

DEFINITION OF TERRORISM BY COUNTRY IN OECD COUNTRIES

There have been some definitional differences in the use of the terms 'terrorism' and 'act of terrorism' between OECD countries. It is for this reason that a comparison is necessary to clarify the scope of the operation of the terrorism risk insurance programmes.

The OECD International Platform on Terrorism Risk Insurance shares information and identifies good practices for the financial management of terrorism risk, to contribute to fast economic recovery in the event of attacks.

This comparative table is regularly updated. It is the product of joint work between national terrorism insurance schemes, the OECD and the World Forum of Catastrophe Programmes.

Terrorism Risk Insurance In Oecd Countries Policy Ibues In Insurance No9

Marcel A. Müller

Terrorism Risk Insurance In Oecd Countries Policy Issues In Insurance No9:

Policy Issues in Insurance Terrorism Risk Insurance in OECD Countries OECD,2005-07-05 This book presents OECD policy conclusions and leading academic analysis on the financial management of terrorism risk nearly four years after the World Trade Centre attacks

Disaster Risk Financing A global survey of practices and challenges OECD,2015-11-04 This book provides an overview of the disaster risk assessment and financing practices of a broad range of economies It draws on the G20 OECD Framework for Disaster Risk Assessment and Risk Financing and is based on a survey covering 29 economies

Insuring the Air Transport Industry Against Aviation War and Terrorism Risks and Allied Perils Yaw Otu Mankata Nyampong,2012-12-22 This book explores the central problems underlying the insurance of aviation war and terrorism risks and associated perils It critically analyses the reasons why conventional insurance markets are unwilling or unable to provide sustainable insurance coverage for aviation war and terrorism risks in the aftermath of catastrophic events such as the terrorist events of September 11 2001 It also examines some of the prominent concepts proposed and or implemented after 9 11 to determine whether and to what extent these concepts avoid identified pitfalls Like many of life s essentials the importance of insurance is most evident when it is not available The sheer scale and magnitude of the insurance losses that followed 9 11 caused conventional insurance markets which hitherto had been offering generous insurance coverage for aviation war and terrorism risks to air transport operators for little or no premium to withdraw coverage forthwith The ensuing absence or insufficiency of commercial insurance coverage for aviation war and terrorism risks has sparked a global search for viable and sustainable alternatives Ten years have since elapsed and despite numerous efforts the fundamental problems remain unresolved The book proceeds on the premise that the underlying issues are not entirely legal in nature they have immense economic psychological and policy implications that cannot be underestimated A multidisciplinary approach is therefore used in examining the issues drawing heavily upon analytical principles adapted from law and economics and behavioural law and economics It is hoped that the resulting study will be beneficial not only to lawyers and those interested in aviation insurance but also to economists air transport insurance program managers capital market investors and governmental policymakers both at the national and international levels

Improving Financial Education and Awareness on Insurance and Private Pensions OECD,2008-07-28 Individuals face an increasing variety of financial risks including those linked to their retirement At the same time public funding has been reduced or is strictly limited in most countries Private insurance and pensions products therefore play

WMD Terrorism Stephen M. Maurer,2009 This collection of essays is a current and comprehensive review of what scientists and scholars know about WMD terrorism and America s options for confronting it Complete with mathematical methods for analyzing terrorist threats and allocating defense resources this multidisciplinary perspective addresses all forms and defenses of WMD and the role of domestic U S politics in shaping defense investments and policies Also identified are multiple instances in which the

conventional wisdom is incomplete or misleading The Routledge Handbook of Terrorism Research Alex Schmid,2011-02-25 This major new Handbook synthesises more than two decades of scholarly research and provides a comprehensive overview of the field of terrorism studies The content of the Handbook is based on the responses to a questionnaire by nearly 100 experts from more than 20 countries as well as the specific expertise and experience of the volume editor and the various contributors Together they guide the reader through the voluminous literature on terrorism and propose a new consensus definition of terrorism based on an extensive review of existing conceptualisations The work also features a large collection of typologies and surveys a wide range of theories of terrorism Additional chapters survey terrorist databases and provide a guide to available resources on terrorism in libraries and on the Internet It also includes the most comprehensive World Directory of Extremist Terrorist and other Organizations associated with Guerrilla Warfare Political Violence Protest and Organized and Cyber Crime The Routledge Handbook of Terrorism Research will be an essential work of reference for students and researchers of terrorism and political violence security studies criminology political science and international relations and of great interest to policymakers and professionals in the field of counter terrorism **Policy Issues in Insurance Catastrophic Risks and Insurance** OECD,2005-07-06 These conference proceedings present academic analysis country reports and financial insurance company assessments on how to handle losses caused by large scale catastrophes including terrorism and atmospheric perils **Role of Reinsurance in the World** Leonardo Caruana de las Cagigas,André Straus,2021-08-19 This book is an edited collection by leading insurance historians examining the historical role of reinsurance the insurance of insurers in the insurance markets of eight countries USA Netherlands Sweden France Spain Italy Mexico and Japan All the contributors are experts in their field and have widely published in insurance history providing the reader with new insights into the insurance and economic history of these countries In particular this is the first book to explore the reinsurance markets in the USA Netherlands France Italy and Mexico This book will be of interest to economic and business historians as well as insurance practitioners with an interest in the history of their industry *Monthly Report on General Business and Agricultural Conditions in Federal Reserve District No. 8* ,2006 **Review** ,2006
