Sub A Study In Witchcraft:

Witchcraft in Europe, 400-1700 Alan Charles Kors, Edward Peters, 2001 A thoroughly revised greatly expanded edition of the most important documentary history of European witchcraft ever published

Further Studies on Mesopotamian Witchcraft Beliefs and Literature Tzvi Abusch, 2020-02-10 Among the most important sources for understanding the cultures religions and systems of thought of ancient Mesopotamia is the large corpus of magical and medical texts directed against witchcraft The most important of these texts is the Akkadian series Maql Burning This volume offers a collection of studies on Mesopotamian witchcraft and Maql written subsequent to the appearance of the author s 2002 collection of studies on witchcraft Brill 2002 Many of the studies reprinted here take a diachronic approach to individual incantations and rituals and attempt to solve textual difficulties using literary critical and or text critical approaches

The Oxford Handbook of Witchcraft in Early Modern Europe and Colonial America Brian P. Levack, 2013-03-28 The essays in this Handbook written by leading scholars working in the rapidly developing field of witchcraft studies explore the historical literature regarding witch beliefs and witch trials in Europe and colonial America between the early fifteenth and early eighteenth centuries During these years witches were thought to be evil people who used magical power to inflict physical harm or misfortune on their neighbours Witches were also believed to have made pacts with the devil and sometimes to have worshipped him at nocturnal assemblies known as sabbaths These beliefs provided the basis for defining witchcraft as a secular and ecclesiastical crime and prosecuting tens of thousands of women and men for this offence The trials resulted in as many as fifty thousand executions These essays study the rise and fall of witchcraft prosecutions in the various kingdoms and territories of Europe and in English Spanish and Portuguese colonies in the Americas They also relate these prosecutions to the Catholic and Protestant reformations the introduction of new forms of criminal procedure medical and scientific thought the process of state building profound social and economic change early modern patterns of gender relations and the wave of demonic possessions that occurred in Europe at the same time The essays survey the current state of knowledge in the field explore the academic controversies that have arisen regarding witch beliefs and witch trials propose new ways of studying the subject and identify areas for future research

Rethinking the Anthropology of Magic and Witchcraft Phillips Stevens, Jr., 2023-12-12 This book introduces students to the anthropology of magic and witchcraft terms widely used but with no widely accepted definitions It takes a new approach to this area within the anthropology of religion demonstrating that the bases for these beliefs and alleged practices are inherent in human cognition and psychology even instinctual and likely rooted in our evolutionary biology It shows how magic and magical thinking are regular elements in people s daily lives and that understanding the components of the witchcraft complex offers surprisingly important insights into patterns of thinking and social behavior The book reviews the many meanings of magic and witchcraft and introduces the best anthropological meanings of the terms The components of these beliefs are timeless and universal this fact and recent

