The Story of All Things Marshall Grossman, 1998 Marshall Grossman analyzes the influence of major cultural developments as well as significant events in the lives of Renaissance poets to show how specific narratives characterize distinctive conceptions of the self in relation to historical action This far reaching study of the development of subjectivity in response to historical change will interest students and scholars of literature critical theory psychoanalysis and Renaissance history

A Body of Vision R. Bruce Elder, 2006-01-01 Elder examines how artists such as Brakhage Artaud Schneemann Cohen and others have tried to recognize and to convey primordial forms of experiences He argues that the attempt to convey these primordial modes of awareness demands a different conception of artistic meaning from any of those that currently dominate contemporary critical discussion By reworking theories and speech in highly original ways Elder formulates this new conception His remarks on the gaps in contemporary critical practices will likely become the focus of much debate

Living on Paper Iris Murdoch, 2016-01-12 For the first time novelist Iris Murdoch's life in her own words from girlhood to her last years Iris Murdoch was an acclaimed novelist and groundbreaking philosopher whose life reflected her unconventional beliefs and values But what has been missing from biographical accounts has been Murdoch's own voice her life in her own words Living on Paper the first major collection of Murdoch's most compelling and interesting personal letters gives for the first time a rounded self portrait of one of the twentieth century's greatest writers and thinkers With more than 760 letters fewer than forty of which have been published before the book provides a unique chronicle of Murdoch's life from her days as a schoolgirl to her last years The result is the most important book about Murdoch in more than a decade The letters show a great mind at work struggling with philosophical problems trying to bring a difficult novel together exploring spirituality and responding pointedly to world events They also reveal her personal life the subject of much speculation in all its complexity especially in letters to lovers or close friends such as the writers Brigid Brophy Elias Canetti and Raymond Queneau philosophers Michael Oakeshott and Philippa Foot and mathematician Georg Kreisel We witness Murdoch's emotional hunger her tendency to live on the edge of what was socially acceptable and her irreverence and sharp sense of humor We also learn how her private life fed into the plots and characters of her novels despite her claims that they were not drawn from reality Direct and intimate these letters

bring us closer than ever before to Iris Murdoch as a person making for an extraordinary reading experience

Environment and Embodiment in Early Modern England Garrett A. Sullivan, Jr, 2007-06-15 Eleven essays invite us to rethink not only what constitutes an environment but also where the environment ends and selfhood begins The essays examine the dynamic and varied mediations early modern writers posited between microcosm and macrocosm ranging from discourses on the ecology of passions to striking examples of distributed cognition The Oxford Handbook of Andrew Marvell Martin Dzelzainis, Edward Holberton, 2019-03-28 The Oxford Handbook of Andrew Marvell is the most comprehensive and informative collection of essays ever assembled dealing with the life and writings of the poet and politician Andrew Marvell 1621-78 Like his friend and colleague John Milton Marvell is now seen as a dominant figure in the literary landscape of the mid-seventeenth century producing a stunning oeuvre of poetry and prose either side of the Restoration In the 1640s and 1650s he was the author of hypercanonical lyrics like *To His Coy Mistress* and *The Garden* as well as three epoch-defining poems about Oliver Cromwell After 1660 he virtually invented the verse genre of state satire as well as becoming the most influential prose satirist of the day in the process forging a long-lived reputation as an incorruptible patriot Although Marvell himself was an intensely private and self-contained character whose literary, religious, and political commitments are notoriously difficult to discern the interdisciplinary contributions by an array of experts in the fields of seventeenth-century literature, history, and politics gathered together in the Handbook constitute a decisive step forward in our understanding of him They offer a fully rounded account of his life and writings, individual readings of his key works, considerations of his relations with his major contemporaries, and surveys of his rich and varied afterlives Informed by the wealth of editorial and biographical work on Marvell that has been produced in the last twenty years, the volume is both a conspectus of the state of the art in Marvell studies and the springboard for future research **Persis Yorke** M. L. Lord, 1896 *Andrew Marvell, 1621-1678* Augustine Birrell, 1922 *A History of English Food* Clarissa Dickson Wright, 2011-10-13 In this magnificent guide to England's cuisine the inimitable Clarissa Dickson Wright takes us from a medieval feast to a modern-day farmers' market, visiting the Tudor working man's table and a Georgian kitchen along the way Peppered with surprises and seasoned with wit *A History of England Food* is a classic for any food lover *Historicizing the Enlightenment, Volume 2* Michael McKeon, 2023-07-14 The Enlightenment has been misconceived as the culmination of traditional thought about art and literature The focus of Volume 2 is instead the Enlightenment innovation of the modern concept of the aesthetic and its most important features, which has been wrongly credited to later generations

Apocalyptic Marvell Margarita Stocker, 1922 Andrew Marvell Matthew C. Augustine, 2021-03-18 This book provides an accessible account of the poet and politician Andrew Marvell's life 1621-1678 and of the great events which found reflection in his work and in which he and his writings eventually played a part At the same time, considerable space is afforded to reflecting deeply on the modes and meanings of Marvell's art, redressing the balance of recent biography and

criticism which has tended to dwell on the public and political aspects of this literary life at the expense of lyric invention and lyric possibility Moving beyond the familiar terms of imitation and influence the book aims at reconstructing an embodied history of reading and writing acts undertaken within a series of complex physical and social environments from the Hull Charterhouse to the coffee houses and print shops of Restoration London Care has been taken to cover the whole of Marvell's career in verse and prose even as the book places the lyric achievement at the centre of its vision **Andrew Marvell,**

1621-1678 William H. Bagdikian, 1922 **Social Shakespeare** Peter J. Smith, 1995-12-13 Social Shakespeare is a thoughtful and frequently incisive book about an important and complex topic Terence Hawkes Cahiers Elisabethans Shakespeare studies have become increasingly politicised and clashes of opinion amongst scholars are not uncommon Social Shakespeare in its enthusiasm for the plays themselves attempts to bridge the gap between rival approaches aiming as a distinct refocusing of political criticism upon the Shakespearean text as realised in performance Modern Shakespeare productions have the potential to make far more political impact than academic studies and yet until now critics have been reluctant to recognise this potential With reference to particular productions backed up by illustrations Peter J Smith integrates critical understanding of the plays with evidence of their political impact on stage **The City of the Senses** K. DeFazio, 2011-10-24 Offers an innovative interdisciplinary approach which opens up new ways of understanding urban culture and space The author approaches the city as essentially a material place where people live work and participate in social practices within historical limits set not by sensory experience or cultural meanings but material social conditions
