foster and adoptive parents and even many professionals are reluctant to communicate openly about birth histories silence only adds to the child s confusion and pain This revised and significantly expanded edition of the award winning *Telling the Truth to Your Adopted or Foster Child* equips parents with the knowledge and tools they need to communicate with their adopted or foster child about their past Revisions include coverage of significant new research and information regarding the importance of understanding the child s trauma history to his or her well being and successful adjustment in his foster or adoptive family The authors answer such questions as How do I share difficult information about my child s adoption in a sensitive manner When is the right time to tell my child the whole truth How do I obtain more information on my child s history Detailed descriptions of actual cases help the parent or caregiver find ways to discover the truth particularly in closed and international adoption cases organize the information and explain the details of the past gently to a toddler child or young adult who may find it frightening or confusing Realism's Others Eva Aldea, Geoffrey Baker, 2010-07-12 For at least a century scholarship on realist narrative and occasional polemics against

realist narrative have assumed that realism promotes the values of sameness against those of otherness and that it does so by use of a narrative mode that excludes certain epistemologies ideologies and ways of thinking However the truth is more complex than that as the essays in this volume all demonstrate Realism s Others examines the various strategies by which realist narratives create the idea of difference whether that difference is registered in terms of class ethnicity epistemology nationality or gender The authors in this collection examine in detail not just the fact of otherness in some canonical realist and canonical magical realist and postmodern novels but the actual means by which that otherness is established by the text These essays suggest that neither realist narrative nor narratives positioned as anti realist take otherness for granted rather the texts discussed here actively create difference and this creation of difference often occasions severe difficulties for the novels representational schema How does one represent different types of knowledge other aesthetic modes or other spaces for example in texts whose epistemology has long been seen as secular and empirical whose aesthetic mode has always been approached as pure descriptive mimesis and whose settings are largely domestic These essays all begin with a certain collision of nationalities of classes of representational matrices of religions and go on to chart the challenges that this collision presents to our ideas or stereotypes of realism or to the possibilities of writing against and beyond realism This question motivates examination of key realist or social realist texts in some of these essays by Honor de Balzac George Eliot Franz Grillparzer Theodor Storm Gottfried Keller Theodor Fontane Wilhelm Raabe Mar a Amparo Ruiz de Burton Henry James William Dean Howells Charles Chesnutt Theodore Dreiser H T Tsiang Alan Sillitoe and Richard Yates However it is no less central a question in certain non realist texts which engage realist aims to a surprising degree often to debate them openly some of these essays discuss in this light fantastic magical realist and postmodern works by Abram Tertz Paul Auster Alejo Carpentier Toni Morrison Gabriel Garc a M rquez Salman Rushdie and A S Byatt Realism becomes more than an aesthetic aim or narrative mode It becomes rather a value evoked and discussed by all of the works analyzed here in order to reveal its impact on fiction s treatment of ethnicity nationality ideology space gender and social class

Oedipus in the Trobriands Melford E. Spiro, 2017-07-12 Spiro challenges the argument of Bronislaw Malinowski that the matrilineal society of the Trobriand Islands produced a psychological constellation a matrilineal complex different from Freud s Oedipus complex and the generalization regarding the restrictive provenance of the Oedipus complex to which it gave rise Spiro undertakes a reanalysis of Malinowski s data and shows that there is enough to suggest the presence of a strong Oedipus complex Melford E Spiro is professor emeritus of anthropology at the University of California San Diego where he founded the Anthropology Department in 1968 His other works include *Gender and Culture* *Oedipus in the Trobriands* and *Culture and Human Nature*

Beowulf's Popular Afterlife in Literature, Comic Books, and Film Kathleen Forni, 2018-08-06 Beowulf s presence on the popular cultural radar has increased in the past two decades coincident with cultural crisis and change Why By way of a fusion of cultural studies adaptation theory and monster theory *Beowulf s Popular Afterlife* examines a wide

range of Anglo American retellings and appropriations found in literary texts comic books and film The most remarkable feature of popular adaptations of the poem is that its monsters frequently victims of organized militarism male aggression or social injustice are provided with strong motives for their retaliatory brutality Popular adaptations invert the heroic ideology of the poem and monsters are not only created by powerful men but are projections of their own pathological behavior At the same time there is no question that the monsters created by human malfeasance must be eradicated

