## **The Call For The Prophet:**

**The Call: Elijah the Great Prophet** Patricia Grant, 2017-05-02 Twenty years ago Patricia Grant was called to the prophetic ministry and instructed by the Lord to become familiar with the lives and functions of the prophets in the Bible. Now after being called once again to teach others about the five people in the Bible who were named for specific missions and trained by the Lord, Grant brings to light the story of Elijah, one of the five, and compares his trials with her own. Grant relies on her personal spiritual experiences to share how through God's wisdom she discovered commonalities with ancient people who also faced hardships on the way to becoming prophets of nations. While highlighting Elijah's challenges and revealing her own struggles throughout childhood and her lifetime, Grant not only demonstrates how faith and God's love have the power to bring one through darkness and into a healing light but also provides spiritual guidance for anyone seeking to overcome hardships and accomplish great things for the Lord. *The Call: Elijah the Great Prophet* shares a true story of God's love and power as a woman is called to study ancient people and discovers they have more in common than she ever realized.

Frye, 2017-03-14 When you came so close to dying as I have, you tend to wonder why you're still here. The things I have experienced, the things that I have seen and heard, are extremely hard to accept, but they are facts. I am not greater than anyone. We all have an equal value to God. Some people have similar callings, but mine was more prophetic, angelic, and spiritual than most. I read about the calling of Elijah and Elisha, and I believe I can relate to that calling as well as the prophet

Hardy,2018-05-11 The Calling from God shares an in depth analysis of various callings to individuals to preach from a biblical standpoint It comes in unique ways for each individual So the exact nature of the calling from God is difficult at best to describe for it does not lend itself to any private interpretation especially to someone not privy to the calling Within the text the reader will learn about the struggles of various people with God and within themselves All experiences are coercing demanding and cajoling for sure However the one called has to determine within oneself what Gods will is for him herself The Calling from God will serve as a guide to those seeking answers about their possible destiny The book takes the approach that many are called but only a few answer because of uncertainty The book will help one decide what to do based on their life changing experiences with the power of the Lord Jesus Christ The ones called must make sure of their calling for there is much to do since the harvest is great This book shows in detail some of the preparation needed as one grows in service to the calling from God All Christians are called by God the Father to be witnesses of his resurrection power by grace through faith in the Lord Jesus Christ For sure a call in any form lays a heavenly claim upon the one called This book helps one understand the calling from God and will help one reach a sound decision based on their life and experiences in comparison to selected biblical callings The Calling from God will serve a reference manual and a valuable source of information for anyone thinking about answering or has answered the call from God The decision to serve is very personal as you will learn from the book The Calling from God and many biblical examples If you are struggling with the decision to serve or not to serve this book is for you You will know after reading The Calling from God if you are one of the few chosen to serve and trust Gods wisdom in leading you to point others to the uplifted Christ Will you answer the call from God The alternative is to wrestle with the Spirit as conviction works slowly and agonizingly in the soul This book is a must read Is Paul also among the Prophets?

Jeffrey W. Aernie,2012-05-03 Aernie examines the prophetic material in the Old Testament and its relationship with the prophetic material in Second Temple Judaism Hellenism and the early Christian movement The subsequent analysis of 1 Corinthians constitutes an investigation of the effect of the Old Testament prophetic tradition on Paul s self presentation in 1 Cor 9 15 18 and rhetorical framework in 1 Cor 14 20 25 as a methodological foundation for the exegetical analysis of 2 Corinthians Aernie explores the influence of the Old Testament prophetic tradition on Paul s apostolic self presentation and

rhetoric in 2 Corinthians The analysis of Paul s self presentation examines the apostle s relationship with Moses the Isaianic servant and Jeremiah in order to define Paul s position with regard to the preceding prophetic tradition Aernie analyses Paul s argument in 2 Cor 2 14 16 4 1 6 6 14 7 1 12 1 10 then seeks to examine the influence of the Old Testament prophetic tradition on the formation of Paul s rhetorical framework Aernie s intention is to provide support for the notion that the particularly prophetic nature of Paul s apostolic persona affects both his self presentation and rhetorical agenda in 2 Corinthians

