**The Bush Rebels** Barbara Cornwall,1973      **The Bush Rebels** Barbara Cornwall Lyssarides,1973      **Peasant Consciousness and Guerilla War in Zimbabwe** Terence O. Ranger,T. O. Ranger,1985-01-01      *The African Liberation Struggle* Godfrey Mwakikagile,2018-05-06 This work focuses on the liberation struggle from the 1960s to the 1990s in the countries of southern Africa to end white minority rule The author writes from personal experience When the Organisation of African Unity OAU was formed in Addis Ababa Ethiopia in May 1963 Tanganyika now Tanzania was chosen to be the headquarters of the OAU Liberation Committee All the African liberation movements went on to open their offices in Tanzania s capital Dar es Salaam Many refugees fleeing oppression in the countries of southern Africa also went to live in Tanzania The author was a young news reporter in Dar es Salaam in the early seventies and got the chance to know some of the freedom fighters and their leaders who were based there during those days He also interviewed a number of them and has provided an additional perspective to his work as a primary source of some of the material included in his book It was one of the most important periods in the history of post colonial Africa Most countries on the continent had won independence by 1968 The toughest struggle was in the few strongholds of white minority rule in the southern part of the continent and in the Portuguese colony of Guinea Bissau Cape Verde in West Africa which finally ended in victory As President Nyerere once said Throughout history nationalist struggles have had one end victory      **Race Rebels** Robin D. G. Kelley,1996-06-01 From notable historian and author of *Freedom Dreams* the untold history of the Black working class resistances throughout the 20th century Many Black strategies of daily resistance have been obscured until now Race rebels argues Kelley have created strategies of resistance movements and entire subcultures Here for the first time everyday race rebels are given the historiographical attention they deserve from the Jim Crow era to the present      **Eastern Europe, the Soviet Union, and Africa** Chris Saunders,Helder Adegar Fonseca,Lena Dallywater,2023-04-27 It is now widely recognised that a Cold War perspective falls short in unfolding the complex geographies of connections and the multipolarity of actions and transactions that were shaped through the movement of individuals and ideas from Africa to the East and from the East to Africa in the decades in which African countries moved to independence Adopting an interdisciplinary transregional perspective this volume casts new light on aspects of the role of Eastern Europe and the Soviet Union in the decolonisation of Africa Taking further themes explored in a collection of essays published by the editors in 2019 the twelve case studies by authors from South Africa Czech Republic Portugal Russia Hungary Italy Canada Serbia and Germany draw on new sources to explore the history of the ties that existed between African liberation movements and the socialist bloc some of which continue to influence relationships today Chapters contribute to three relevant main themes that resonate in a number of scholarly fields of inquiry ranging from Global Studies Transregional Studies Cold War Studies Global History to African Studies Eastern European Russian and Slavic Studies Reconsiderations Resources and Reverberations Drawing upon newly

opened archives and combining transregional perspectives with sources in different languages chapters explicitly point out the shortcomings of past research and debates in the respective field They highlight new avenues which have been developing and which need to be further developed Reconsiderations Selected case studies address the resources of those being active and involved in decolonisation processes be it in East North West and South They reveal Which resources both material and intellectual are the actors drawing upon On the other hand From which resources are individuals on one side or the other reciprocally or intermittently intentionally kept away Resources Finally the third theme puts an emphasis on the historicity of the processes depicted Studies point to the gaps and dead ends of international support the paths that peter out but also to repercussions and reverberations up until today Reverberations Taken these three themes together the individual chapters contribute to the overall question of Which general historical narratives about the second half of the 20th century are changing based on these new research findings

*Historical Dictionary of the Republic of Guinea-Bissau* Peter Karibe Mendy, Richard A. Lobban, Jr., 2013-10-17 Guinea Bissau is a small country in West Africa and yet it managed to wrest its independence from Portugal back in 1973 at the cost of a long and bitter struggle against seemingly implacable odds This was a time to be proud of and there was also a moment about two decades ago when it looked like a trendsetter for democracy Since then things have gone seriously wrong with a collapsing infrastructure a dilapidated economy and a political stage prone to military coups d etats This fourth edition of *Historical Dictionary of Guinea Bissau* tells the long and sometimes unpleasant story However like all the country historical dictionaries it tells it several times and in several ways First the chronology traces the history of what became Guinea Bissau and this over a period of centuries and not just decades Then the introduction recounts that history again providing more insight and understanding and conveys a good idea of how things are going now The details follow in the dictionary section with entries on important persons places institutions and events among other things And the bibliography points to further reading      **Newsletter** United States. Nationalisms in Angola, Guinea-Bissau and Mozambique** Eric Morier-Genoud, 2012-04-19 This book brings together new research on nations and nationalism in Angola Guinea Bissau and Mozambique It provides original case studies as well as a theoretical discussion on the subject      **The Negro Almanac** ,1967      *Newsletter* ,1972      *Historical Dictionary of Mozambique* Colin Darch, 2018-12-15 The new edition of *Historical Dictionary of Mozambique* covers the Bantu expansion the arrival of the Portuguese navigators and their str competition with local African power centers and coastal Arab Swahili trading towns the trade cycles of gold ivory and slaves the establishment of the semi Africanized prazos along the Zambezi Valley pacification campaigns and the period of Portuguese weakness in the late 19th and early 20th centuries when vast tracts of land were rented to concessionary companies In the late colonial period the Salazar dictatorship tried to reassert Portuguese power but after ten years of armed struggle for national liberation Mozambique gained its independence in 1975 The book contains a

chronology an introduction appendixes and an extensive bibliography The dictionary section has over 600 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Mozambique      *Encyclopedia of Insurgency and Counterinsurgency* Spencer C. Tucker, 2013-10-29 A fascinating look at the insurgencies and counterinsurgencies throughout history with a concentration on the 20th and 21st centuries This encyclopedia examines insurgencies and the counterinsurgency efforts they prompt through history addressing military actions and the techniques and technologies employed in each conflict significant insurgency leaders and the leading theorists with emphasis on the small wars of the 20th century and most recent decades The clear concise entries provide a breadth of coverage that ranges from the Maccabean Revolt in 168 143 BCE and the Peasants Revolt in Germany in the 1500s to the American Revolutionary War and the ongoing insurgency in Syria Readers will gain a solid understanding of how insurgency warfare and counterinsurgency COIN strategy has played a key role in the U S conflicts in Afghanistan and Iraq in the early 21st century and grasp how this important military strategy has evolved during modern times