Incest in contemporary literature Miles Leeson,2018-08-06 This is the first edited collection of essays which focuses on the incest taboo and its literary and cultural presentation from the 1950s to the present day It considers a number of key authors and artists rather than a single author from this period The collection exposes the wide use of incest and sexual trauma and the frequency this appears within contemporary literature and related arts Incest in contemporary literature discusses the impact of this change in attitudes on literature and literary adaptations in the latter half of the twentieth century and early years of the twenty first century Although primarily concerned with fiction the collection includes work on television and film Authors discussed include Iain Banks A S Byatt Angela Carter Simone de Beauvoir Ted Hughes Doris Lessing Ian McEwan Iris Murdoch Vladimir Nabokov Andrea Newman and Pier Pasolini and Sylvia Plath

Feminism, Literature and Rape Narratives Sorcha Gunne,Zoe Brigley Thompson,2012-08-06 The essays in this volume discuss narrative strategies employed by international writers when dealing with rape and sexual violence whether in fiction poetry memoir or drama In developing these new feminist readings of rape narratives the contributors aim to incorporate arguments about trauma and resistance in order to establish new dimensions of healing This book makes a vital contribution to the fields of literary studies and feminism since while other volumes have focused on retroactive portrayals of rape in literature to date none has focused entirely on the subversive work that is being done to retheorize sexual violence Split into four sections the volume considers sexual violence from a number of different angles Subverting the Story considers how the characters of the victim and rapist might be subverted in narratives of sexual violence In Metaphors for Resistance the essays explore how writers approach the subject of rape obliquely using metaphors to represent their suffering and pain The controversy of not speaking about sexual violence is the focus of The Protest of Silence while The Question of the Visual considers the problems of making sexual violence visible in the poetic image in film and on stage These four sections cover an impressive range of world writing which includes curriculum staples like Toni Morrison Sarah Kane Sandra Cisneros Yvonne Vera and Sharon Olds

Writing the Survivor Robin E. Field,2020-07-15 Writing the Survivor The Rape Novel in Late Twentieth Century American Fiction identifies a new genre of American fiction the rape novel that recenters narratives of sexual violence on the survivors of violence and abuse rather than the perpetrators The rape novel arose during the women s liberation movement as women writers collectively challenged the traditional erasure of female subjectivity and agency found in earlier representations of sexual violence in American fiction The rape novel not only foregrounds survivors and their stories in a textual centering that

affirms their dignity and self worth but also develops new narratological strategies for portraying violent disturbing subject matter In bringing together many key women s texts of the last decades of the 20th century the rape novel demonstrates the centrality of sexual assault to women s fiction of this era The rape novels of the 21st century continue the political activism inherent in the genre educating readers offering community to survivors and encouraging social activism as the stories of male survivors are increasingly told A radical reconsideration of late twentieth century American novels Writing the Survivor underscores the importance of women s activism upon the novel s form and content and reveals the portrayal of rape as rape to be an interethnic imperative

Literature in Psychoanalysis Steven Vine,2017-09-16 This collection of psychoanalytic readings of literary texts and literary readings of psychoanalytic texts has been carefully designed to work as an effective teaching text for introducing students to the complexities of psychoanalytic theory in practice The texts selected are widely studied and map the development of the field from Freud up to the most contemporary work *Virginia Woolf, Jean Rhys, and the Aesthetics of Trauma* P. Moran,2007-01-08 This is a study of modernism sexuality and subjectivity in the work of two leading women modernists Each confronted the aspects of her culture and personal history that resulted in a degraded sense of female sexuality and explored how traumatic childhood sexual experiences informed their relationship to female corporeality and fiction writing

Readings of Trauma, Madness, and the Body S. Anderson,2012-09-14 In Readings of Trauma Madness and the Body Anderson explores how Modernist fiction narratives by Hemingway the Fitzgeralds and H D represent trauma specifically addressing the conflict between speaking about and repressing traumatic memories while also considering how authors understandings of gender influence their depictions

Absent Narratives, Manuscript Textuality, and Literary Structure in Late Medieval England E. Scala,2002-08-16 Absent Narratives is a book about the defining difference between medieval and modern stories In chapters devoted to the major writers of the late medieval period Chaucer Gower the Gawain poet and Malory it presents and then analyzes a set of unique and unnoticed phenomena in medieval narrative namely the persistent appearance of missing stories stories implied alluded to or fragmented by a larger narrative Far from being trivial digressions or passing curiosities these absent narratives prove central to the way these medieval works function and to why they have affected readers in particular ways Traditionally unseen ignored or explained away by critics absent narratives offer a valuable new strategy for reading medieval texts and the historically specific textual culture in which they were written

Pellicer-Ortin,2013-04-09 Featuring contributions from a wide array of international scholars the book explores the variety of representational strategies used to depict female traumatic experiences in texts by or about women and in so doing articulates the complex relation between trauma gender and signification