advances in the brain sciences suggest that the principles of magic are derived from basic processes of human thinking and the attributes of the witch derive from neurobiologically based fears and fantasies The propensity for such beliefs probably had adaptive significance in the evolutionary development of the human species they are inherently human This book is intended to focus anew on the core concepts of magic witchcraft and the supernatural while also serving as an introduction to the anthropology of religion for undergraduate and graduate level courses *Witchcraft Confessions and Accusations* Mary Douglas,2013-04-15 Historians as well as anthropologists have contributed to this volume of studies on aspects of witchcraft in a variety of cultures and periods from Tudor England to twentieth century Africa and New Guinea Contributors include Mary Douglas Norman Cohn Peter Brown Keith Thomas Alan Macfarlane Alison Redmayne R G Willis Edwin Ardener Robert Brain Julian Pitt Rivers Esther Goody Peter Rivi re Anthony Forge Godfrey Lienhardt I M Lewis Brian Spooner G I Jones Malcolm Ruel and T O Beidelman First published in 1970 *The Cambridge History of Magic and Witchcraft in the West* David J. Collins, S. J.,2015-03-02 This book presents twenty chapters by experts in their fields providing a thorough and interdisciplinary overview of the theory and practice of magic in the West Its chronological scope extends from the Ancient Near East to twenty first century North America its objects of analysis range from Persian curse tablets to US neo paganism For comparative purposes the volume includes chapters on developments in the Jewish and Muslim worlds evaluated not simply for what they contributed at various points to European notions of magic but also as models of alternative development in ancient Mediterranean legacy Similarly the volume highlights the transformative and challenging encounters of Europeans with non Europeans regarding the practice of magic in both early modern colonization and more recent decolonization **Studies and texts in folklore, magic, medieval romance, Hebrew Apocrypha and Samaritan archaeology** Moses Gaster,1928 **A Kind of Magic** Michael Labahn,L. J. Lietaert Peerbolte,2007-01-01 This collection explores the importance of magic within Early Christianity *The Palgrave Handbook of Anthropological Ritual Studies* Pamela J. Stewart,Andrew J. Strathern,2021-08-24 Ritual Studies have achieved prominence since the 1980s when interest in ritual as an object of inquiry was established bridging over a number of humanities and social science disciplines Both connected with religious studies and independent of it overlapping with social and cultural anthropology but also with history related to science and health practices and ranging across the life course to education Ritual Studies has come to encompass studies of change and dynamism in social life Rituals are determinate in form but not static They enunciate distinctive social values within specific contexts that frame them and they relate to the wider concerns and issues of their practitioners Due to this broad and wide ranging scope it is often difficult to find a single resource on Ritual Studies and even more so to find one which moves beyond the beginnings of anthropological theorizing to grapple with the present day contexts of ritual Bringing together recent ethnographies of ritual practice and ritualization from across the globe this Handbook provides case study of ritual in the light of Emotion and Cognition Identity Religious Power Performance and Literature Ecology and Ecological

Disaster Media and other topics While each chapter provides a deep ethnography of a specific society ritual or ritualized practice each also engages with current theoretical and substantive approaches to the relevant topic The scholars collected here provide original synoptic and indicative pieces as guideposts and pathways through the complex varied and cross disciplinary and vast landscape of scholarship that constitutes Ritual Studies today and points to developments in the future

Embracing the Witch and the Goddess Kathryn Rountree,2004-03 *Embracing the Witch and the Goddess* is a detailed survey of present day feminist witches in New Zealand It examines the attraction of witchcraft for its practitioners and explores witches rituals views and beliefs about how magic works The book provides a detailed portrait of an undocumented section of the growing neo pagan movement and compares the special character of New Zealand witchcraft with its counterparts in the United States Great Britain and Australia Kathryn Rountree traces the emergence and history of feminist witchcraft and links witchcraft with the contemporary Goddess movement She reviews scholarly approaches on the study of witchcraft and deals with the key debates which have engaged the movement s adherents and their critics and ultimately presents what Mary Daly declared was missing from most historical and anthropological research on witchcraft a Hag identified vision Based on fieldwork amongst witch practitioners *Embracing the Witch and the Goddess* is an important contribution to the emerging profile of present day witchcraft and paganism

21st Century Anthropology: A Reference Handbook H. James Birx,2010-06-10 Highlighting the most important topics issues questions and debates these two volumes offer full coverage of major subthemes and subfields within the discipline of anthropology

Research Handbook on Interdisciplinary Approaches to Law and Religion Russell Sandberg,Norman Doe,Bronach Kane,Caroline Roberts,2019 Following 9 11 increased attention has been given to the place of religion in the public sphere Across the world Law and Religion has developed as a sub discipline and scholars have grappled with the meaning and effect of legal texts upon religion The questions they ask however cannot be answered by reference to Law alone therefore their work has increasingly drawn upon work from other disciplines This Research Handbook assists by providing introductory but provocative essays from experts on a range of concepts perspectives and theories from other disciplines which can be used to further Law and Religion scholarship

