*Hollywood Science*

S. Perkowitz, Sidney Perkowitz, 2007 In this book a scientist and dedicated film enthusiast discusses the portrayal of science in more than one hundred films including science fiction scientific biographies and documentaries Beginning with early films like Voyage to the Moon and Metropolis and concluding with more recent offerings like The Matrix War of the Worlds A Beautiful Mind and An Inconvenient Truth Sidney Perkowitz questions how much faith we can put into Hollywood's depiction of scientists and their work how accurately these films capture scientific fact and theory whether cataclysms like our collision with a comet can actually happen and to what extent these films influence public opinion about science and the future Bringing together history scientific theory and humorous observation Hollywood Science features dozens of film stills and a list of the all time best and worst science fiction movies

Imagining the Unimaginable Glyn Morgan, 2020-01-23 Imagining the Unimaginable examines popular fiction's treatment of the Holocaust in the dystopian and alternate history genres of speculative fiction analyzing the effectiveness of the genre's major works as a lens through which to view the most prominent historical trauma of the 20th century It surveys a range of British and American authors from science fiction pulp to Pulitzer Prize winners building on scholarship across disciplines including Holocaust studies trauma studies and science fiction studies The conventional discourse around the Holocaust is one of the unapproachable unknowable and the unimaginable The Holocaust has been compared to an earthquake another planet another universe a void It has been said to be beyond language or else have its own incomprehensible language beyond art and beyond thought The othering of the event has spurred the phenomenon of non realist Holocaust literature engaging with speculative fiction and its history of the uncanny the grotesque and the inhuman This book examines the most common forms of nonmimetic Holocaust fiction the dystopia and the alternate history while firmly positioning these forms within a broader pattern of non realist engagements with the Holocaust

**Neutral Ground** Brett F. Woods, 2008 Neutral Ground A Political History of Espionage Fiction takes the reader behind the fiction and explores the real world political military and diplomatic events that have consistently and significantly threaded their way through the fabric of the genre Against this historical timeline it examines how numerous authors including Rudyard Kipling Somerset Maugham Graham Greene and John le Carre have engaged reality in order to write the espionage novels that have become literary classics and in selected cases have also served to alter the course of government policy From publisher's description

Literary Twinship from Shakespeare to the Age of Cloning Wieland Schwanebeck, 2020-01-06 Unlike previous efforts that have only addressed literary twinship as a footnote to the doppelganger motif this book makes a case for the complexity of literary twinship across the literary spectrum Shortlisted for the ESSE Book Award 2022 Literatures in the English Language it shows how twins have been instrumental to the formation of comedies of mistaken identity the detective genre and dystopian science fiction The individual chapters trace the development of the category of twinship over time demonstrating how the twin was repeatedly re-invented as a cultural and pathological type when other discursive fields constituted themselves and how its literary treatment served as the

battleground for ideological disputes by setting the stage for debates regarding kinship and reproduction or by partaking in discussions of criminality eugenic greatness and monstrous births The book addresses nearly 100 primary texts including works of Mary Elizabeth Braddon Wilkie Collins Charles Dickens Arthur Conan Doyle Aldous Huxley Christopher Priest William Shakespeare and Zadie Smith      **The Epitome of Evil** M. Butter,2009-04-27 This study explores the literary representations of Adolf Hitler in American fiction and makes the case that his figure has slowly developed from a means of left wing critique into a device of right wing affirmation      **Living in Technical Legality** Kieran Tranter,2018-07-02 First comparative study to address the rediscovery of baroque aesthetic in modernism      Historical Dictionary of Holocaust Cinema Robert C. Reimer,Carol J. Reimer,2024-12-19 Some 80 years after the end of World War two and Nazi Germany's attempt to annihilate European Jews and the Jewish culture the story of the Holocaust continues to be told in novels paintings music sculpture and film Over the past eight decades close to a thousand documentaries narrative shorts and features television miniseries and filmed statements from survivors have confronted the horrors of the past creating a recognizable iconography of persecution suffering and genocide While arguably movies and television have a tendency to overly simply if not trivialize historical events popular culture artists also keep the past from being forgotten Historical Dictionary of Holocaust Cinema Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 175 cross referenced entries on films directors and historical figures Foreign language experimental and canonical films are included This book is an excellent resource for students researchers and anyone wanting to know more about holocaust cinema      *Technophobia!* Daniel Dinello,2013-08-26 Techno heaven or techno hell If you believe many scientists working in the emerging fields of twenty first century technology the future is blissfully bright Initially human bodies will be perfected through genetic manipulation and the fusion of human and machine later human beings will completely shed the shackles of pain disease and even death as human minds are downloaded into death free robots whereby they can live forever in a heavenly posthuman existence In this techno utopian future humanity will be saved by the godlike power of technology If you believe the authors of science fiction however posthuman evolution marks the beginning of the end of human freedom values and identity Our dark future will be dominated by mad scientists rampaging robots killer clones and uncontrollable viruses In this timely new book Daniel Dinello examines the dramatic conflict between the techno utopia promised by real world scientists and the techno dystopia predicted by science fiction Organized into chapters devoted to robotics bionics artificial intelligence virtual reality biotechnology nanotechnology and other significant scientific advancements this book summarizes the current state of each technology while presenting corresponding reactions in science fiction Dinello draws on a rich range of material including films television books and computer games and argues that science fiction functions as a valuable corrective to technological domination countering techno hype and reflecting the weaponized religiously rationalized profit fueled motives of such science By imaging a disastrous future of posthuman techno

