The Suburban Crisis Matthew D. Lassiter, 2023-11-07 The criminalization of marijuana the white middleclass drug problem moved to the epicenter of the national war on drugs during the Nixon era White middle class youth by the millions were both the primary victims of the organized drug trade and excessive drug war enforcement but policymakers also remained committed to deterring their illegal drug use controlling their subculture and coercing them into rehabilitation through criminal law Only with the emergence of crack cocaine epidemic of the mid 1980s did this use of state power move out of suburbs and

remgaged more dramatically in urban and minority areas This book tells a history of how state institutions mass media and grassroots political movements long constructed the wars on drugs crime and delinquency through the lens of suburban crisis while repeatedly launching bipartisan nonpartisan crusades to protect white middle class victims from perceived and actual threats both internal and external Where the Nations Meet Stephen A.
