Snooker's World Champions Luke Williams, Paul Gadsby, 2012-10-05 The top snooker players in the world compete for several trophies every year but one carries more prestige than all the others put together the World Championship No other tournament in the sport carries with it so much history so many golden moments of spectacular success and dramatic failure Meticulously researched and including exclusive interview material with Steve Davis Stephen Hendry and 2005 world champion Shaun Murphy among others Masters of the Baize is a comprehensive guide to the men who have lifted the greatest prize in snooker From the legendary Joe Davis the first champion in 1927 to modern day masters like Mark Williams all the sport's world champions are put under the microscope while the colourful careers of forgotten figures such as Walter Donaldson and John Pulman and rogue heroes like Alex Higgins and Ronnie O'Sullivan are brought vividly to life After uncovering the inauspicious origins of the game in nineteenth century India the authors examine every former world champion in his own comprehensive chapter Additionally a special section focuses on the extraordinary popularity of Jimmy White by far the greatest player never to have won the title and one of the most emotive names in the sport

Me and the Table - My Autobiography Stephen Hendry, 2018-09-06 STEPHEN HENDRY became the youngest professional snooker player in 1985 aged 16 and in 1990 he was the youngest ever snooker World Champion at the age of 21 Widely regarded by fans and pundits alike as one of the greatest players of all time in the sport over a 27 year career Hendry went on to win the World Championship seven times and was snooker's world number one for eight consecutive seasons between 1990 and 1998 Hendry retired in 2012 with a record breaking seven World Champion titles under his belt a record that remains to this day He's now ready to tell his life story for the first time from a childhood spent climbing the ranks of the sport through the highs of the 90s and lows of the 2000s to his life now as a sports pundit and commentator With an insight into the world of the man behind the cue and what made him such a top class player this is the definitive autobiography of the legend that is Stephen Hendry

A Handbook of Process Tracing Methods Michael Schulte-Mecklenbeck, Anton Kuehberger, Joseph G. Johnson, 2019-06-10 A Handbook of Process Tracing Methods demonstrates how to better understand decision outcomes by studying decision processes through the introduction of a number of exciting techniques Decades of research have identified numerous idiosyncrasies in human decision behavior but some of the most recent advances in the scientific study of decision making involve the development of sophisticated methods for understanding decision process known as process tracing In this volume leading experts discuss the application of these methods and focus on the best practices for using some of the more popular techniques discussing how to incorporate them into formal decision models This edition has been expanded and thoroughly updated throughout and now includes new chapters on mouse tracking protocol analysis neurocognitive methods the measurement of valuation as well as an overview of important software packages The

volume not only surveys cutting edge research to illustrate the great variety in process tracing techniques but also serves as a tutorial for how the novice researcher might implement these methods A Handbook of Process Tracing Methods will be an essential read for all students and researchers of decision making **Watching Neighbours Twice a Day...** Josh Widdicombe,2021-09-16 A wonderful blend of nostalgia hilarity and personal anecdotes that only Josh Widdicombe could deliver James Acaster If you read only one book by Josh Widdicombe this year make it this one Jack Dee Beautifully written cleverly crafted and charmingly funny Adam Hills This is a book about growing up in the 90s told through the thing that mattered most to me the television programmes I watched For my generation television was the one thing that united everyone There were kids at my school who liked bands kids who liked football and one weird kid who liked the French sport of petanque however we all loved Gladiators Neighbours and Pebble Mill with Alan Titchmarsh possibly not the third of these In his first memoir Josh Widdicombe tells the story of a strange rural childhood the kind of childhood he only realised was weird when he left home and started telling people about it From only having four people in his year at school to living in a family home where they didn't just not bother to lock the front door they didn't even have a key Using a different television show of the time as its starting point for each chapter Watching Neighbours Twice a Day is part childhood memoir part comic history of 90s television and culture It will discuss everything from the BBC convincing him that Michael Parkinson had been possessed by a ghost to Josh's belief that Mr Blobby is one of the great comic characters to what it's like being the only vegetarian child west of Bristol It tells the story of the end of an era the last time when watching television was a shared experience for the family and the nation before the internet meant everyone watched different things at different times on different devices headphones on to make absolutely sure no one else could watch it with them *The Winged Foot* ,1922

Routledge Handbook of Global Sport John Nauright,Sarah Zipp,2020-01-03 The story of global sport is the story of expansion from local development to globalized industry from recreational to marketized activity Alongside that each sport has its own distinctive history sub cultures practices and structures This ambitious new volume offers state of the art overviews of the development of every major sport or classification of sport examining their history socio cultural significance political economy and international reach and suggesting directions for future research Expert authors from around the world provide varied perspectives on the globalization of sport highlighting diverse and often underrepresented voices By putting sport itself in the foreground this book represents the perfect companion to any social scientific course in sport studies and the perfect jumping off point for further study or research The Routledge Handbook of Global Sport is an essential reference for students and scholars of sport history sport and society the sociology of sport sport development sport and globalization sports geography international sports organizations sports cultures the governance of sport sport studies sport coaching or sport management *Characteristics of Games* George Skaaf Elias,Richard Garfield,K. Robert Gutschera,2012-08-24 Understanding games whether computer games card games board games or sports by analyzing

certain common traits Characteristics of Games offers a new way to understand games by focusing on certain traits including number of players rules degrees of luck and skill needed and reward effort ratio and using these characteristics as basic points of comparison and analysis These issues are often discussed by game players and designers but seldom written about in any formal way This book fills that gap By emphasizing these player centric basic concepts the book provides a framework for game analysis from the viewpoint of a game designer The book shows what all genres of games board games card games computer games and sports have to teach each other Today s game designers may find solutions to design problems when they look at classic games that have evolved over years of playing Characteristics of Games written by three of the most prominent game designers working today will serve as an essential reference for game designers and game players curious about the inner workings of games It includes exercises which can also serve as the basis for discussions and examples chosen from a wide variety of games There are occasional mathematical digressions but these can be skipped with no loss of continuity Appendixes offer supplementary material including a brief survey of the two main branches of mathematical game theory and a descriptive listing of each game referred to in the text
