Smart Questions The Essential Strategy For Successful Managers:

Smart Questions Dorothy Leeds,2000 **Smart Questions** Dorothy Leeds,1988 A top management consultant Leeds shows how to turn ordinary conversational skills into impressive business tools Includes tips on how to ask the right person the right question at the right time reduce mistakes gain control over volatile situations and more *The 7 Powers of Questions* Dorothy Leeds,2000-09-01 Questions demand answers stimulate thinking give us valuable information put us in control get people to open up lead to quality listening get people to sell themselves They re an essential tool of the seeker and the problem solver and in our personal and professional lives they can make the difference between getting what we want and going without Questions have power and by harnessing that power we can change our world This unique book reveals the seven powers of questions and shows how to use them most effectively Learn how questions can improve relationships help determine what people really want uncover opportunities persuade others and get more out of every business or personal encounter **The Manager's Guide to Coaching for Change** John L. Bennett,2024-09-03 Winner in the Leadership Mentoring Coaching category of the Goody Business Book Awards 2024 We live and work in a world of change Helping individuals and teams prepare for respond to and learn from change are critical for thriving Managers and leaders at all levels play a vital role in developing talent increasing performance and supporting transitions and transformations This book is about effectively coaching others in your role as a manager coach A manager coach is a person who uses coaching related knowledge approaches and skills to coach team members in the organization who report to them or who have sought their coaching In 16 chapters leaders at all levels human resource professionals and graduate students will find research based practical approaches to developing talent improving performance and supporting transformation Topics include the change coaching process theoretical foundations of coaching use of self in managerial coaching six coaching skills how to coach across differences specialty coaching peer team and executive ethical considerations for coaching and continuous development for manager coaches Provides models frameworks and tools that can be used to coach team members **Leading with Questions** Michael J. Marquardt,2011-01-06 In Leading with Questions internationally acclaimed management consultant Michael Marquardt shows how you can learn to ask the powerful questions that will generate short term results and long term learning and success Throughout the book he demonstrates how effective leaders use questions to encourage participation and teamwork foster outside the box thinking empower others build relationships with customers solve problems and much more Based on interviews with twenty two successful leaders who lead with questions this important book reveals how to determine which questions will lead to solutions in today s complicated business world **The Chameleon Consultant** Andrew Holmes,2018-02-05 This title was first published in 2002 How do you add value to your clients Is it the process you use or the technical skills you deploy Or perhaps it s your ability to adjust the way you sell and deliver your services based upon your tacit understanding of your client s culture the way we do things

round here Such chameleon like behaviour is fundamental to successful consulting and yet it is neither widely understood nor practised within the profession Until now This book describes a powerful way to improve the consultancy process from selling the service to delivering the engagement through a concept called cultural intelligence the missing dimension of effective consultancy By revisiting the consultancy process using a simple model of organizational culture this text creates a potent technique for tailoring the principal consultancy processes of selling relationship management account management and engagement management Such tailoring that ensures the consultant and consultancy firm can blend into their clients organizations more effectively and as a result add immediate and lasting value

The Essential Academic Dean or Provost Jeffrey L. Buller, 2015-10-05 The go to reference for academic leaders seeking practical answers to everyday challenges The Essential Academic Dean or Provost explains the how of academic leadership providing a practical comprehensive reality based reference for almost any problem challenge or opportunity This updated second edition includes new chapters on the difference between leadership and management in higher education leadership in politically charged environments effective strategies for making decisions and working with associate deans or provosts plus new case studies new research and ten additional chapters available on the companion website Each topic deals concisely with the most important information deans and provosts need when faced with a particular situation providing both a comprehensive guide to academic leadership as well as a ready reference to be consulted as needed The role of a dean or provost at a modern university is extremely complex involving budgeting community relations personnel decisions management of a large enterprise fundraising and guiding a school college or entire institution toward a compelling vision of the future The details academic leaders have to deal with are numerous and critical and every little thing matters This invaluable guide provides the answers you need when you need them and gives you framework for successfully navigating your job s many competing demands Build support for a shared vision of the future Interact effectively with different internal and external constituencies Learn decision making techniques specific to the academic environment Set supervise and implement a budget that allows your programs to flourish Academic leaders need a handy focused reference that provides authoritative answers to the many issues and questions that arise every day With proven solutions to a multitude of challenges The Essential Academic Dean or Provost shows academic leaders what they need to know in order to successfully guide their institutions into the future

Smart Questions Dorothy Leeds, 2000-11-01 Whether you manage one person or hundreds asking the right question at the right time is one of the most valuable skills you can have It s what distinguishes a good manager from a great one This definitive guide shows you how to ask for the most from your staff and get it Enhance people productivity through motivation Turn your question into positive action Ask the right question of the right person at the right time Conduct a hiring interview the Smart Questions way Reduce mistakes and overcome objections Solve problems and gain control over volatile situations Dorothy Leads has contributed enormously to the practice of good management This is a book you should read Nancy Austin

coauthor of *A Passion for Excellence* ***Power Speak*** Dorothy Leeds, 2025-09-12 What is the secret to being a captivating and credible speaker Never be boring If you are boring people will not listen The central message and focus of *PowerSpeak* is the importance of engaging stimulating and maintaining an audience's attention This book focuses on the elements of speaking effectively from a design and a delivery perspective Dorothy Leeds isolates these essential elements to assure that any speaker can gain and keep the audience's attention She focuses on the trouble spots of any presentation and the six major faults speakers make This book also includes tips on the following Breaking the fear barrier Ten steps that guarantee a complete presentation How to avoid weak passive language and make humor your ally Voice and speech exercises How to handle the Q A portion of a presentation How to develop your own style and project positive body language How to incorporate or not incorporate new technology into presentations

The Executive and the Elephant Richard L. Daft, 2010-07-06 Lessons for leaders on resolving the ongoing struggle between instinct and the creative mind Kings heads of government and corporate executives lead thousands of people and manage endless resources but may not have mastery over themselves Often leaders know that right action is important but have little if any understanding of what prevents them from acting in accordance with their intentions In this important book leadership expert Richard Daft portrays this dilemma as a struggle between instinct elephant and intention the executive using the most current research on the intentional vs the habitual mind to explain how this phenomenon occurs Based on current research and real life examples Offers leaders a method for directing themselves more productively Written by an expert in leadership organizational performance and change management Through real life examples and recent studies in psychology management and Eastern spirituality Daft provides guidance to all of us who struggle finding our own balance and cultivating the behavior of others
