#### The Brazilian Voter Mass Politics In Democratic Transition 1974 1986 Pitt Latin American Series:

The Brazilian Voter Kurt Von Mettenheim, 2010-11-23 The dramatic transition from military to civilian rule in Brazil between 1974 and 1985 raises critical questions about voters competitive party politics and democracy at the end of the twentieth century This book argues that whereas military government stifled democratic activity public opinion quickly revived when the military liberalized electoral politics in 1974 Voters rapidly aligned themselves with parties for and against military government acquired new views on major issues judged leaders by their performance and policies and grounded their beliefs in concepts of social justice Kurt von Mettenheim examines how Brazilian voters make choices and cast their ballots runs counter to long held liberal theories about how democracy works Latin American Political History Ronald M. Schneider, 2018-05-04 This chronologically organized new text provides comprehensive historical coverage of Latin America's politics and development from colonial times to the twenty first century **Deepening Democracy Latin** America Kurt Von Mettenheim, James Malloy, 1998-07-15 Ten leading scholars of the region present original research to argue that theories of democratic consolidation or institutionalization are too often Euro and ethno centric that simple appeals for greater participation are insufficient and that recent critics of populism patronage and presidentialism fail to capture new opportunities for democracies in the region **Presidential Institutions and Democratic Politics** Kurt von Mettenheim, 1997 While many comparative analysts see parliamentary government as essential for stable democracy this volume argues that the American presidential system that separates and diffuses power can provide new perspectives for those building democratic institutions in Latin America Eastern Europe and the new republics of the former Soviet Union The authors recognize risks of rigidity gridlock and excessive centralization in presidential institutions But they also emphasize the unexpected levels of legislative productivity during periods of divided government the dramatic reversal of declining popularity by Presidents Reagan and Clinton and the importance of direct appeals by presidents to the nation After examining the American presidential system the authors focus on the de facto separation of powers in European parliaments and presidentialism in France Latin America and Eastern Europe Both trends in European parliamentary systems and the dramatic changes within French presidential institutions suggest that scholars should temper broad generalizations about Envisioning Brazil Marshall C. Eakin, Paulo Roberto de Almeida, 2005-09-16 presidential or parliamentary government Envisioning Brazil is a comprehensive and sweeping assessment of Brazilian studies in the United States Focusing on synthesis and interpretation and assessing trends and perspectives this reference work provides an overview of the writings on Brazil by United States scholars since 1945 The Development of Brazilian Studies in the United States provides an overview of Brazilian Studies in North American universities Perspectives from the Disciplines surveys the various academic disciplines that cultivate Brazilian studies Portuguese language studies Brazilian literature art music history anthropology Amazonian ethnology economics politics and sociology Counterpoints Brazilian Studies in Britain and France places the

contributions of U S scholars in an international perspective Bibliographic and Reference Sources offers a chronology of key publications an essay on the impact of the digital age on Brazilian sources and a selective bibliography Exile within Exiles James N. Green, 2018-09-14 Herbert Daniel was a significant and complex figure in Brazilian leftist revolutionary politics and social activism from the mid 1960s until his death in 1992 As a medical student he joined a revolutionary guerrilla organization but was forced to conceal his sexual identity from his comrades a situation Daniel described as internal exile After a government crackdown he spent much of the 1970s in Europe where his political self education continued He returned to Brazil in 1981 becoming engaged in electoral politics and social activism to champion gay rights feminism and environmental justice achieving global recognition for fighting discrimination against those with HIV AIDS In Exile within Exiles James N Green paints a full and dynamic portrait of Daniel's deep commitment to leftist politics using Daniel's personal and political experiences to investigate the opposition to Brazil's military dictatorship the left's construction of a revolutionary masculinity and the challenge that the transition to democracy posed to radical movements Green positions Daniel as a vital bridge linking former revolutionaries to the new social movements engendering productive dialogue between divergent perspectives in his writings and activism Shifting States in Global Markets Alfred P. Montero, 2010-11-01 Shifting States in Global Markets contributes to the debates over the political economy of globalization by focusing attention on the increasingly important role of subnational governments in implementing economic policies Challenging the view that the effects of decentralization are positive or negative uniformly and can be explained by reference to the influence of national political institutions Alfred Montero uses his comparisons of industrial policy in Brazil and Spain and between different regions in these countries to argue that we need to pay attention to political conditions at the subnational level to account for the variation in economic success between regions Two crucial conditions are emphasized in Montero s analysis how much competition there is among political elites within any region and how much competition there is between regions for scarce fiscal resources Lower competition among elites leads to subnational governments delegating more autonomy to public agencies to develop ties with private businesses favoring allocative efficiency and innovation higher competition between regions provides incentives for political leaders to support involvement in economic development efforts by a greater variety of public agencies whose cooperation and mutual trust over time create the conditions for long term success in these efforts This analysis gives us a much more nuanced understanding of how countries are experiencing the challenges of globalization today Political Right in Postauthoritarian Brazil Timothy J. Power, 2010-11-01 Power political science Florida International University offers an appraisal of Brazilian democracy focusing on implications of certain political continuities in the postauthoritarian era He addresses tensions between authoritarian legacies and democratic institution building in Brazil's New Republic 1985 and considers the juxtaposition of continuity and change as reflected in the world of professional politicians and in the institutions that politicians inhabit He also poses questions concerning individual

politicians political survival in the transition from military dictatorship to democratic regime and asks what effect their behavior and attitudes may have on the consolidation of democracy Annotation copyrighted by Book News Inc Portland OR

