The Bulletproof George Washington David Barton,1990 The Bulletproof George Washington RoseAnn Salanitri,2014-07-12 In our modern culture our children are taught to regard many heroes many being athletes some being in the entertainment industry Often these men and women have gained celebrity because of specific talents and gifts However there are other heroes that serve as wonderful role models for our children that are disregarded because they fill the pages of history rather than the pages of the entertainment or sports industry George Washington was such a man This true story can inspire young minds about a man who reached greatness because of his bravery and his commitment to our nation While heroes come in many shapes and sizes this hero is one that can fill the minds and hearts of young patriots all over this land

George Washington America's Bulletproof Hero! Michelle White,2011-07 George Washington America s Bulletproof Hero is a little known but true story about George Washington in the Battle at Monongahela River When other officers were falling all around him in the heat of the battle George Washington miraculously remained safe But there was even more to the story when Washington received a visit from the very Indian chief who targeted him Find out what happened to George Washington America s Bulletproof Hero

The Nine Lives of George Washington William W Betts Jr,2013-04-04 How George Washington survived so many close encounters with the Grim Reaper in the wilderness frontier on the battlefield from serious illness and in terrifying accidents can be read only in the story of a steady succession of miracles For the incredible fact that he survived all of these encounters except of course the last to live sixty seven years is a consummation for which untold millions can be eternally grateful For it was Washington who with the success of the Revolution and the leadership provided through two terms as President brought forth upon this continent an entirely new way of life This society governed as it now was by a spirited reverence for freedom and guaranteed by documents revolutionary in their principles must have startled the Old World

George Washington Carla Mooney,2010-11-01 *George Washington 25 Great Projects You Can Build Yourself* offers a fascinating look into the life and times of our nation s first president Readers ages 9 and up can explore Washington s years as a young Virginia gentleman his military battles and his political contributions to a fledgling nation 25 hands on activities help kids learn about this legendary figure in American history *George Washington 25 Great Projects You Can Build Yourself* includes biographical sidebars illustrations historical facts that allow kids to explore George Washington in a fun hands on way

America's God and

Country William J. Federer, William Joseph Federer, 1994 An Invaluable resource highlighting america s noble heritage profound quotes from founding fathers presidents statesmen scientists constitutions court decisions for use in speeches papers debates essays *The American Miracle* Michael Medved, 2017-09-05 The New York Times bestselling author of *God s Hand on America* reveals that what the Founders always believed has been proven true that America s rise to prosperity and power from the writing of the Constitution to the Civil War unfolded according to a master plan THE INSPIRATION FOR THE MOTION PICTURE EXPERIENCE THE AMERICAN MIRACLE OUR NATION IS NO ACCIDENT Absolutely spectacular The stories are genuinely staggering fascinating eye opening and deeply inspiring Eric Metaxas The history of the United States displays an uncanny pattern At moments of crisis when the odds against success seem overwhelming and disaster looks imminent fate intervenes to provide deliverance and progress Historians may categorize these incidents as happy accidents callous crimes or the product of brilliant leadership but the most notable leaders of the last four hundred years have identified this good fortune as something else a reflection of divine providence Among the stirring illogical episodes described here A band of desperate religious refugees find themselves blown hopelessly off course only to be deposited at the one spot on a wild continent best suited for their survival George Washington s beaten army surrounded by a ruthless foe and on the verge of annihilation manages an impossible escape due to a freakish change in the weather A famous conqueror known for seizing territory frustrated by a slave rebellion and a frozen harbor impulsively hands Thomas Jefferson a tract of land that doubles the size of the United States A weary soldier picks up three cigars left behind in an open field and notices the stogies have been wrapped in a handwritten description of the enemy s secret battle plans a revelation that gives Lincoln the supernatural sign he s awaited in order to free the slaves When millions worry over the nation losing its way Medved s sweeping narrative bursting with dramatic events and lively portraits of unforgettable occasionally little known characters affirms America as fortune s favorite shaped by a distinctive destiny from our beginnings to the present day [Hanging by a Thread](#) Richard N. Skousen, 2016-03-07 [The Uzziah Syndrome](#) Daniel Klender, 2017-12-14 While enjoying a fast start to the Christian life is common finishing strong is less frequently experienced In *The Uzziah Syndrome* United States Navy Chaplain Daniel Klender explores the 40 keys to finishing strong in the Christian life *The Uzziah Syndrome* offers a treasure trove of inspiring stories and practical biblical insights that serve as a hedge against finishing the Christian life poorly Borne out of 30 years of civilian and military ministry experience *The Uzziah Syndrome* will enable you to pursue the Big Holy Audacious Goals God intends for all of His children **From Sea to Shining Sea the Story of America Teacher's Edition , George Washington's Hair** Keith Beutler, 2021-11-10 Mostly hidden from public view like an embarrassing family secret scores of putative locks of George Washington s hair are held more than two centuries after his death in the collections of America s historical societies public and academic archives and museums Excavating the origins of these bodily artifacts Keith Beutler uncovers a forgotten strand of early American memory practices and emerging patriotic identity

