**The Royal Eagle** Mar Cañamar, 1993 The Royal Eagle soars across a vast terrain of space and time We follow reporter Randy Escalera everywhere from 1970s Mexico to 1990s Houston and beyond as he investigates a string of brutal murders popping up all over the Lone Star State alone with his tireless quest to find the whereabouts of his long lost abducted sister Not knowing that his effort would bring him even more surprises on that journey that involve a variety of law enforcement departments around the Houston area What starts off as a classic detective story takes on elements of fantasy and romance stitched together with a thread of historical events that ultimately ties together the moral backdrop of this tale Like genocides rapes animal cruelty labor abuse human and drug trafficking It offers us a bird's eye view of the seedier side of globalization but the courage and compassion Randy and his team show in the face of those dark forces offer both a message of hope and a call to action Which would come to an inspectable unpredictable and full of mind boggling end I hope the facts and fictions in this story don't offend anyone in any way I just want to tell something I have seen over the years something that is an epidemic among us We all have children your own or related to them in any way We have to be very conscious about all of our own children I take you to different scenes where some of them can be gore but that's how it is in this life no one can tell how the consequences can be until you feel it in your own flesh Missing a loved one can be devastating however it is worst if you don't know where the loved one is In this novel we cover the facts and how they could end up Thank you