Globalizations and Social Movements John Guidry, Michael D. Kennedy, Mayer Zald, 2009-11-16 Globalization is a set of processes that are weakening national boundaries Both transnational and local social movements develop to resist the processes of globalization migration economic interdependence global media coverage of events and issues and intergovernmental relations Globalization not only spurs the creation of social movements but affects the way many social movements are structured and work The essays in this volume illuminate how globalization is caught up in social movement processes and question the boundaries of social movement theory The book builds on the modern theory of social movements that focuses upon political process and opportunity resource mobilization and mobilization structure and the cultural framing of grievances utopias ideologies and options Some of the essays deal with the structure of international campaigns while others are focused upon conflicts and movements in less developed countries that have strong international components The fourteen essays are written by both well established senior scholars and younger scholars in anthropology political science sociology and history The essays cover a range of time periods and regions of the world This book is relevant for anyone interested in the politics and social change processes related to globalization as well as social movement theory Mayer Zald is Professor of Sociology University of Michigan Michael Kennedy is Vice Provost for International Programs Associate Professor of Sociology and Director of the Center for Russian and East European Affairs University of Michigan John Guidry is Assistant Professor of Political Science Augustana College Update ,1999 Consists of separate newsletters from each of the 4 area studies centers with collective title at head of first section Each newsletter has also a distinctive title for each They Eat from Their Labor Ann Zulawski, 2010-11-23 A study of the growth of the indigenous labor force in upper issue Peru now Bolivia during colonial times Ann Zulawski provides case studies in mining and agriculture and places her data within a larger historical context than analyzes Iberian and Andean concepts of gender property and labor She concludes that although mercantilism made a critical impact in the New World the colonial economic system in the Andes was not yet capitalist Attitudes of both indigenous peoples and Spanish colonizers hindered the process of turning work into a commodity In addition the mobilization of labor power both reinforced and undermined each society s ideas about the economic and social roles of men and women **Democratic Brazil** Peter R. Kingstone, Timothy J. Power, 2000-02-15 After 21 years of military rule Brazil returned to democracy in 1985 Over the past decade and a half Brazilians in the Nova Rep blica New Republic have struggled with a range of diverse challenges that have tested the durability and quality of the young democracy How well have they succeeded To what extent can we say that Brazilian democracy has consolidated What actors institutions and processes have emerged as most salient over the past 15 years Although Brazil is Latin America's largest country the world's third largest democracy and a country with a population and GNP larger than Yeltsin's Russia more than

a decade has passed since the last collaborative effort to examine regime change in Brazil and no work in English has yet provided a comprehensive appraisal of Brazilian democracy in the period since 1985 Democratic Brazil Actors Institutions and Processes analyzes Brazilian democracy in a comprehensive systematic fashion covering the full period of the New Republic from Presidents Sarney to Cardoso Democratic Brazil brings together twelve top scholars the next generation of Brazilianists with wide ranging specialties including institutional analysis state autonomy federalism and decentralization economic management and business state relations the military the Catholic Church and the new religious pluralism social movements the left regional integration demographic change and human rights and the rule of law Each chapter focuses on a crucial process or actor in the New Republic with emphasis on its relationship to democratic consolidation The volume also contains a comprehensive bibliography on Brazilian politics and society since 1985 Prominent Brazilian historian Thomas Skidmore has contributed a foreword to the volume Democratic Brazil speaks to a wide audience including Brazilianists Latin Americanists generally students of comparative democratization as well as specialists within the various thematic subfields represented by the contributors Written in a clear accessible style the book is ideally suited for use in upper level undergraduate courses and graduate seminars on Latin American politics and development Unsettling Statecraft Catherine M. Conaghan, James Malloy, 2010-11-23 Latin America in the 1980s was marked by the transition to democracy and a turn toward economic orthodoxy Unsettling Statecraft analyzes this transition in Bolivia Ecuador and Peru focusing on the political dynamics underlying change and the many disturbing tendencies at work as these countries shed military authoritarianism for civilian rule Conaghan and Malloy draw on insights from the political economy literature viewing policy making as a historically conditioned process and they conclude that the disturbing tendencies their research reveals are not due to regional pathology but are part of the more general experience of postmodern democracy **Handbook of Latin** American Studies ,2000 Contains scholarly evaluations of books and book chapters as well as conference papers and articles published worldwide in the field of Latin American studies Covers social sciences and the humanities in alternate **European Review of Latin American and Caribbean Studies** ,1998 years Latin American Politics And Development, Fifth Edition Howard J. Wiarda, 2019-03-06 This book offers a region wide overview of the patterns and processes of Latin American history politics society and development It provides a detailed country by country treatment and unique features of all Latin American countries The Best Books for Academic Libraries: Political science, law, education, 2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification **Democratic Brazil Revisited** Peter R. Kingstone, Timothy Joseph Power, 2008 As the world's fifth largest Numbers country Brazil presents a compelling example of democracy in action This book assesses the impact of competitive politics on Brazilian government institutions economics and society Hemisphere ,1994 Social Sciences Katherine D. McCann, 2000-12-01 Beginning with volume 41 1979 the University of Texas Press became the publisher of the Handbook of

Latin American Studies the most comprehensive annual bibliography in the field Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines the Handbook alternates from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas The Handbook of Latin American Studies is the oldest continuing reference work in the field Katherine D McCann is acting editor for this volume The subject categories for Volume 57 are as follows Electronic Resources for the Social Sciences Anthropology Economics Geography Government and Politics International Relations Sociology
