The largest 11 228 square kilometres 4 335 square miles and most northerly Canadian Rockies National Park includes the foothills to the east the Continental divide to the west along the Alberta British Columbia border and extends to the Columbia Icefield in the south. Jasper offers more than 1 300 kilometres 808 miles of superb walking hiking and backpacking trails in the front and backcountries and excellent opportunities for wildlife viewing. colour reproductions of Mary Vaux Walcott's stunning watercolours of wildflowers sketched in the Assiniboine area complement Gooch's introduction. Gooch also discusses the history of exploration of the region, early ascents of Mount Assiniboine, the development of tourism and the significant artistic activity this majestic peak has inspired. Forgotten Highways Nicky L. Brink, Stephen R. Bown, 2011-02-01 Traversing the historic trails of the Rockies today is done in much the same manner as it was two centuries ago, primarily on foot with heavy packs with little better defence against mosquitoes or the elements. Although accurate maps are available and modern technology such as global positioning systems stand as a bulwark to a complete wilderness experience, in many cases it is as difficult and challenging to cross these mountain passes or even more so than it was two centuries ago. Routes such as Athabasca Pass are far less travelled today than they were in the golden era of the fur trade. If our society has become so rich that we continually seek out physical and mental challenges in the wilderness adventure and eco travel, perhaps it would be a sign of respect to follow at least for a while in the footsteps of those who in many ways paved the way for generations to come. We began to form the idea of hiking all the significant historical trails to see what we could learn from the early pathfinders about the difficulty of wilderness life and travel. What window would be opened to times past in a land where the terrain has remained essentially unchanged from the authors' introduction. Lizzie Rummel Ruth Oltmann, 1983-05 Elizabeth von Rummel, born into aristocracy in turn of the century Germany, came with her family to live on a ranch in the Alberta foothills when working on it became the alternative to life in her World War One ravaged homeland. Then when most people were settling into middle age, Lizzie struck out on another challenge. For 32 years she ran backcountry lodges like Skoki and Assiniboine for which she received the Order of Canada and the friendship of hundreds of people whose lives were enhanced by her special charm. **Mountain Treks in Alberta** Gerry Shea, 2010 As well, general histories of the trails, routes and mountain names add an understanding of what was experienced by the First Peoples and early European explorers who set foot in these beautifully wild areas of western Canada. *Rocky Mountain Wildflowers* Jerry Pavia, 2003 This blooming guide features 95 wildflowers of the Rocky Mountains that will most likely be seen by visitors and features quotes from early frontier explorers and naturalists who wrote about them. 177 photos, 8 maps. **Conrad Kain** Zac Robinson, 2021-12-08 Examine the life of the pioneering guide in these 144 letters sharing his thoughts on immigrating to Canada, his passion for nature, his travels and more. Conrad Kain is a titan amongst climbers in Canada and is well known in mountaineering circles all over the world. His letters to Amelie Malek, a life-long friend, offer a candid view into the deepest thoughts of the Austrian mountain guide and are a perfect complement to his autobiography *Where the Clouds Can Go*. The 144 letters provide a unique and personal view of what it meant to immigrate to Canada in the early part of the twentieth century. Kain's letters are ordered chronologically with annotations keeping the sections in English untouched while those in German have been carefully translated. Historians and mountain culture enthusiasts worldwide will appreciate Kain's genius for description, his passion for nature, his opinions and his musings about

his life In a culture that enjoys as many romantic figures as there are mountain peaks on the horizon as viewed from a lofty summit Conrad Kain holds a special place in the historical landscape of western Canada's mountains Robinson makes no secret of his affection for Kain and that's a good thing because he handles the letters Kain wrote throughout his adult life while guiding in Canada and New Zealand to his dear friend in Austria Amelie Malek with the care and reverence they so richly deserve Lynn Martel Alpine Club of Canada Gazette From his letters it's obvious that Kain loved climbing mountains for the physical challenge to meet interesting people to make a living and for opportunities to travel around the world but most especially because of his all consuming love of the natural world Cyndi M Smith The Canadian Field Naturalist Vol 129 No 1
