M. Ballantyne, 2015-03-10 every step they sank up to the ankles in mud a

mode of progress so fatiguing that they were all very soon exhausted To make matters worse the weather became gloomy and cold with sudden blasts of piercing wind accompanied by snow They pushed on vigorously notwithstanding and had well nigh crossed the swamp when Mr Buchan was suddenly seized with a fit This compelled a halt As he could not go further a fire was kindled and those who were most fatigued were left behind to take care of him while the rest continued to advance At last they reached the summit of the mountain and were rewarded      **The Cannibal's Islands Captain Cook**

Cannibal Islands R. M. Ballantyne, 2012-12-25 The Cannibal Islands      *The Cannibal Islands* Robert Michael

Ballantyne, 2021-04-21 Captain Cook was a true hero His name is known throughout the whole world wherever books are read He was born in the lowest condition of life and raised himself to the highest point of fame He was a self taught man too No large sum of money or long years of time were spent upon his schooling No college education made him what he was An old woman taught him his letters but he was not sent to school till he was thirteen years of age He remained only four years at the village school where he learned a little writing and a little figuring This was all he had to start with The knowledge which he afterwards acquired the great deeds that he performed and the wonderful discoveries that he made were all owing to the sound brain the patient persevering spirit the modest practical nature and the good stout arm with which the Almighty had blessed him It is the glory of England that many of her greatest men have risen from the ranks of those sons of toil who earn their daily bread in the sweat of their brow Among all who have thus risen few stand so high as Captain Cook      *Hodgson's Singer's Budget for 1836: a collection of popular new songs, comic and sentimental* Orlando HODGSON, 1836      Hodgson's National Songster, etc Orlando HODGSON, 1832      **The Oberlin Review**, 1890      **The Cannibal Islands** Robert Michael

Ballantyne, 2008-05-01 Travel back with author R M Ballantyne to the late eighteenth century and join Captain James Cook on his scientific expeditions to such exotic places as Tierra del Fuego the islands of Tahiti and New Zealand and the scene of the closing of his great career as navigator and discoverer Learn from Cook's own observations and Ballantyne's detailed yet tasteful and true explanations of the habitations customs and encounters with unusual peoples many of whom were so addicted to the eating of human flesh that their homelands were once called the Cannibal Islands The author's depictions should evoke a great appreciation for the brave leadership of men like Captain Cook for the many difficulties of interacting

with a heathen people and their culture and for the servants of Jesus Christ who would later enter into such awful scenes for the sake of His Name and the advancement of His kingdom Also included in this book is Ballantyne s Fighting the Whales