totalitarianism science fiction encourages us to construct ways to contain new technology and asks its audience perhaps the most important question of the twenty first century is technology out of control

**American Literature on Stage and Screen** Thomas S. Hirschak, 2014-01-10 The 525 notable works of 19th and 20th century American fiction in this reference book have many stage movie television and video adaptations Each literary work is described and then every adaptation is examined with a discussion of how accurate the version is and how well it succeeds in conveying the spirit of the original in a different medium In addition to famous novels and short stories by authors such as Nathaniel Hawthorne F Scott Fitzgerald and Willa Cather many bestsellers mysteries children s books young adult books horror novels science fiction detective stories and sensational potboilers from the past two centuries are examined

*Human Cloning in the Media*, 2008

*The Fall of Milosevic* D. Bujosevic, I. Radovanovic, 2015-12-17 Told for the first time the riveting story of how common people miners cooks former soldiers shook off the intimidation of Serbian strongman Slobodan Milosevic and overthrew peacefully his tyrannical regime Based on numerous interviews with participants from the man in the street to top officials in the Serbian regime The Fall of Milosevic recounts the exhilaration fear and chaos of a population rising in opposition to a tyrant the Butcher of the Balkans As the people gather in protest behind the scenes in the pillars of Milosevic s regime crumble as politicians military officers and the police desert a leader no longer legitimate in the eyes of the people This is the story of individuals facing down fear and rising up for democracy

**The Body Divided** Sally Wilde, 2016-03-23 Bodies and body parts of the dead have long been considered valuable material for use in medical science Over time and in different places they have been dissected autopsied investigated harvested for research and therapeutic purposes collected to turn into museum and other specimens and then displayed disposed of and exchanged This book examines the history of such activities from the early nineteenth century through to the present as they took place in hospitals universities workhouses asylums and museums in England Australia and elsewhere Through a series of case studies the volume reveals the changing scientific economic and emotional value of corpses and their contested place in medical science

[The Holocaust across Borders](#)

Hilene S. Flanzbaum, 2021-06-29 Literature of the Holocaust courses whether taught in high schools or at universities necessarily cover texts from a broad range of international contexts Instructors are required regardless of their own disciplinary training to become comparatists and discuss all works with equal expertise This books offers analyses of the ways in which representations of the Holocaust whether in text film or material culture are shaped by national context providing a valuable pedagogical source in terms of both content and methodology As memory yields to post memory nation of origin plays a larger role in each re telling and the chapters in this book explore this notion covering well known texts like Night Hungary Survival in Auschwitz Italy MAUS United States This Way to the Gas Poland and The Reader Germany while also introducing lesser known representations from countries like Argentina or Australia

**Screen World Presents the Encyclopedia of Hollywood Film Actors: From the silent era to 1965** Barry Monush, 2003 Applause Books For decades

Screen World has been the film professional's as well as the film buff's favorite and indispensable annual screen resource full of all the necessary statistics and facts. Now Screen World editor Barry Monush has compiled another comprehensive work for every film lover's library. In the first of two volumes, this book chronicles the careers of every significant film actor from the earliest silent screen stars, Chaplin, Pickford, Fairbanks, to the mid 1960s when the old studio and star systems came crashing down. Each listing includes a brief biography, photos from the famed Screen World archives with many rare shots, vital statistics, a comprehensive filmography, and an informed, entertaining assessment of each actor's contributions, good or bad. In addition to every major player, Monush includes the legions of unjustly neglected troupers of yesteryear. The result is a rarity: an invaluable reference tool that's as much fun to read as a scandal sheet. It pulsates with all the scandal, glamour, oddity, and glory that was the lifeblood of its subjects. Contains over 1,000 photos. **Nazisplottation!** Daniel H. Magilow, Elizabeth Bridges, Kristin T. Vander Lugt, 2012-01-01. A brilliant line-up of international contributors examines the implications of the portrayals of Nazis in low-brow culture and that culture's re-emergence today.
