Social And Cognitive Approaches To Interpersonal Communication:

Social and Cognitive Approaches to Interpersonal Communication Susan R. Fussell, Roger J. Kreuz, 2014-02-25

Historically the social aspects of language use have been considered the domain of social psychology while the underlying psycholinguistic mechanisms have been the purview of cognitive psychology. Recently it has become increasingly clear that these two dimensions are highly interrelated: cognitive mechanisms underlying speech production and comprehension interact with social psychological factors such as beliefs about one's interlocutors and politeness norms and with the dynamics of the conversation itself to produce shared meaning. This realization has led to an exciting body of research integrating the social and cognitive dimensions which has greatly increased our understanding of human language use. Each chapter in this volume demonstrates how the theoretical approaches and research methods of social and cognitive psychology can be successfully interwoven to provide insight into one or more fundamental questions about the process of interpersonal communication. The topics under investigation include the nature and role of speaker intentions in the communicative process, the production and comprehension of indirect speech and figurative language, perspective taking and conversational collaboration, and the relationships between language, cognition, culture, and social interaction. The book will be of interest to all those who study interpersonal language use: social and cognitive psychologists, theoretical and applied linguists, and communication researchers.

Sourcebook of Family Theories and Methods Pauline Boss, William J. Doherty, Ralph LaRossa, Walter R. Schumm, Suzanne K. Steinmetz, 2008-11-19 Origins We call this book on theoretical orientations and methodological strategies in family studies a sourcebook because it details the social and personal roots i e sources from which these orientations and strategies flow Thus an appropriate way to preface this book is to talk first of its roots its beginnings In the mid 1980s there emerged in some quarters the sense that it was time for family studies to take stock of itself A goal was thus set to write a book that like Janus would face both backward and forward a book that would give readers both a perspective on the past and a map for the future There were precedents for such a project The Handbook of Marriage and the Family edited by Harold Christensen and published in 1964 the two Contemporary Theories about the Family volumes edited by Wesley Burr Reuben Hill F Ivan Nye and Ira Reiss published in 1979 and the Handbook of Marriage and the Family edited by Marvin Sussman and Suzanne Steinmetz then in production *Schizophrenia Bulletin*, 2006 *The New Handbook of Organizational Communication* Fredric M. Jablin, Linda L. Putnam, 2001 Praise for the First Edition I recommend this book to anyone who is seriously interested in organizational communication It is a unique and outstanding work Researchers in the area will find this work extremely pertinent to their activities Journal of Applied Systems Analysis The Handbook of Organizational Communication like the original is a landmark in the field of organizational communication The handbook provides a more up to date analysis of the latest advances in this exciting field It assists in establishing a clear identity of this discipline that has grown tremendously over the latter part of the century The contributors pioneers in the field provide a more multidisciplinary perspective drawing equally from the fields of organizational behaviour management studies and communication An essential resource for researchers teachers professionals and advanced students in organizational communication management organizational behaviour and organizational studies this handbook provides An historical overview of organizational communication as a discipline More than half the chapters explore topics not included in the original handbook Part 1 examines methodological issues as well as theoretical ones including quantitative and qualitative research methods and language discourse analysis Each chapter not only reviews and updates research in its respective area but also included discussions of research and theory from around the world **Seeking and Resisting Compliance** Steven

R Wilson, 2002-07-10 Why do individuals say what they do during everyday face to face influence interactions How do people seek or resist compliance in different relational institutional and cultural contexts Linking theory and research to salient real life examples and recent academic studies Steven Wilson introduces the reader to the theories systems of message analysis complexities and nuances of interpersonal persuasion Seeking and Resisting Compliance is the only single authored interdisciplinary text to explore compliance gaining and resistance from a message production perspective This incisive clearly written text is ideal for students scholars and anyone interested in interpersonal influence and persuasion in everyday interactions Recommended for graduate and upper level undergraduate courses in persuasion as well as special topics courses in interpersonal influence social psychology and sociolinguistics Features of this text Ground breaking specific focus on message production as opposed to only message effects Multiple theoretical perspectives are presented and the vast body of research from communication psychology linguistics philosophy and related fields is reviewed Student friendly pedagogy such as definitions examples and sections describing common assumptions about various theories engage students and highlight important concepts Steven Wilson currently is an Associate Professor and Director of Graduate Studies in the Department of Communication at Purdue University He is one of five associate editors for the interdisciplinary journal Personal Relationships and past chair of the International Communication Association's Interpersonal Communication division His research and teaching focus on interpersonal influence and message production in a variety of contexts from parent child interaction in abusive families to intercultural business negotiations He has published nearly forty articles and book chapters on these topics

Highlights in Disability, Rehabilitation, and Inclusion 2021/22 Daniel Mont, Toyin Aderemi, 2023-07-21 Modern Research Methods for the Study of Behavior in Organizations Jose M. Cortina, Ronald S. Landis, 2013 The goal of the chapters in this SIOP Organizational Frontiers Series volume is to challenge researchers to break away from the rote application of traditional methodologies and to capitalize upon the wealth of data collection and analytic strategies available to them In that spirit many of the chapters in this book deal with methodologies that encourage organizational scientists to re conceptualize phenomena of interest e g experience sampling catastrophe modeling employ novel data collection strategies e g data mining Petri nets and or apply sophisticated analytic techniques e g latent class analysis The editors believe that these chapters provide compelling solutions for the complex problems faced by organizational researchers
