Satan's Super Soldiers Barry Blackstone, 2024-04-30 Barry Blackstone has been fascinated with the biblical reference to giants since childhood but only began looking deeper into the subject when he was challenged by a member of his congregation twenty five years ago Over those years Blackstone compiled information on all the named giants and those that slew them men well known like David Joshua and Caleb and those not so well known like Othniel Elhanan and Abishai Coming to the conclusion that this race of super humans was a product of Satan's plan to corrupt man stop the coming of the Messiah and resist the

Hebrews from possessing their promised land Blackstone began to see the principles and precepts needed to combat the giants of our day in our spiritual warfare against principalities against powers against the rulers of the darkness of this world against spiritual wickedness in high places Eph 6 12 Travel with this pastor through the Bible as he reveals the origin of the giants how they survived the Flood and when they were finally wiped out in the days of David With strange names like Rephaim OG Arba Anak Sheshai and of course Goliath learn about their fabled size their formable weapons and why they all were so easily defeated This exploration will cover some of the greatest battles described in Scripture and will uncover how to win against gigantic foes personally Each chapter is written in a devotional style that will bring a spiritual encouragement to the reader and will help them see that no matter how invincible the adversary What shall we then say to these things If God be for us who can be against us Rom 8 31

Sheppard,2022-03-22 Faith horror refers to a significant outcropping of mid 1960s and 1970s films and adaptative novels that depict non Christian communities of evil doers and their activities Before this period the classical horror villain was ultimately ineffectual The demonic monster was an isolated lone individual easily vanquished by an altruistic Christian protagonist Alternatively the villain in faith horror is organized into identity affirming likeminded religious congregations that successfully overcome protagonists Faith horror was a cinematic trend that depicted Satanism witchcraft and paganism during a cultural deliberation over the Death of God which debated the legitimacy of alternative spiritualities and the value of alliance to any faith at all Covering popular works like Rosemary s Baby The Wicker Man and The Omen this book regards these films and their literary sources in relation to this historical moment providing new ways of understanding both the period and the faith horror movement more generally

Our Old Monsters Brenda S. Gardenour Walter,2015-07-11 The witch the vampire and the werewolf endure in modern horror These old monsters have their origins in Aristotle as studied in the universities of medieval Europe where Christian scholars reconciled works of natural philosophy and medicine with theological precepts They codified divine perfection as warm light male and associated with the ethereal world beyond the moon while evil imperfection was cold dark female and bound to the corrupt world below the moon All who did not conform to divine goodness including un holy women and Jews were considered evil and ascribed a melancholic blood hungry and demonic physiology This construct was the basis for anti woman and anti Jewish discourse that has persisted through modern

Western culture Nowhere is this more evident than in horror films where the witch the vampire and the werewolf represent our fear of the inverted other