Cursed Britain Thomas Waters,2019-10-07 The definitive history of how witchcraft and black magic have survived through the modern era and into the present day *Cursed Britain* unveils the enduring power of witchcraft curses and black magic in modern times Few topics are so secretive or controversial Yet whether in the 1800s or the early 2000s when disasters struck or personal misfortunes mounted many Britons found themselves believing in things they had previously dismissed dark supernatural forces Historian Thomas Waters here explores the lives of cursed or bewitched people along with the witches and witch busters who helped and harmed them Waters takes us on a fascinating journey from Scottish islands to the folklore rich West Country from the immense territories of the British Empire to metropolitan London We learn why magic caters to deep seated human needs but see how it can also be abused and discover

how witchcraft survives by evolving and changing Along the way we examine an array of remarkable beliefs and rituals from traditional folk magic to diverse spiritualities originating in Africa and Asia This is a tale of cynical quacks and sincere magical healers depressed people and furious vigilantes innocent victims and rogues who claimed to possess evil abilities Their spellbinding stories raise important questions about the state's role in regulating radical spiritualities the fragility of secularism and the true nature of magic

Magic as a Political Crime in Medieval and Early Modern England Francis Young, 2017-10-30 Treason and magic were first linked together during the reign of Edward II Theories of occult conspiracy then regularly led to major political scandals such as the trial of Eleanor Cobham Duchess of Gloucester in 1441 While accusations of magical treason against high ranking figures were indeed a staple of late medieval English power politics they acquired new significance at the Reformation when the superstition embodied by magic came to be associated with proscribed Catholic belief Francis Young here offers the first concerted historical analysis of allegations of the use of magic either to harm or kill the monarch or else manipulate the course of political events in England between the fourteenth century and the dawn of the Enlightenment His book addresses a subject usually either passed over or elided with witchcraft a quite different historical phenomenon He argues that while charges of treasonable magic certainly were used to destroy reputations or to ensure the convictions of undesirables magic was also perceived as a genuine threat by English governments into the Civil War era and beyond

Reader Soma Chaudhuri, Jane Ward, 2025-02-21 Stories about witches are by their nature stories about the most basic and profound of human experiences healing sex violence tragedies aging death and encountering the mystery and magic of the unknown It is no surprise then that witches loom large in our cultural imaginations In academia studies of witches rarely emerge from scholars who are themselves witches and or embedded in communities of witchcraft practitioners The Witch Studies Reader brings together a diverse group of scholars practitioners and scholar practitioners who examine witchcraft from a critical decolonial feminist perspective that decenters Europe and departs from exoticizing and pathologizing writing on witchcraft in the global South The authors show how witches are keepers of suppressed knowledges builders of new futures exemplars of praxis and theorists in their own right Throughout they account for the vastly different national political economic and cultural contexts in which the witch is currently being claimed and repudiated Offering a pathbreaking transnational feminist examination of witches and witchcraft that upends white supremacist colonial patriarchal knowledge regimes this volume brings into being the interdisciplinary field of feminist witch studies Contributors Maria Amir Ruth Asiimwe Bernadette Barton Ethel Brooks Shelina Brown Ruth Charnock Soma Chaudhuri Carolyn Chernoff Saira Chhibber Simon Clay Krystal Cleary Adrianna L Ernstberger Tina Escaja Laurie Essig Marcelitte Failla D Ferrett Marion Goldman Jaime Hartless Margaretha Haughwout Patricia Humura Apoorva Joshi Govind Kelkar Oliver Kellhammer Ay a Kurto lu Helen Macdonald Isabel Machado Brandy Renee McCann Dev Nathan Mary Jo Neitz Amy Nichols Belo Allison or AP Pierce Emma Quilty Anna Rogel Karen Schaller Jacquelyn Marie Shannon Shashank Shekhar Sinha Gabriella V Smith Nathan Snaza Shannon Hughes Spence Eric Steinhart Morena Tartari Nicole Trigg Katie Von Wald Tushabe wa Tushabe Jane Ward
