## **The Canadian Challenge:**

The Canadian Challenge Doug Baldwin, Don Quinlan, Rick Mahoney, Kevin Reed, 2008-09-23 Colourful and user friendly The Canadian Challenge investigates the key issues presented by economic social and technological changes after 1914 as well as the contributions of individuals and groups to Canadian culture and society during this period This student resource incorporates the five strands outlined in the CHC2D curriculum including local national and global communities change and continuity citizenship and heritage social economic and political structures and methods of historical inquiry and communication The Canadian Challenge ,2009 The Canadian Challenge Brian A. **Breaking Free of Neoliberalism: Canada's Challenge** ALEX HIMELFARB, 2024-09-13 Neoliberalism idealizing free market capitalism sets the boundaries for how we are governed in Canada no matter who is in power Author ALEX HIMELFARB explores why these ideas persist when the need for dramatic action on issues like inequality and global warming is obvious to all Neoliberalism free market capitalism and the view that freedom is society's highest value has become embedded in the fabric of Canadian government and society Neoliberal theorists marginalized for decades after the Second World War saw their ideas embraced by Margaret Thatcher and Ronald Reagan who implemented their policies in the 1980s and 90s Neoliberalism arrived in Ottawa with the Mulroney government in 1984 and has continued as widely accepted common sense about government until today Neoliberalism's basic tenets reduce public services in favour of privatization cut taxes to benefit business demonize government deficits limit government regulation and enable corporations to self regulate continue to be promoted by its corporate champions and think tank advocates Yet the experiences of the last decade in Canada and internationally have demonstrated the emptiness of neoliberalism and demonstrated the crucial role government plays in society Challenges from financial market crises to the COVID 19 pandemic and climate change underscore how vital government action can be in our lives *The Canadian Challenge* Progressive Conservative Party (Canada). Congrès d'orientation politique, Quebec City, 1971, 1971\* The Canadian Magazine , 1914 **The Canadian Criminal Law Digest** , 1920 Connecting Canadians Andrew Clement, 2012 Connecting Canadians examines the role of community informatics or community based ICT initiatives in this process of transition The Community Research Alliance for Community Innovation and Networking CRACIN set out to study how civil society groups in locations ranging from Vancouver to Labrador and from remote Northern communities to Toronto and Montréal sought to enable local communities to develop on their own terms within the broader context of federal and provincial policies and programs Drawing on diverse

theoretical perspectives from sociology to library and information sciences to women's studies the essays not only document specific local initiatives but analyze the overall trajectory of the government's vision of a digitally inclusive Canada *The Politics of Constitutional Reform in North America* Rainer-Olaf Schultze, 2013-06-29 In October 1999 some fifteen academic experts and government practitioners from Germany and North America gathered for two days at the University of Augsburg to discuss the topic of Constitutional Reform and Constitutional Jurisprudence in Canada and the United States The present volume documents the results of that conference a collaborative effort of the Department of Political Science University of Erlangen Nuremberg and the Institute for Canadian Studies University of Augsburg In organizing this workshop we were guided by two basic sets of ideas and assumptions First all established democracies are regularly confronted with the need to adjust their constitutional order to changes in their environment lest democratic stability be transformed into rigidity in many western nations including Canada and the United States developments such as the crisis of the Keynesian welfare state or the emergence of increasingly heterogeneous postmodern societies have ushered in an era of heightened yet not always successful constitutional reform activity Secondly however there is no unique path towards or model of an optimal constitutional order however defined rather constitutional reform processes their underlying normative principles and their outcomes are strongly path and context dependent Therefore the participants of the workshop and authors of this volume were asked to examine the specific preconditions context nature and impact of recent constitutional reform processes in the United States and Canada **Space Regulation in Canada: Past, Present and Potential** Aram Daniel

Kerkonian, 2021-03-24 Space is no longer the domain of national space agencies Today a significant majority of space activities are carried out by non governmental entities resulting in the accelerated evolution of space technologies and their applications This operational shift from public to private does not mean however that governments are no longer relevant in this era of New Space On the contrary as the operational role of the state has diminished its regulatory role has grown correspondingly Acknowledging that the commercial landscape in space is an ever changing one this book explores how the Canadian government has adapted to the new commercial space landscape and whether it is prepared to fulfil its authorisation and supervision responsibilities as the regulator of Canada's space industry The fundamental research question posed therefore is whether Canada's regulatory framework is appropriate given the increasing commercialisation of space To best answer this question the book provides a doctrinal analysis of Canada's historical space policy and current space laws an empirical survey of the perspectives of those currently interacting with Canada's regulatory framework and a comparative exploration of how other jurisdictions oversee commercial space activities Motivated by legal moral and economic considerations the book recommends that Canada enact a comprehensive national space law and provides an annotated draft law for this purpose By doing so the book intends to spark a meaningful conversation on how Canada ought to fulfil its regulatory responsibilities a topic previously unaddressed in public and academic discourse *Regionalism and*
