Subversive Southerner Catherine Fosl, 2006-08-01 With a Foreword by Angela Y Davis Winner of the 2003 Oral History Association Book Award Winner of the 2003 Gustavus Myers Center for Human Rights Outstanding Book Award Anne McCarty Braden 1924 2006 was a courageous southern white woman who in the late 1940s rejected her segregationist and privileged past to become a lifelong crusader against racial discrimination Arousing the conscience of white southerners to the reality of racial injustice Braden was branded a communist and seditionist by southern politicians who used McCarthyism to buttress legal and institutional segregation as it came under fire in deferral courts She became nevertheless one of the civil rights movement's staunchest white allies and one of five southern whites commended by Rev Martin Luther King Jr in his 1963 Letter from Birmingham Jail Although Braden remained a controversial figure even in the movement her commitment superseded her radical reputation and she became a mentor and advisor to students who launched the 1960s sit ins and to successive generations of peace and justice activists In this riveting oral history based biography Catherine Fosl also offers a social history of how racism sexism and anticommunism overlapped in the twentieth century south and how ripples from the Cold War divided and limited the southern civil rights movement **Unlikely Dissenters** Anne

Don't Call Us Girls Barbara Leonora Tischler,2024-11-30 In a collective voice calling for peace tracing back to pre World War II Don t Call Us Girls follows the protests of women and their allies from the White House to the Arc de Triomphe heralding their impact on today s world Don t Call Us Girls examines the importance of women s participation in the Civil

Rights Movement in the United States and the international anti war movement This collective voice for peace and an end to nuclear proliferation reached back to before the Second World War and then firmly embedded itself during the war years when women assumed such important roles in the workplace that Franklin D Roosevelt called them the Arsenal of Democracy When the men returned from war women were encouraged by forces as powerful as government agencies and eminent psychiatrists to return to their place at home And return home they did only to realize that they could use the skills they practiced as housewives to begin organizing themselves into groups that would start a wave of protest action that swept through the late 1950s gathering up the Civil Rights Movement as it hurtled ever forward through the next two decades In the 1960s and 1970s no institution or convention was sacred many aspects of women s lives were fair game for criticism protest and change In this no holds barred era women debated everything from international nuclear policies pay equity and child care for women to reproductive rights and sexual politics They protested in the streets outside the White House in Trafalgar Square at the Arc de Triomphe on university campuses and just about anywhere else they would be heard They were tired of the role society had cast for them and they would not rest until they saw the substantial change that seemed promising with the emergence of Second Wave Feminism in the 1970s While we still live in a patriarchal society we have these women to thank for many of the freedoms we now enjoy If they have taught us anything it is never to stop pushing back against the patriarchy and to rest only when we are truly equal The final chapter of Don t Call Us Girls reminds us that there is still a lot of work to do

Exchanges and Correspondence Claudette Fillard,Françoise Orazi,2010-08-11 Through the eighteen essays of this book the reader becomes the beholder of a challenging survey of feminism in the making from its early stages in the 18th century to the present in Anglo Saxon countries and elsewhere including Eastern Europe and some places under the influence of communism or Islam The development of exchanges and correspondence enabled feminism to pre exist the word itself which leads several contributors to ponder over its meaning as well as over the notion of influence a pivotal component of their reflection Through the complex interplay of harmony and disharmony openly acknowledged or carefully hidden similarities or differences and the delineation of the converging or conflicting forces which the authors of this volume attempt to disentangle a fascinating chorus of voices eventually emerges from this volume a preview of the budding sisterhood It throws light on the major factors in women s growing consciousness of their plight and of the main stakes in the struggle for the defense of their rights Scholars of different national origins and methodological approaches here join forces until the book itself amounts to an innovative web of exchanges and correspondences its medium as well as its avowed message

