The Broadwater Farm Inquiry Broadwater Farm Inquiry, Tony Gifford, 1986 **The Broadwater Farm Inquiry** Tony Gifford, 1986 Report of the independent inquiry into disturbances of October 1985 at the Broadwater Farm Estate Tottenham chaired by Lord Gifford QC **Architecture, Media, Populism... and Violence** Graham Cairns, 2022-10-07 The Storming of the Capitol was for many the culminating media performance of the four year presidency of Donald Trump His presidency and its final act bore all the hallmarks of a 21st century form of populism and media politico spectacle that may yet come to dominate the political scene in the US and worldwide for years to come The questions that such events raise are complex varied and operative across a multitude of disciplines This book engages with these vexed questions in the broad fields of politics and media but does so uniquely through the prism of architecture This book does not however limit its view to the recent events in Washington DC or the United States Rather it seeks to use those events as the starting point for a critique of architecture in the tapestry of mediated forms of protest and political action more generally Each chapter draws on case studies from across timeframes and across nations The book sharpens our critique of the relationship between direct political action its media representation and the role it assigns to architecture as played out globally in the age of mass media In doing so it opens up broader debates about the past present and future roles of architecture as a political tool in the context of international political systems now dominated by changing and unpredictable uses of media and characterised by an increasingly volatile and at times violent form of political activism It is essential reading for any student or researcher engaging with these questions **Spycops** Raphael Schlembach, 2024-04-23 The spycops scandal has laid bare the existence of secretive police units that sent undercover police officers to infiltrate and undermine hundreds of political campaigns and activist groups This is the first academic analysis of the activists experiences and their attempts to find answers and accountability in the Undercover Policing Inquiry Written from the perspective of the policed the author draws on extensive fieldwork and his first hand experience of police infiltration through his participation in climate campaigns *The Law Librarian* , 1986 *The Case Against Paramilitary Policing* Tony Jefferson, 2023-03-31 In the late 1980s the conventional wisdom informing the policing of public order events was that of paramilitarism militarily trained and equipped units with a special responsibility to deal quickly and effectively with outbreaks of disorder The philosophy behind the paramilitary response suggested that the training discipline and specialization entailed ensured that the response was maximally effective and most in line with the tradition of impartial policing by consent The argument of this book originally published in 1990 demonstrates the reverse not only that police impartiality was chimerical and policing by consent was a viewpoint that did not include the consent of the routinely policed but that paramilitarism far from being maximally effective substantially contributed to the very problem it claimed to minimize The evidence for this argument is drawn from concrete analyses of a range of public disorder events political industrial and social a comparative look at similar work in USA and Australia and

substantial fieldwork observations and interviews undertaken with a police special patrol group and its supervising officers Jefferson argues further that solutions need to be sought for public order policing in making the police politically accountable ensuring that such accountability is also just in accordance with the viewpoint of the routinely policed and in reversing the drift toward paramilitarism **The Official Encyclopedia of Scotland Yard** Martin Fido, Keith Skinner, 1999 For over 170 years Scotland Yard has been the headquarters of the Metropolitan Police Service This encyclopedia reveals facts and stories from Scotland Yard s history It also profiles the activities techniques and structures of the modern Metropolitan Police

Doughty, 2025-09-04 The fascinating new history of the British Aristocracy since the Second World War A deeply researched and highly entertaining account Julian Fellowes creator of *Downton Abbey* This well written well researched and fascinating book could not be better timed Lord Andrew Roberts author of *Salisbury Victorian Titan* There are fewer than 5000 people who can genuinely claim to be members of the British aristocracy and yet they loom large in the popular

consciousness We re fascinated by their houses and estates their lives and loves their foibles and eccentricities And we entertain the strong suspicion that while they may be fellow citizens they are very far from being People Like Us In Heirs and Graces Eleanor Doughty draws on her unparalleled access to a bewildering range of dukes duchesses earls and others to create a vivid picture of who they are and how they tick En route she traces their progress from a post war era when they and their like were described by one future Labour Chancellor of the Exchequer as selfish depraved dissolute and decadent to their diverse current roles as guardians of vast ancestral mansions farmers financiers and much else beside She looks at key rites of passage from cradle via boarding school to grave And she tells stories of their ups and downs and of the doings of the heroes and villains who fill their ranks The result is a wonderfully rich often amusing always revealing account of the fortunes of the aristocracy over the past century and a series of fascinating glimpses into what it is like to be an aristocrat in Britain today

Estate Regeneration and Its Discontents Paul Watt,2021-03-31 Public housing estates are disappearing from London s skyline in the name of regeneration while new mixed tenure developments are arising in their place This richly illustrated book provides a vivid interdisciplinary account of the controversial urban policy of demolition and rebuilding amid London s housing crisis and the polarisation between the city s have nots and have lots Drawing on extensive fieldwork and interviews with over 180 residents living in some of the capital s most deprived areas Watt shows the dramatic ways that estate regeneration is reshaping London fuelling socio spatial inequalities via state led gentrification Foregrounding resident experiences and perspectives both before and during regeneration he examines class place belonging home and neighbourhood and argues that the endless regeneration process results in degeneration displacement and fragmented communities

Policing: A short history Philip Rawlings,2012-12-06 This book provides an overview of the history of policing in the UK Its primary aim is to investigate the shifting nature of policing over time and to provide a historical foundation to today s debates Policing a short history moves away from a focus on the origins of the new police and concentrates rather on broader but much neglected patterns of policing How was there a shift from communal responsibility to policing What has been expected of the police by the public and vice versa How have the police come to dominate modern thinking on policing The book shows how policing in the sense of crime control and order maintenance has come to be seen as the work which the police do even though the bulk of policing is undertaken by people and organisations other than the police This book will be essential reading for anybody interested in the history of policing on how differing perceptions emerged on the function of policing on the part of the public the state and the police and in today s intense debates on what the police do
