Spoo, 1994 Born into a culture oppressed by its history Joyce was preoccupied by it Torn between conflicting images of Ireland's past he was confronted with the challenge of creating a historical conscience His art became his political protest and the belief that individual passion and freely expressed works of fiction defy and subvert dominant discourses is the basis of his historiographic art James Joyce and the Internal World of the Replacement Child Mary Adams, 2022-06-27 This book is an exploration of the internal world of James Joyce with particular emphasis on his being born into his parents' grief at the loss of their firstborn son offering a new perspective on his emotional difficulties Mary Adams links Joyce's profound sense of guilt and abandonment with the trauma of being a replacement child and compares his experience with that of two psychoanalytic cases as well as with Freud and other well-known figures who were replacement children Issues such as survivor guilt sibling rivalry the illegitimate replacement son and the dead mother syndrome are discussed Joyce is seen as

maturing from a paranoid fearful state through his writing his intelligence his humour and his sublime poetic sensibility By escaping the oppressive aspects of life in Dublin in exile he could find greater emotional freedom and a new sense of belonging A quality of claustrophobic intrusive identification in *Ulysses* contrasts strikingly with a new levity imaginative identification intimacy and compassion in *Finnegans Wake* James Joyce and the Internal World of the Replacement Child highlights the concept of the replacement child and the impact this can have on a whole family The book will be of interest to psychoanalysts psychoanalytic psychotherapists and child psychotherapists as well as students of English literature psychoanalytic studies and readers interested in James Joyce Readers can find an additional piece by the author online at <http://replacementchildforum.com> a white bird trapped inside me beating scared wings

The Cambridge Companion to the Classic Russian Novel Malcolm V. Jones, Robin Feuer Miller, 1998-04-30 Many Russian novels of the nineteenth and twentieth centuries have made a huge impact not only inside the boundaries of their own country but across the western world The Cambridge Companion to the Classic Russian Novel offers a thematic account of these novels in fourteen newly commissioned essays by prominent European and North American scholars There are chapters on the city the countryside politics satire religion psychology philosophy the romantic realist and modernist traditions and technique gender and theory In this context the work of Pushkin Dostoevsky Tolstoy Turgenev Bulgakov Nabokov Pasternak and Solzhenitsyn among others is described and discussed There is a chronology and guide to further reading all quotations are in English This volume will be invaluable not only for students and scholars but for anyone interested in the Russian novel

James Joyce's *Ulysses* Derek Attridge, 2004 James Joyce's *Ulysses* is probably the most famous or notorious novel published in the twentieth century Its length and difficulty mean that readers often turn to critical studies to help them in getting the most out of it But the vast quantity of secondary literature on the book poses problems for readers who often don't know where to begin This casebook includes some of the most influential critics to have written on Joyce such as Hugh Kenner and Fritz Senn as well as newer prayer for their homeland and to recreate bonds with other Cubans on the island and in the diaspora The shrine is a place where they come to make sense of themselves as an exiled people The religious symbols there link the past and present and bridge the homeland and the new land Through rituals and artifacts at the shrine Tweed suggests the Cuban diaspora imaginatively constructs its collective identity and transports itself to the Cuba of memory and desire While the book focuses on Cuban exiles in Miami it moves beyond case study as it explores larger issues concerning religion identity and place How do migrants relate to their homeland How do they understand themselves after they have been displaced What role does religion play among these diasporic groups Building on this study of one exiled group Tweed proposes a theory of diasporic religion that promises to illuminate the experiences of other groups that have been displaced from the Attridge provides an introduction that offers advice on reading *Ulysses* for the first time an account of the remarkable story of its composition and an outline of the history of the critical reception that has played such an important part in our

understanding and enjoyment of this extraordinary work James Joyce's Legacies in Contemporary Irish Women's Writing Annalisa Mastronardi, 2025-09-10 James Joyce's Legacies in Contemporary Irish Women's Writing is a ground breaking study that for the first time explores in depth the influence of James Joyce on Irish women writers from his contemporaries to more recent voices With a particular focus on Anne Enright's *The Gathering* Eimear McBride's *A Girl Is a Half-formed Thing* and Emilie Pine's *Ruth* Pen this book examines how Irish women writers have engaged with Joyce's legacy Unlike their male counterparts who have often felt overshadowed by Joyce's influence Irish women writers have embraced and expanded upon his work viewing it not as a constraint but as an opening to new creative possibilities This book will be of particular value to Joyce scholars working in feminism and reception studies as well as students of Irish literature and women's writing It offers fresh insights into the evolving landscape of Irish literature and complicates Harold Bloom's theory of the Anxiety of Influence demonstrating how women writers perceive canonical figures like Joyce not as rivals but as trailblazers James Joyce's A Portrait of the Artist as a Young Man Mark A. Wollaeger, 2003 This casebook offers a comprehensive introduction to this landmark in modern fiction It includes an introductory overview of the work's composition and early reception classic essays by Hugh Kenner Patrick Parrinder Wayne Booth Fritz Senn Michael Levenson and Hélène Cixous and a newly revised and expanded version of Maud Ellmann's *Polytropic Man*
