Resolutions and Decisions of the Communist Party of the Soviet Union Volume 1 RALPH CARTER ELWOOD, 1974-12-15 This set of four volumes is an indispensable reference work for the study of modern Russia in general and Soviet Communism in particular Ever since its foundation on the eve of the twentieth century the organization now called the Communist Party of the Soviet Union has been embodying its major policies in documents called resolutions and decisions These form a much more continuous and extensive record of the evolution of Soviet Communism than the writings of any single leader and the standard Soviet anthology of these materials has gone through eight editions over a fifty year period Yet most of this essential material has been available only in Russian and even in that language the standard editions have been marred by selectivity and editorial comment that is often politically motivated At last students of modern Russian studies have access to a multi volume work that not only presents the most important Communist Party resolutions and decisions in English but also amplifies the standard Soviet anthology in important respects and provides editorial explanation that is independent of Kremlin politics The rich store of materials in these four volumes ranges from the formation of the party to the fall of Khrushchev and it deals with a wide range of issues

The clearly organized volumes each contain a major introductory essay as well as shorter background essays on each party congress conference or Central Committee plenum The documents approved by these meetings are often fundamental in importance but the centralist operation of the party in power has been such that many of the most vital decisions have been issued in the name of the Central Committee when there was no meeting of that body at all It is one of the signal achievements of these volumes that the selection of materials included was based on a list of all known party decisions whether or not they have been included in the main Soviet reference work The four volumes in this series are edited as an integral set Each contains a subject index in which Russian abbreviations and acronymic names are translated Tables summarizing the personnel of the main party executive bodies since 1917 are also provided At the same time each of the volumes is built around a coherent period in the development of Russian Communism and each reflects the special features of its time Volume 1 treats the period before the October Revolution of 1917 It is the first collection of materials on the early evolution of the Russian Social Democratic Party that deals with the entire movement so that the interaction of the various factions of the party may be understood as a whole and not merely in a partisan Leninist framework This volume also breaks new ground in publishing in English vital records of Communist activity during the Revolution of 1917 *Citizens Radio Call Book Magazine*, 1926 *The Butch Karp and Marlene Ciampi Novels Volume One* Robert K. Tanenbaum, 2018-03-13 From a New York Times bestselling author and the Joseph Wambaugh of the judicial system comes the first three legal thrillers in the long running series San Diego Tribune A successful trial lawyer and one hell of a writer Robert Tanenbaum crafts his legal thrillers with authenticity and breath taking suspense In these first three books of the series he introduces Manhattan assistant district attorney Roger Butch Karp who struggles to remain true to himself in an often corrupt judicial system But with the help of assistant DA Marlene Ciampi he fights the good fight with energy wit and a passion for the truth New York Post No Lesser Plea A brutal murderer hopes feigning insanity will keep him out of the courtroom But Butch and Marlene aren't about to let him get away with it A page turner San Diego Tribune Depraved Indifference Butch is ready to prosecute a group of Croatian terrorists in what should be a slam dunk case but everyone from the FBI to the CIA and even the Catholic Church is prepared to stop him A novel full of whirlwind action Very good New York Times Book Review Immoral Certainty A remorseless monster is stalking the city's children forcing Butch and Marlene to descend into the darkest corners of New York's underworld where a benign face can hide an evil soul Intricate plotting A rousing finale Frightening Los Angeles Times Book Review *A Writer Under The Influence Vol. #2* Jeff Campagna, 2011 [The Complete Works of Rosa Luxemburg, Volume III](#) Rosa Luxemburg, 2019-02-05 Rosa Luxemburg's theoretical masterpiece This collection is the first of three volumes of the Complete Works devoted to the central theme of Rosa Luxemburg's life and work revolution Spanning the years 1897 to the end of 1905 they contain speeches articles and essays on the strikes protests and political debates that culminated in the 1905 Russian Revolution one of the most important social upheavals of modern times Luxemburg's near

daily articles and reports during 1905 on the ongoing revolution which comprises the bulk of this volume shed new light on such issues as the relation of spontaneity and organization the role of national minorities in social revolution and the inseparability of the struggle for socialism from revolutionary democracy We become witness to Luxemburg's effort to respond to the impulses challenges and ideas arising from a living revolutionary process which in turn becomes the source of much of her subsequent political theory such as her writings on the mass strike her strident internationalism and her insistence that revolutionary struggle never take its eyes off of the need to transform the human personality Virtually all of these writings appear in English for the first time translated from both German and Polish and many have only recently been identified as having been written by Luxemburg *The Last Call* Richard Dowling, 2020-07-25

COST PRICE AND PROFIT IN the first volume we analyzed the phenomena presented by the process of capitalist production considered by itself as a mere productive process without regard to any secondary influences of conditions outside of it But this process of production in the strict meaning of the term does not exhaust the life circle of capital It is supplemented in the actual world by the process of circulation which was the object of our analysis in the second volume We found in the course of this last named analysis especially in part III in which we studied the intervention of the process of circulation in the process of social reproduction that the capitalist process of production considered as a whole is a combination of the processes of production and circulation It cannot be the object of this third volume to indulge in general reflections relative to this combination We are rather interested in locating the concrete forms growing out of the movements of capitalist production as a whole and setting them forth In actual reality the capitals move and meet in such concrete forms that the form of the capital in the process of production and that of the capital in the process of circulation impress one only as special aspects of those concrete forms The conformations of the capitals evolved in this third volume approach step by step that form which they assume on the surface of society in their mutual interactions in competition and in the ordinary consciousness of the human agencies in this process
