## **The British Army A Concise History:**

**The British Army** Jock Haswell,1980      *The British Army* Jock Haswell,1975      A Brief History of the British Army John Lewis-Stempel,Jock Haswell,2016-05-26 The story of the British Army has many sides to it being a tale of heroic successes and tragic failures of dogged determination and drunken disorder It involves many of the most vital preoccupations in the history of the island the struggle against Continental domination by a single power the battle for Empire and a cast pf remarkable characters Marlborough Wellington and Montgomery among them Yet the British relying on their navy have always neglected their army from the time of Alfred the Great to the reign of Charles II wars were fought with hired forces disbanded as soon as conflict ended Even after the stuggles with Louis XIV impelled the formation of a reulgar army impecunious governments neglected the armed forces except in times of national emergency In this wide ranging account Major Haswell sketches the medieval background before concentrating on the three hundred years of the regular army leading up to its role in our own time He presents an informed and probing picture of the organization of the army the development of weaponry and strategy and the everyday life of the British soldier through the centuries John Lewis Stempel has brought Major Haswell s classic work right up to date by expanding the section on the dissolution of empire to include a full account of Northern Ireland and the Falklands War He has added a new chapter to cover the Gulf War Bosnia Afghanistan and Iraq also the increasing role of special forces and the amalgamation of regiments      *A Short History of the British Army* Eric William Sheppard,1950      The Cameronians Trevor Royle,2011-07-15 In May 1968 as part of cutbacks to the British Army The Cameronians Scottish Rifles was disbanded at a moving ceremony held at the same spot in Douglas in Lanarkshire at which it had been raised in 1689 And yet although the regiment is no more its place in history is unassailable The ceremony embraced the history of one regiment The Cameronians which had its origins in the turbulent period that accompanied the rise of the House of Orange at the end of the seventeenth century while its other component part the 90th Perthshire Light Infantry was raised as a light infantry regiment during the war against Revolutionary France Following amalgamation in 1881 The Cameronians Scottish Rifles quickly built up a solid reputation as a fighting regiment During the First World War it raised 27 battalions and during the Second World War its battalions served in Europe and Burma In the course of its long history the regiment provided the British Army with many distinguished soldiers including three field marshals Viscounts Hill and Wolseley and Sir Evelyn Wood Always tough and enduring in battle it reflected the character of its main recruitment area Glasgow and Lanarkshire and in later years it took self conscious pride when the Germans nicknamed its soldiers Giftzwerge or poison dwarfs The Cameronians puts its story into the context of British military history and makes use of personal testimony to reveal the life of the regiment      **A Concise History of Afghanistan in 25 Volumes** Hamid Wahed Alikuzai,2013-10-11 For 35 000 years ancient Afghanistan was called Aryana the Light of God has existed Then in 747 AD what is today called Afghanistan became Khorasan which means Sunrise in Dari which was a much

larger geographical area In the middle of the nineteenth century the name Afghanistan which means home of the united tribes was applied originally by the Saxons present day British and the Russians During the Great Games in the middle of nineteenth century the Durand Line was created in 1893 and was in place until 1993 Saxons created the state of Afghanistan out of a geographical area roughly the size of Texas in 1893 before which there were 10 million square kilometers larger than the size of Canada as means to act as a buffer zone between the Saxon India Tsarist Russia and the Chinese A Concise History of the USA Andrew Sinclair,2010-03-15 A Concise History of the USA provides a lucid and vigorous account of this nation s history and includes a variety of illustrations and a map **A Concise History of the United States** John M'Culloch,1807 **A Concise History of South Africa** Robert Ross,2008-12-04 This book provides succinct coverage of the history of South Africa from the introduction of agriculture 1500 years ago up to and including the government of Nelson Mandela **The British Army** Ian F. W. Beckett,2023 The story of the British Army from the first standing army in the seventeenth century via the imperial army of the nineteenth century the world wars and the people s army of the twentieth century through to the much smaller force of the 21st century and the new challenges it faces **A Concise History of Afghanistan-Central Asia and India in 25 Volumes** HAMID ALIKUZAI,2015-01-19 Thirteen years after the U S invasion of Afghanistan Thirteen years after the U S invasion of Afghanistan the gains that the international coalition has made with its local partners are real but reversible Afghanistan is no longer a global hub of terrorist activity but Taliban resurgence would threaten to make it one again Reconstruction assistance has produced demonstrable progress in health education and economic well being but corruption and governance problems have undermined popular support for the government in Kabul and constrained the overall level of progress Internationally a coalition still backs the International Security Assistance Force ISAF military mission However NATO s will is waning China Russia and India are largely free riders and Punjab and Iran publicly say the right things while destabilizing Afghanistan by privately meddling to their own ends Political and economic realities in the United States make the current level of American engagement in Afghanistan unsustainable But as the commitment of coalition partners fades what Washington decides will shape the future of South Asia Looking ahead there are three different scenarios for American engagement in Afghanistan It remains to be seen exactly which route Washington will take But it is clear that U S interests require a long term commitment not only in Afghanistan but across the region Lest it be forgotten the consequences of ignoring the region in the 1990s were visited upon the United States on 9 11 So the most vital goals present day are defeating the remnants of al Qaeda in Punjab preventing the reemergence of terrorist sanctuaries in Afghanistan ensuring the security of Punjab s nuclear weapons and discouraging Punjab s use of extremism and terror as a policy instrument There are three ways forward Each entails a different degree of involvement and carries varying risks and rewards The first option is the riskiest Future 1 Immediate Departure and the Reallocation of Resources because discontent among the U S public over the war is already at an all time high **The Life of Napoleon Buonaparte ... with a Concise**

Lodewyk Van-Ess, 1816      The Irish Experience Since 1800: A Concise History Thomas E. Hachey, Lawrence J.