**Dictionary of the Old Testament: Prophets** G MCCONVILLE, MARK J BODA, 2020-05-21 The writings of the prophets make up over a quarter of the Old Testament But perhaps no other portion of the Old Testament is more misunderstood by readers today For some prophecy conjures up knotted enigmas opaque oracles and terrifying visions of the future For others it raises expectations of a plotted out future to be reconstructed from disparate texts And yet the prophets have imprinted the language of faith and imagination with some of its most sublime visions of the future nations streaming to Zion a lion lying with a lamb and endlessly fruiting trees on the banks of a flowing river We might view the prophets as stage directors for Israel s unfolding drama of redemption Drawing inspiration from past acts in that drama and invoking fresh words from its divine author these prophets speak a language of sinewed poetry their words and images arresting the ear and detonating in the mind For when Yahweh roars from Zion and thunders from Jerusalem the pastures of the shepherds dry up the crest of Carmel withers and the prophetic word buffets those selling the needy for a pair of sandals The Dictionary of the Old Testament Prophets is the only reference book of its kind Not only does it focus exclusively on the prophetic books it also plumbs their imagery of mountains and wilderness flora and fauna temple and Zion It maps and guides us through topics such as covenant and law exile and deliverance forgiveness and repentance and the Day of the Lord Here the nature of prophecy is searched out in its social historical literary and psychological dimensions as well as its synchronic spread of textual links and associations And the formation of the prophetic books into their canonical collection including the Book of the Twelve is explored and weighed for its significance Then too contemporary approaches such as canonical criticism conversation analysis editorial redaction criticism feminist interpretation literary approaches and rhetorical criticism are summed up and assayed Even the afterlife of these great texts is explored in articles on the history of interpretation as well as on their impact in the New Testament *Christian Nation* ,1927

Oosthuizen,2016-05-18 Apart from the mainline Pentecostal and Zionist churches there are different types of African Independent Indigenous Churches AIC The greater part of the more than four thousand denominations and eight million adherents came into the AIC during the past three decades mainly from the traditional African religious background The important role of the diviner in the traditional society has been replaced by the prophet in the AIC the prophet understands the worldview of his her people especially the cultural diseases In some churches the office of prophet cum diviner is represented by one person The AIC movement is the most dynamic church movement in many parts of Africa especially Southern Africa The consistent growth of these churches can largely be accounted for by the healing procedures they use which are highlighted in this study Dr Oosthuizen approaches healing from various angles as sickness is not only determined by physical and psychological factors but also by disturbed human relationships and socio political and economic tensions      *The Renaissance Prophet's Manual* Bishop R. James Dickey,2012-04 The true key to unlocking the secret of the Bible according to author E James Dickey is found in biography Some people would approach the Bible from a doctrinal sacramental historical and archaeological point of view Valid as these ways of understanding this magnificent treasure known as the Bible are any or all of these measures fall far short of encompassing the whole content of the Bible The way to embrace the totality of scripture and unlock the mystery therein is through biography according to the author No other spiritual or religious documents in the world have this element to it Instead dictums commandments sayings maxims and axioms dominate such writings Valid as they are the truly human element is missing Moreover the relationship with the one true God and with one another is dictated by those words be they inspired revealed or fashioned So any relationship tends to become subservient to the statements themselves Thus freedom is thwarted and throttled at its very roots It is true that biography often is somewhat sketchy throughout the scriptures but enough elements are there to portray a real picture of the people involved To look at the Bible from the primary relationship with the one true God of the whole universe and with live human beings is the key to the scriptures When sincere it will produce fruits beyond compare

**Fulfilling the Law and the Prophets** Matthew Anslow,2022-07-18 Matthew's Gospel makes mention of prophets and prophecy more than any other canonical Gospel Yet its perspective on prophecy has generally been neglected within biblical scholarship when in fact Jesus prophetic vocation is a central christological theme for Matthew This new study by Matthew Anslow seeks to draw attention to this underdeveloped focus within Matthean studies The central claim of the book is that in Matthew's Gospel Jesus prophetic vocation is presented as a multi faceted phenomenon drawing on several prophetic traditions Like biblical and popular prophets before him Jesus is depicted by Matthew as calling Israel back to covenantal faithfulness thereby providing guidance for the identity theology and communal life of God's people
