Birds of the Caribbean Robert Porter Allen, 1961 *The Caribs of Dominica* Douglas MacRae Taylor, 1938 **A Field Guide to the Birds of the West Indies** James Bond, 1999-09 Descriptions of more than 400 species of birds found in the islands of the West Indies include local names of birds notes on migrants and winter residents as well as birds that breed there and voice habitat and range information More than 340 illustrations aid in identification **Among the Indians of Guiana** Sir Everard Ferdinand Im Thurn, 1883 *The Black Carib Wars* Chris Taylor, 2012-05-03 In *The Black Carib Wars* author Christopher Taylor offers the fullest most thoroughly researched history of the Garifuna people of St Vincent and their uneasy conflicts and alliances with Great Britain and France The Garifuna whose descendants were native Carib Indians Arawaks and West African slaves brought to the Caribbean were free citizens of St Vincent Beginning in the mid 1700s they clashed with a number of colonial powers who claimed ownership of the island and its people Upon the Garifuna's eventual defeat by the British in 1796 the people were dispersed to Central America Today roughly 600 000 descendants of the Garifuna live in Guatemala Honduras Belize Nicaragua the United States and Canada The Garifuna called Black Caribs by the British to distinguish them from other groups of unintegrated Caribs speak a language and live a culture that directly descends from natives of the Caribbean at the time of Columbus Thus the Garifuna heritage is one of the oldest and strongest links historians have to the region before European colonialism The French the first white people to live on St Vincent attempted to subdue the Black Caribs but eventually developed an alliance with them When the Treaty of Paris ostensibly handed St Vincent to the British crown in 1763 the British clashed with the Black Caribs but like the French eventually formed another treaty This cycle of attempted colonialism of St Vincent by France and England alternately would continue for three decades After repeated conflict and desperate measures by the European powers the Garifuna were forced to surrender In March 1797 the last survivors were loaded on to British ships and deported to the island of Roatan hundreds of miles away in the bay of Honduras A little over 2 000 men women and children were all that were left perhaps a fifth of the Black Carib population of just two years earlier It was a cataclysm But the Black Caribs the Garifuna in their own language survived and their descendants number in the hundreds of thousands *Thunderbirds* Mark A. Hall, Mark Lee Rollins, 2008-11-01 In this compelling compilation of evidence researcher Mark Hall presents the case for terrifying monstrous bird that has roamed our continents since the days of the ancient legends of the Thunderbird Some very large birds are being sighted in the skies over North America Described as an enormous black bird with a white ring around its long neck and a wingspan of up to 20 feet and more this giant bird of prey has been sighted from Alaska Canada and the Pacific Northwest and into the Midwest Appalachia and Pennsylvania The accounts are puzzling and hard to believe yet eyewitnesses swear by what they saw Evidence from around the world indicates that our ancestors knew and feared the bird which can carry away small children and animals *The Origin of Primitive Superstitions and Their Development Into the*
