Dictionary of Doctrinal and Historical Theology John Henry Blunt, 1870 **A Master's Reflection on the History of Humanity** Ramtha, Ramtha (the enlightened one (Spirit)), 2001 Fire of Mercy, Heart of the Word Erasmo Leiva-Merikakis, 2021-09-01 To the unstudied eye St Matthew's Gospel can seem a terse narrative almost a historical document and not the tremendously spiritual and doctrinal storehouse that it is In his fourth and final volume of meditations on Matthew chapters 26-28 Father Simeon formerly Erasmo Leiva Merikakis continues to show Matthew's prose to be not so much terse as economical astoundingly so given its depth The lay reader can derive great profit from reading this book Each short meditation comments on a verse or two pointing to some facet of the text not immediately apparent but rich with meaning Father Simeon's work is scholarly but eminently approachable by the lay reader The tone is very much of taste and see how good the Lord is and an invitation of friend come up higher The goal of the book is to help the reader experience the heat of the divine Heart and the light of the divine Word The author addresses both the objective and subjective levels of the Word of God both what it is in itself and what impact it ought to have in our lives Father Simeon comments on the Greek text demonstrating nuances in the text that defy translation He uses numerous quotes from the Fathers and the Liturgy of the Church to demonstrate the way the Tradition has lived and read the Word of God His theological reflection vivifies doctrine by seeking its roots in the words and actions of Jesus He shows that ultimately the text of the Gospel serves only one purpose to make possible a living encounter with the person of Jesus Christ an encounter that is wholly life transforming Every effort therefore has been made throughout the commentary to show how the presence of Christ in the world has changed the very nature of both history and human experience **Developing a Model of Islamic Psychology and Psychotherapy** Abdallah Rothman, 2021-07-29 At a time when there is increasing need to offer psychotherapeutic approaches that accommodate clients religious and spiritual beliefs and acknowledge the potential for healing and growth offered by religious frameworks this book explores psychology from an Islamic paradigm and demonstrates how Islamic understandings of human nature the self and the soul can inform an Islamic psychotherapy Drawing on a qualitative grounded theory analysis of interviews with Islamic scholars and clinicians this unique volume distills complex religious concepts to reconcile Islamic
