press rooted in the long Polish tradition of well organized resistance to foreign occupation reshaped this tradition to embrace nonviolent civil resistance while creating a network that evolved from a small group of dissidents into a broad opposition movement with cross national ties and millions of sympathizers It was the galvanizing force in the resistance to communism and the rebuilding of Poland s democratic society Destination--Poland ,1999 *Problems of Communism* ,1987 **Book Review Digest** ,1928 **The Polish Crisis-- Solidarity and Martial Law** Amos Lakos,1987 Tradition, Literature and Politics in East-Central Europe Carl Tighe,2020-12-30 Milan Kundera warned that in in the states of East Central Europe attitudes to the west and the idea of Europe were complex and could even be hostile But few could have imagined how the collapse of communism and membership of the EU would confront these countries with a life that was suddenly and disconcertingly modern and which challenged sustaining traditions in literature culture politics and established views on identity Since the countries of East Central Europe joined the European Union in 2004 the politicians and oppositionists of the centre left who once led the charge against communism have often been forced to give way to right wing authoritarian populist governments These governments while keen to accept EU finance have been determined to present themselves as protecting their traditional ethno national inheritance resisting foreign interference stemming the gay invasion halting Islamic replacement and reversing women s rights They have blamed Communists liberals foreigners Jews and Gypsies revised abortion laws tampered with their constitutions to control the Justice system and taken over the media to an astonishing degree By 2019 amid calls for the suspension of their voting rights both Poland and Hungary had been taken to the European Court of Justice and the European Parliament and had begun to explore ways to put conditions on future EU funding This book focuses on the interface between tradition literature and politics in east central Europe focusing mainly on Poland but also Hungary and the Czech Republic It explores literary tradition and the role of writers to ask why these left liberals who were once ubiquitous in the struggles with communism are now marginalised often reviled and almost entirely absent from political debate It asks in what ways the advent of capitalism normalised literature and what the consequences might be It asks whether the rise of chauvinism is normal in this part of the world and whether the literary traditions that helped sustain independent political thought through the communist years now instead of supporting literature feed nationalist opinion and negative attitudes to the idea of Europe *The Spectator* ,1851 **End of Communist Rule in East Europe** Debamitra Mitra,1992 *Books in Print Supplement* ,1984 **Library Journal** ,1984-07 *AB Bookman's Weekly* ,1993 Conscience and Captivity Janice Broun,Grazyna Sikorska,1988 **Indiana Slavic Studies** ,1998