McCaffrey, 2015-01-28 This rich and readable history of modern Ireland covers the political social economic intellectual and cultural dimensions of the country's development from the origins of the Irish Question to the present day In this edition a new introductory chapter covers the period prior to Union and a new concluding chapter takes Ireland into the twenty first century All material has as been substantially revised and updated to reflect more recent scholarship as well as developments during the eventful years since the previous edition The text is richly supplemented with maps photographs and an extensive bibliography There is no comparable brief multidimensional history of modern Ireland      A Short History of the Troubles

Brian Feeney, 2014-04-28 From the first symptoms of serious unrest the Divis Street riots of 1964 to the tortuous political manoeuvrings culminating in the 2003 Assembly elections the book traces the reality of life in Northern Ireland during the Troubles It details the motivation behind the IRA armed struggle the Civil Rights movement the murder campaigns of various loyalist terror groups the major incidents of violence and the response of the British security forces and the justice system It describes what it was like to live with bombs army searches in the dead of night death threats to politicians activists and others A detailed account of the political and personal toll of the Northern Ireland conflict      A Short History of the

American Revolutionary War Stephen Conway, 2013-04-12 The American war against British imperial rule 1775 1783 was the world's first great popular revolution Ideologically defined by the colonists formal Declaration of Independence in 1776 the struggle has taken on something of a mythic character From the Boston Tea Party to Paul Revere's ride to raise the countryside of New England against the march of the Redcoats and from the American travails of Bunker Hill 1775 to the final humiliation of the British at Yorktown 1781 the entire contest is now emblematic of American national identity Stephen Conway shows that beyond mythology this was more than just a local conflict rather a titanic struggle between France and Britain The Thirteen Colonies were merely one frontline of an extended theatre of operations with each superpower aiming to deliver the knockout blow This bold new history recognizes the war as the Revolution but situates it on the wider global canvas of European warfare      **Short History of the London Rifle Brigade** Anonymous, 2019-12-20 In Short History of

the London Rifle Brigade the anonymous author presents a meticulously researched narrative detailing the formation evolution and notable campaigns of one of the United Kingdom's distinguished infantry regiments Written in a straightforward and informative style the text encapsulates events from its inception in the late Victorian era through its significant contributions during both World Wars The work is replete with firsthand accounts historical photographs and maps that illuminate the experiences of the soldiers thereby situating the Brigade within the larger framework of military history and social change in Britain The anonymity of the author adds a layer of intrigue suggesting a collective voice rather

than an individual perspective potentially reflecting a veteran or an enthusiast dedicated to preserving the legacy of the Brigade Such anonymity evokes thoughts about the often overlooked personal histories of soldiers many of whom may have served alongside the Brigade navigating the trials of both military and civilian life during tumultuous periods For those with a keen interest in military history the British Army s development or the social dynamics of wartime Britain Short History of the London Rifle Brigade is an essential read It not only commemorates the valor of the Brigade but also invites readers to reflect on the broader implications of war and service making it a valuable addition to any historical library     *A Concise History of England to the Death of William IV.* E. J. Howell,1873     *The War of 1812, A Short History* Donald R. Hickey,2012-11-13 This abridged edition of Donald R Hickey s comprehensive and authoritative *The War of 1812 A Forgotten Conflict* has been thoroughly revised for the 200th anniversary of the historic conflict A myth shattering study that will inform and entertain students and general readers alike *The War of 1812 A Short History* explores the military diplomatic and domestic history of our second war with Great Britain bringing the study up to date with recent scholarship on all aspects of the war from the Gulf of Mexico to Canada With new information on military operations logistics and the use and capabilities of weaponry *The War of 1812 A Short History* explains how the war promoted American nationalism reinforced the notion of manifest destiny stimulated peacetime defense spending and enhanced America s reputation abroad Hickey also concludes that the war sparked bloody conflicts between pro war Republican and anti war Federalist neighbors dealt a crippling blow to the independence and treaty rights of American Indians and solidified the United States antipathy toward the British Ideal for students and history buffs this special edition includes selected illustrations maps a chronology of major events during the war and a list of suggested further reading     **A Short History of the Black Watch (Royal Highlanders) ... 1725-1907 ...** Arthur Grenfell Wauchope,1908     *A Short History of the Expansion of the British Empire, 1500-1923* William Harrison Woodward,1926
