Germany, 2011-08-15 In the 1960s and

1970s New Orleans experienced one of the greatest transformations in its history. Its people replaced Jim Crow, fought a War on Poverty, and emerged with glittering skyscrapers, professional football, and a building so large it had to be called the Superdome. New Orleans after the Promises looks back at that era to explore how a few thousand locals tried to bring the Great Society to Dixie. With faith in God and American progress, they believed that they could conquer poverty, confront racism, establish civic order, and expand the economy. At a time when liberalism seemed to be on the wane nationally, black and white citizens in New Orleans cautiously partnered with each other and with the federal government to expand liberalism in the South. As Kent Germany examines how the civil rights, antipoverty, and therapeutic initiatives of the Great Society dovetailed with the struggles of black New Orleanians for full citizenship, he defines an emerging public-private governing apparatus that he calls the Soft State, a delicate arrangement involving constituencies as varied as old-money civic leaders and Black Power proponents who came together to sort out the meanings of such new federal programs as Community Action, Head Start, and Model Cities. While those diverse groups struggled violently on occasion to influence the process of racial inclusion and the direction of economic growth, they dramatically transformed public life in one of America's oldest cities. While many wonder now what kind of city will emerge after Katrina, New Orleans after the Promises offers a detailed portrait of the complex city that developed after its last epic reconstruction.

Delivered from Evil Ron Franscell, 2011-01-01. A 12-year-old boy cowers in his closet while a lunatic killer slaughters his family; a nursing student unwittingly opens her home to the serial killer on her front porch; an 11-year-old girl drifts alone at sea on a flimsy cork raft for almost four days after a mass murderer kills her vacationing family aboard a chartered yacht; a brave firefighter suddenly finds himself in the crosshairs of a racist sniper almost nine stories above the ground. And astonishingly, they all survived. From Howard Unruh's 1949 shooting rampage through a quiet New Jersey neighborhood to Louisiana serial killer Derrick Todd Lee's reign of terror in 2002, the corpses piled up, and few lived to tell the horror. Now award-winning journalist Ron Franscell explores the wounded hearts and minds of the ordinary people these monsters couldn't kill. His mesmerizing accounts crackle with gritty details that put the reader in the midst of the carnage and offer a front-row seat on the complex, painful process of surviving the rest of their haunted lives. In intimate, gripping prose, Franscell takes the reader on a pulse-pounding dash through the murky intersection of pure evil and the potency of the human spirit. This journey into the darkest corners of the American crime scene is a penetrating work of literary journalism by a writer hailed as one of the most powerful new voices in true crime.

Courtroom Carnival S. L. Alexander, 2011-10-13. The outrageous antics of ten of Louisiana's high-profile legal celebrities on both sides of the courtroom are the focus of this fascinating book. Editor S. L. Alexander brings together communications and legal experts Jennifer John, Block Erin, Bremer Lyn, Koppel Glenn, Watts, and Charles Zewe to delve into the legal foibles and follies that plague Louisiana's legal system. After an introduction to the intricacies of Louisiana's courtroom customs, each chapter provides a concise history of a colorful personality from former

four term governor and convicted felon Edwin Edwards's outlandish antics to wealthy entrepreneur Chicken King Al Copeland's many peccadilloes. Included are characters from both sides of the law such as TV reporter Richard Angelico, Jefferson Parish Sheriff Harry Lee known as the Chinese Cowboy, DA Harry Connick Sr known as much for his singing as his courtroom performances and many more. Courtroom Carnival Famous New Orleans Trials presents a fascinating and educational read from the overview of what makes the courtrooms of Louisiana so unique to the exposés of the bizarre characters on both sides of the bench.

Louisiana History Florence M. Jumonville, 2002-08-30 From the accounts of 18th century travelers to the interpretations of 21st century historians, Jumonville lists more than 6,800 books, chapters, articles, theses, dissertations, and government documents that describe the rich history of America's 18th state. Here are references to sources on the Louisiana Purchase, the Battle of New Orleans, Carnival, and Cajuns. Less explored topics such as the rebellion of 1768, the changing roles of women, and civic development are also covered. It is a sweeping guide to the publications that best illuminate the land, the people, and the multifaceted history of the Pelican State. Arranged according to discipline and time period, chapters cover such topics as the environment, the Civil War and Reconstruction, social and cultural history, the people of Louisiana, local parish and sectional histories, and New Orleans. It also lists major historical sites and repositories of primary materials. As the only comprehensive bibliography of the secondary sources about the state, Louisiana History is an invaluable resource for scholars and researchers.
