of local journals and historical societies This body of material because it covers territory that has not been extracted and compiled in a scholarly way before can justly be said to be the most valuable of all those that Whiting has brought together according to Albert B Friedman What makes the work important is Whiting s authority a proverb or proverbial phrase is what BJB thinks is a proverb or proverbial phrase There is no objective operative definition of any value no divining rod his tact feel experience determine what s the real thing and what is spurious The Lighter Side of Travel helmut peters,2009-10-01 During the course of his life the author has traveled to over 50 countries flown on many airlines and lived on three continents Today this may not be unusual and there are many travel books which describe all of these remote and exotic places in great detail However what is unique are some of the most funny experiences which the author has had on his travels and these are the stories which are captured in this most humorous book **The Century Dictionary** William Dwight Whitney,1890