The Times-Picayune in a Changing Media World S. L. Alexander, Frank D. Durham, Alfred Lawrence Lorenz, Vicki Mayer,2014-07-17 In 2012 2013 one of the largest U S newspaper chains Advance Publications determined its main product was no longer newspapers but news and switched from daily print publication of The Times Picayune of New Orleans to three days a week while upgrading its presence online Digital First More than two hundred

employees including half the newsroom were laid off in one of the poorest U S cities with among the lowest literacy rates and percentages of households with Internet access The decision raised a furor in New Orleans Beginning with an historical overview of The Times Picayune from its 1837 founding through the present The Times Picayune in a Changing Media World The Transformation of an American Newspaper describes the crucial role the dailies played in the 1960 school desegregation crisis as well as the impact of the switch on print coverage of hard news in the context of media developments and provides a detailed analysis of specific print editions of The Times Picayune and its digital formats conducted before and after the switch This study of the evolution of The Times Picayune is instructive for all concerned with what the transformation might portend for the news profession and for the traditional role of the press in the digital age **Raising Racists** Kristina

Josephine Louise Newcomb donated funds to Tulane University for the founding of the H Sophie Newcomb Memorial College

Her contribution created the nation's first degree-granting coordinate college for women. For more than a century, Newcomb College educated thousands of young women in the liberal arts and sciences, preparing them for positions in the civic and economic world of New Orleans and the South. Newcomb College, 1886-2006 explores the rich history and tradition of the college through a diverse and multidisciplinary collection of essays. Early chapters focus on the life of Josephine Louise Newcomb and her desire to memorialize her daughter Sophie, as well as the development of student culture in the Progressive Era. Several essays explore the staples of a Newcomb education: from its acclaimed pottery and junior year abroad programs to lesser-known but trailblazing work in physical education and chemistry. Concluding biographical and autobiographical chapters recount the lives of distinguished alumnae and the personal memories of Newcomb's influence on New Orleans. The essays offer insight into the work of artists Caroline Wogan Durieux and Ida Kohlmeyer, education reformer Sarah Towles Reed, U.S. representative Lindy Boggs, and other Newcomb leaders in various fields. Throughout the book, contributors reflect on the curriculum, pedagogy, and alliances that created paths for students not only for advanced studies but also for their roles as friends, wives, mothers, reformers, and professionals. Touching on three centuries, the book concludes in 2006 when Tulane University closed Newcomb College and Paul Tulane College, the arts and sciences college for men, and united the two as Newcomb-Tulane College. This absorbing collection offers both a scholarly history and an affectionate tribute to a Newcomb education.

You Must Be from the North Kimberly K. Little, 2009-10-20. You must be from the North was a common derogatory reaction to the activities of white women throughout the South, well meaning wives and mothers who joined together to improve schools or local sanitation but found their efforts decried as more troublesome civil rights agitation. You Must Be from the North Southern White Women in the Memphis Civil Rights Movement focuses on a generation of white women in Memphis, Tennessee, born between the two World Wars and typically omitted from the history of the civil rights movement. The women, for the most part, did not jeopardize their lives by participating alongside black activists in sit-ins and freedom rides. Instead, they began their journey into civil rights activism as a result of their commitment to traditional female roles through such organizations as the Junior League. What originated as a way to do charitable work, however, evolved into more substantive political action. While involvement with groups devoted to feeding school children and expanding Bible study sessions seemed benign, these white women's growing awareness of racial disparities in Memphis and elsewhere caused them to question the South's hierarchies in ways many of their peers did not. Ultimately, they found themselves challenging segregation more directly, found themselves ostracized as a result, and discovered they were often distrusted by a justifiably suspicious black community. Their newly discovered commitment to civil rights contributed to the success of the city's sanitation workers' strike of 1968. Dr. Martin Luther King Jr.'s death during the strike resonated so deeply that for many of these women it became a defining moment. In the long term, these women proved to be a persistent and progressive influence upon the attitudes of the white population of Memphis and particularly on the
