# **THE BUNKER**

**"This is a riveting, damned near incredible  
(but true) story of the last days inside  
Hitler's underground hideout in Berlin. Nothing  
I've read on the subject reveals so vividly  
the psychopaths, quasi-criminals and looneys  
who made up the entourage around Germany's  
demon king. This was no Götterdämmerung,  
it was the last gasp of a rat pack."**

The Berlin Bunker James P. O'Donnell,1979      The Bunker James Preston O'Donnell,1942      **The Bunker** James P. O'Donnell,2001 A compulsively readable account of Hitler's last days written by one of the first Americans to enter Hitler's bunker after the fall of Berlin      Four Days in Hitler's Germany Robert Teigrob,2019-05-23 In 1937 Canadian Prime Minister Mackenzie King travelled to Nazi Germany in an attempt to prevent a war that to many observers seemed inevitable The men King communed with in Berlin including Adolf Hitler assured him of the Nazi regime's peaceful intentions and King not only found their pledges sincere but even hoped for personal friendships with many of the regime's top officials Four Days in Hitler's Germany is a clearly written and engaging story that reveals why King believed that the greatest threat to peace would come from those individuals who intended to thwart the Nazi agenda which as King saw it was concerned primarily with justifiable German territorial and diplomatic readjustments Mackenzie King was certainly not alone in misreading the omens in the 1930s but it would be difficult to find a democratic leader who missed the mark by a wider margin This book seeks to explain the sources and outcomes of King's misperceptions and diplomatic failures and follows him as he returns to Germany to tour the appalling aftermath of the very war he had tried to prevent      **What Really Happened: The Death of Hitler** Robert J. Hutchinson,2020-08-04 Think You Know Everything about the death of Hitler Think Again After World War II 50 percent of Americans polled said they didn't believe Adolf Hitler and Eva Braun had committed suicide in their bunker in 1945 as captured Nazi officials claimed Instead they believed the dictator faked his death and escaped perhaps to Argentina This wasn't a crazy opinion Joseph Stalin told Allied leaders that Soviet forces never discovered Hitler's body and that he personally believed the Nazi leader had escaped justice At least two German submarines crossed the Atlantic and landed on the coast of Argentina in July 1945 Plus there were numerous reports of top Nazi officials successfully fleeing to South America where there was a large German colony Incredible as it sounds the mystery surrounding Adolf Hitler's final days only deepened in 2009 when a U S forensic team announced that a piece of Hitler's skull held in Soviet archives was not actually Hitler's International interest increased further in 2014 when the FBI released previously classified files detailing investigations surrounding Hitler's possible escape And the following year The History Channel launched a three year reality TV series investigating if it was possible Hitler did somehow survive So what really happened Popular history writer Robert J Hutchinson author of What Really Happened The Lincoln Assassination takes a fresh look at the evidence and discovers once and for all the truth about Hitler's last week in Berlin Among the questions the book explores are What did surviving Nazi eyewitnesses really say about the Führer's final days in the bunker and could they have been lying to aid Hitler's escape If Hitler didn't escape why did the Allies not find his body What about Hitler's proven use of body doubles Could Hitler have used a body double in the bunker while he and Eva Braun flew to safety in a long range aircraft that took off from a runway in Berlin's Tiergarten Why did the FBI continue to investigate reports of Hitler's

survival for more than a decade after World War II reports that were only declassified in 2014 What about sensational claims in books such as *The Grey Wolf* that Hitler and Eva Braun lived in an isolated chalet in the Andes and that Hitler died in 1962 Why were forensic tests on crucial physical evidence only conducted in 2016 more than 70 years after World War II ended And lots MORE