Between 1790 and 1840 popular memory took a turn toward the physical as exemplified by the craze for collecting locks of Washington's hair. These new sensory views of memory enabled African American Revolutionary War veterans, women, evangelicals, and other politically marginalized groups to enter the public square as both conveyors of these material relics of the Revolution and living relics themselves. George Washington's Hair introduces us to a taxidermist who sought to stuff Benjamin Franklin's body, an African American storyteller brandishing a lock of Washington's hair, an evangelical preacher burned in effigy, and a schoolmistress who politicized patriotic memory by privileging women as its primary bearers. As Beutler recounts in vivid prose, these and other ordinary Americans successfully enlisted memory practices rooted in the physical to demand a place in the body politic, powerfully contributing to antebellum political democratization. **Founding Fathers, Secret Societies** Robert Hieronimus, 2005-12-28 An exploration of the influence of secret societies on the formative documents and symbols of the United States. Reveals the Founding Fathers' spiritual vision for America as encoded in the Great Seal. Traces the influence of the Iroquois League of Nations upon the Constitution. Exposes the deep connections the Founding Fathers had with the Freemasons and other secret societies. All children growing up in America learn who the Founding Fathers were. Most, however, never learn of the founders' connections to the Freemasons, the Rosicrucians, and other esoteric orders. In *Founding Fathers, Secret Societies*, Robert Hieronimus investigates these important connections and how their influence can be traced throughout our most significant national documents and symbols, especially the Great Seal. He reveals in detail how the reverse of the Great Seal, which appears on the back of the one-dollar bill, is a blueprint that conveys the secret destiny of America. By understanding the kabbalistic meaning of the Great Seal's reverse, he shows how our current era presents unique opportunities for the fulfillment of our Founding Fathers' spiritual vision. *Defining America's Exceptionalism* Roger Anghis, 2012-08-30 Many pastors I have spoken with have no problem with the so-called separation of church and state and have even told me that it was in our Constitution. Because we no longer teach our Constitution in our schools and we, the pastors, do not teach the importance of who we are and where we came from, we have come to the point where we believe what we are told by academia concerning our Founding Fathers and the Constitution and have been led down a path of falsehoods and deception. It has been long said that if we forget who we are and where we came from, we will not know who we are or where we are going. There are many forces out there determined to remove all vestiges of our religious history. Our Founding Fathers knew that there was to be involvement by the church and allowed the influence of Christianity to be prevalent. The only separation of church and state that the founders wanted was an institutional separation. They designed our Constitution so that the government would have no say whatsoever in the exercise of religion by the people. Today's government has turned that around 180 degrees and is now using what used to guarantee freedom of religion to the removal of religion from the public square. Will we let it continue? It is now the choice of We the People. *Miracles, Prophecy and God's Other Ways* Kenneth Robb Kersey, 2012-05-18 Today God is still performing miracles, fulfilling prophecy.

Washington Paul Vickery,2023-12-19 His name is carved in granite his likeness cast in bronze his legend as large as the role he played as America s first president But before he was a commander in chief George Washington was a general in a revolution that would decide the future of the people and land he called his own If victorious he would gain immortality If defeated he would find his neck in a hangman s noose Washington knew the sting of defeat at Brandywine at Germantown yet this unwavering leadership and his vision for a new and independent nation emboldened an army prepared to fight barefoot if necessary to win that independence Wrote an officer after the Battle of Princeton I saw him brave all the dangers of the field and his important life hanging as it were by a single hair with a thousand deaths flying around him Among America s pantheon of Founding Fathers one man to this day stands out Author Paul Vickery tracks the unlikely rise of Washington a man whose stature in command of a young army became prelude to a presidency As Vickery writes He learned to become the father of our country by first being the father of our military

Back to America William H. Westermeyer,2019-11 Back to America is an ethnography of local activist groups within the Tea Party one of the most important recent political movements to emerge in the United States and one that continues to influence American politics Though often viewed as the brainchild of conservative billionaires and Fox News the success of the Tea Party movement was as much if not more the result of everyday activists at the grassroots level William H Westermeyer traces how local Tea Party groups LTPGs create submerged spaces where participants fashion action oriented collective and personal political identities forged in the context of cultural or figured worlds These figured worlds allow people to establish meaningful links between their own lives and concerns on the one hand and the movement s goals and narratives on the other Collectively the production and circulation of the figured worlds within LTPGs provide the basis for subjectivities that often nurture political activism Westermeyer reveals that LTPGs are vibrant and independent local organizations that while constantly drawing on nationally disseminated cultural images and discourses are far from simple agents of the larger organizations and the media Back to America offers a welcome anthropological approach to this important social movement and to our understanding of grassroots political activism writ large

The Conservative Tradition in America Charles W. Dunn,J. David Woodard,2003 This comprehensive account identifies different strands of conservative thought while it analyzes the current

state and future prospects of conservatism **Entering the Rest of God** Dr. Brian J. Bailey, 2017-03-24 In the world today where many are weighed down by cares stress and the turbulence of life true rest is one of the most treasured blessings In this little book Dr Brian Bailey explores some of the ways in which we can come into rest and learn to roll our cares upon the Lord in order to gain strength as we continue on life s journey
