Submarine Grayback:

Submarine Grayback Rick Cline, 1999-01-01 *United States Submarine Losses in World War II* United States Navy, 2008-09-01 Originally printed in 1946 at the order of Vice Admiral Lockwood Commander of Submarines Pacific Fleet United States Submarine Losses memorializes the 374 officers and 3131 men lost at sea between 1941 and 1945 It also chronicles the gallantry and persistence of these men who under the most difficult conditions possible performed critical missions and almost single handedly decimated Japan's merchant fleet To those whose contribution meant the loss of sons brothers or husbands in this war Admiral Lockwood noted in a speech given on Navy Day 1945 I can assure you that they went down fighting and that their brothers who survived them took a grim toll of our savage enemy to avenge their deaths May God rest their gallant souls This book is a testament to all those living and dead who served in the Silent Service in WWII This enhanced softbound edition features the entire original text and includes an official appendix of Axis submarine losses *United States Submarine Losses, World War II* United States. Naval History Division, 1963 **Patrol Area 14** Dave Lotz, 2018-01-05 As the war in the Pacific progressed the role of the US submarines evolved to meet the challenges confronting the United States Navy in the Western Pacific This story is vividly portrayed in Patrol Area 14 and details the exploits of the US submarines in one specific patrol area of the Pacific Ocean the waters of the Mariana Islands whose control became essential to victory in the Pacific for the United States and defeat for Japan Patrol Area 14 describes the submarine patrols from solitary patrols beginning in 1942 to aggressively patrolling the offshore waters to bold approaches to harbor entrances to sinking ships within sight of the islands in spite of determined Japanese air and sea anti submarine efforts and supporting the US invasions of the islands in 1944 *Regulus* David K. Stumpf, 2006 history of the development and deployment of the Regulus Missile on Submarines *The Last Century of Sea Power, Volume 2* H. P. Willmott, 2010-03-22 An important contribution a thoughtful account of the years preceding the Second World War and at much greater length of the war itself History In this second volume of his history of naval power in the 20th century H P Willmott follows the fortunes of the established seafaring nations of Europe along with two upstarts the United States and Japan Emerging from World War I in command of the seas Great Britain saw its supremacy weakened through neglect and in the face of more committed rivals Britain's grand Coronation Review of 1937 marked the apotheosis of a sea power slipping into decline Meanwhile Britain's rivals and soon to be enemies were embarking on significant naval building programs that would soon change the nature of war at sea in ways that neither they nor their rivals anticipated By the end of a new world war the United States had taken command of two oceans having placed its industrial might behind technologies that further defined the arena of naval power above and below the waves where stealth and the ability to strike at great distance would soon rewrite the rules of war and of peace This splendid volume further enhances Willmott's stature as the dean of naval historians Praise for The Last Century of Sea Power series The author dean of naval historians provides a sweeping look at

and analysis of the transformation of naval power Wilmott is fearless in his judgments Seapower H P Willmott is the finest naval historian and among the finest historians of any discipline writing today Bernard D Cole author of *The Great Wall at Sea* *World War II Sea War, Vol 8: Guadalcanal Secured* Donald A Bertke, Gordon Smith, Don Kindell, 2015-09 Volume 8 documents the swing of battle from the Axis to the Allies from December 1942 thru February 1943 as naval actions forced the Japanese to begin their retreat and their efforts to forestall the inevitable Meanwhile naval actions slowly strangled the Axis nations in Europe and led them to the road of defeat Specific events include The last naval battles for Guadalcanal The IJN's secret evacuation of the Japanese Army from Guadalcanal The Russian encirclement and destruction of the German Sixth Army at Stalingrad The German counterattacks against the much larger Russian Army in the Ukraine The Battle of the North Atlantic between Allied convoy escorts and German U boats The Allies advance to trap German and Italian troops in Tunisia Intense actions in the Arctic Ocean as the German surface fleet tried to destroy the Arctic Convoys Increased attacks by USN submarines on Japanese shipping *The Official Chronology of the U.S. Navy in World War II* Robert J Cressman, 2016-10-15 Ten years after the close of World War II the U S Navy published a chronology of its operations in the war Long out of print the work focused on what were then defined as critical and decisive events It ignored a multitude of combat actions as well as the loss or damage of many types of U S ships and craft particularly auxiliaries amphibious ships and district craft and entirely omitted the U S submarine campaign against Japanese shipping This greatly expanded and updated study now available in paperback with an index goes far beyond the original work drawing on information from more than forty additional years of historical research and writing Massive but well organized it addresses operational aspects of the U S Navy's war in every theater **The Bravest Man** William Tuohy, 2009-03-04 There's no margin for mistakes in submarines You're either alive or dead Richard O Kane Hailed as the ace of aces captain Richard O Kane winner of the Congressional Medal of Honor for his consummate skill and heroism as a submarine skipper sank more enemy ships and saved more downed fliers than anyone else Now Pulitzer Prize winning author William Tuohy captures all the danger the terror and the pulse pounding action of undersea combat as he chronicles O Kane's wartime career from his valiant service as executive officer under Wahoo skipper Dudley Mush Morton to his electrifying patrols as commander of the USS Tang and his incredible escape with eight other survivors after Tang was sunk by its own defective torpedo Above all *The Bravest Man* is the dramatic story of mavericks who broke the rules and set the pace to become a new breed of hunter killer submariners who waged a unique brand of warfare These undersea warriors would blaze their own path to victory and transform the Silent Service into the deadliest fighting force in the Pacific **Traveler's Guide to Ship Museums in the United States** Charles L. Barnett, 2025-09-12 This book comes from the author's passion for traveling learning and exploring new adventures Additionally a love ships of many types from the US Navy the US Coast Guard other nations and the contribution of all of them to the history of the United States of America This book's intention is to provide the reader with a guide to plan

The story of these men represents the thousands of Allied POWs who suffered not only the atrocious conditions of these Japanese hellships but also the terror of friendly fire from their own side's submarines. For the first time the personal, political, and legal aftermath of these men's experiences is fully detailed. At its heart this is a story of survival. Charting the survivors' fates from rescue to their attempts at retribution, this book reveals the trauma that continued long after the war was over.
