**Vocabulary Is Comprehension** Laura Robb, 2014-08-21 Here is a reading riddle: What knowledge always precedes high-level text comprehension and yet seldom is given sufficient instructional time? The answer: Word knowledge. Our students can't understand texts without knowing what words mean. It's that simple. Meanwhile, in our rush toward complex texts, somehow we forget to put a new systematic vocabulary plan in place. In *Vocabulary Is Comprehension*, Laura Robb provides the instructional plan. And just wait until you see the results! Laura's plan takes just 10

to 15 minutes and much of it is spent in partner and independent work so this is no add on to squeeze in Even better all materials are included Each lesson features a student reproducible along with 50 pieces of short fiction nonfiction and poetry or if you prefer use your own text Here s how the plan works Day 1 You read aloud the short text and students discuss the selected words in their context Students work in pairs rereading the text to understand words and phrases and then share understandings as a class Days 2 a survey conducted by Instructor magazine named Laura as one of the nation s top twenty educators Currently in addition to her speaking and consulting she works part time in grades K 8
