O'Shea,2022-02-21 The Principal s Hot Seat Observing Real World Dilemmas 2nd edition provides a window through which aspiring and practicing school leaders observe and evaluate some of the most challenging authentic and unpredictable interactions common to the principalship With video footage from an unscripted role play in which teachers parents and stakeholders share a variety of issues and emotions with the principal the Hot Seat challenges readers to unpack the ways principals attempt to address routine and unpredictable challenges in school leadership From distraught pushy or irate parents to teachers refusing to collaborate curriculum controversies and cultural responsivity readers assume the hot seat and feel the challenge principals face in navigating conversations and issues in ethical individual standards based ways Each chapter begins with stage setting and scenario background information along with relevant literature research and resources followed by a transcript of the interaction and questions promoting discussion reflection and constructive critique Each scenario comes alive through several minutes of video footage of the unscripted interaction allowing examination of body language tone of voice and non verbal communication The second edition adds new scenarios related to teacher collaboration controversial curriculum current social issues updated literature and resources and cases in which the principal must interact with more than one stakeholder at a time New questions examine principals performance related to equity when to seek assistance from others and more Video footage located at <https://textbooks.rowman.com/principals-hot-seat2e>     Conversations With Principals Andrew E. Dubin,2006-01-06 Conversations With Principals Issues Values and Politics is a unique compilation of interviews with principals at the elementary middle and secondary levels Unlike any other text in Educational Administration this book allows students the unusual opportunity to experience the inner voice of principals as they discuss the many decisions they make and the multitude of people they must engage     Leading Schools Successfully Christopher Day,David Gurr,2013-07-24 Leading Schools Successfully Stories from the field considers international research focussing on leadership in schools Based on the ISSPP International Successful School Principalship Project which has conducted over one hundred multiple perspective case studies of successful school principals from more than a dozen countries the book captures the exhilaration of being a principal who grows and sustains success from those practitioners who are acknowledged as exhibiting outstanding leadership Whilst much is known about successful school leaders the book reinforces the argument that it is neither possible nor appropriate to generalise specific strategies that

should be adopted to ensure success for all schools at all times in all settings Instead success calls for a high level of judgement wisdom artistry and sheer hard work on the part of principals adapting for their particular context the knowledge about leading schools successfully Reflection sections in each chapter ask the reader to consider further issues which each chapter raises Topics considered include the importance of school principals to school success turning around under performing schools values led leadership sustaining successful leadership leading in multi cultural settings issues and implications for the future With international contributions from experts in the field the book offers a new perspective on leadership in schools and will be of interest to school principals and researchers School and Home Education ,1922