**The Hitler Years: Disaster, 1940-1945** Frank McDonough, 2025-09-23 The Second Volume of a new chronicle of the Third Reich under Hitler's hand ending with his death and Germany's disastrous defeat In *The Hitler Years Disaster 1940 1945* Frank McDonough completes his brilliant two volume history of Germany under Hitler's Third Reich At the beginning of 1940 Germany was at the pinnacle of its power By May 1945 Hitler was dead and Germany had suffered a disastrous defeat Hitler had failed to achieve his aim of making Germany a super power and had left her people to cope with the endless shame of the Holocaust Despite Hitler's grand ambitions and the successful early stages of the Third Reich's advances into Europe Frank McDonough convincingly argues that Germany was only ever a middle ranking power and never truly stood a chance against the combined forces of the Allies In this second volume of *The Hitler Years* Professor Frank McDonough charts the dramatic change of fortune for the Third Reich and Germany's ultimate defeat

*Nazi Millionaires* Theodore P. Savas, Kenneth D. Alford, 2020-01-10 The untold story of Nazi officers who escaped Germany after WWII with stolen treasure and the Allied investigation to get it back During the final days of World War II German SS officers crammed trains cars and trucks full of gold currency and jewels and headed for the mountains of Austria Most of these men were eventually apprehended but many managed to evade capture The intensive postwar Allied investigation that followed recovered only a sliver of their treasure The true story of the men who escaped and the riches that went missing is finally revealed in *Nazi Millionaires* This groundbreaking study based on previously unpublished and newly declassified documents offers insight into the minds and methods of these SS thieves Readers are taken inside the Reich Security Main Office where they worked and the Allied investigation into their activities to discover what happened to the vast wealth they looted from Europe's Jews *Nazi Millionaires* tells a remarkable tale of greed fraud treachery and murder

**Hunting Hitler** Jerome R. Corsi, 2017-06-20 In 2009 three US professors with access to Adolf Hitler's alleged remains startled the world with scientific DNA proof that the skull and bones that Russia had claimed since the end of World War II were Hitler's actually belonged to a middle aged woman whose identity remains unknown This announcement has rekindled interest in the claim made by Joseph Stalin maintained to the end of his life that Hitler got away The truth is that no one saw Hitler and Eva Braun die in the bunker in Berlin on April 30 1945 No photographs were taken to document claims Hitler and Evan Braun committed suicide Hitler's body was never recovered No definitive physical evidence exists proving Hitler died in the bunker in Berlin Dr Jerome Corsi explores the historical possibility that Hitler escaped Nazi Germany at the end of World War II FBI and CIA records maintained at the National Archives indicate that the US government took seriously reports at the end of World War II that Hitler had escaped to Argentina More recent evidence suggests Hitler may have fled to Indonesia where he married

and worked at a hospital in Sumbawa Even the chief of the US trial counsel at Nuremburg Thomas J Dodd was quoted as saying No one for sure can say Adolf Hitler is dead Putting massive amounts of evidence and research under a critical eye Dr Corsi shows that perhaps modern history s most tantalizing question has yet to be definitively answered Did Hitler escaped Nazi Germany at the end of World War II to plot revenge and to plan the rise of the Fourth Reich Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

**Hitler Redux** Mikael Nilsson,2020-09-15 After Hitler s death several posthumous books were published which purported to be the verbatim words of the Nazi leader two of the most important of these documents were Hitler s Table Talk and The Testament of Adolf Hitler This ground breaking book provides the first in depth analysis and critical study of Hitler s so called table talks and their history provenance translation reception and usage Based on research in public and private archives in four countries the book shows when why where how by and for whom the table talks were written how reliable the texts are and how historians should approach and use them It reveals the crucial role of the mysterious Swiss Nazi Francois Genoud as well as some very poor judgement from several famous historians in giving these dubious sources more credibility than they deserved The book sets the record straight regarding the nature of these volumes as historical sources proving inter alia The Testament to be a clever forgery and aims to establish a new consensus on their meaning and impact on historical research into Hitler and the Third Reich This path breaking historical investigation will be of considerable interest to all researchers and historians of the Nazi era
