Tales From Misty Acres Owen ODonnell, 2024-04-29 Like so many children Owen O Donnell s daughters Kristin Keri and Rebecca loved to have their dad read to them This led to a minor problem they were fixated on one particular story The Saggy Baggy Elephant and the Tawny Scrawny Lion He read it so many times that he could almost recite it without the book One time in desperation he asked them if they would like Daddy to tell them a story In response to their enthusiastic yes he invented a community of little animals who had very human flaws and reactions to everyday situations in life Much to his

pleasant surprise he discovered that situations in the stories were very very effective ways of getting all the necessary parental messages across without evoking the usual reactions that such messages often evoke For years Tales from Misty Acres was unwritten Prior to Christmas one year he asked his oldest daughter what she wanted for Christmas Her response was Daddy I want you to write two stories But one has to be a Christmas story Thus it was that Tales from Misty Acres became a physical reality To help those who may be curious he set the stories on a farm that was less than two miles from where he grew up
