Subverting The System Daubigne And Calvinism:

Subverting the System Catharine Randall, 1990 The basic assumption of this book is addressing the way in which Calvinist theology affected the literary endeavors of Calvinist writers not only Agrippa d'Aubigné but all French Protestant authors of the later sixteenth century The author argues that Calvinist theology created special problems of conscience because its emphasis on the authority of scripture made believers regard their proper task as exposition and presentation of the truth already revealed while any effort to create an imaginary world of creative fiction seemed a rejection of the truth and a self glorification of the author that amounted to rebellion against the authority of God D'Aubigné represents a clear and conscious rebellion against such constraints through his career d'Aubigné openly dared to engage in independent literary creation and to assert his right as a sincerely reformed Christian to do so In this study theology and literature come together to illuminate a major problem in the literary history of the French Reformed tradition **As in a Mirror. Karl Barth on Knowing God C. van der Kooi, 2005-01-01 What does it really mean to know God What are the grounds for knowing God what feeds that knowledge and what is really known In his search for answers to these questions in two panels the author paints for us a clear picture of what Calvin and Barth had to say about knowing God Calvin against the background of pre modern culture Barth in response to a post Kantian culture inclined to agnosticism Between them like a hinge between the two panels we find the philosophy of Kant The two epochal theological figures are placed next to each other but without this being at the expense of the power of either The study does not stop with detached historical analysis but nourishes the author's own reflection toward a systematic design **Historical Dictionary of the Reformed**

Churches Robert Benedetto, Donald K. McKim, 2009-10-06 As its name implies the Reformed tradition grew out of the 16th century Protestant Reformation The Reformed churches consider themselves to be the Catholic Church reformed The movement originated in the reform efforts of Huldrych Zwingli 1484 1531 of Zurich and John Calvin 1509 1564 of Geneva Although the Reformed movement was dependent upon many Protestant leaders it was Calvin's tireless work as a writer preacher teacher and social and ecclesiastical reformer that provided a substantial body of literature and an ethos from which the Reformed tradition grew Today the Reformed churches are a multicultural multiethnic and multinational phenomenon The second edition of the Historical Dictionary of the Reformed Churches contains information on the major personalities events facts movements and beliefs of the Reformed churches This is done through a list of acronyms and abbreviations a chronology an introductory essay appendixes a bibliography and over 800 cross referenced dictionary entries on leaders personalities events facts movements and beliefs of the Reformed churches **The Cambridge History of**

Literary Criticism: Volume 3, The Renaissance George Alexander Kennedy, Glyn P. Norton, 1989 This 1999 volume was the first to explore as part of an unbroken continuum the critical legacy both of the humanist rediscovery of ancient learning and of its neoclassical reformulation Focused on what is arguably the most complex phase in the transmission of the Western

literary critical heritage the book encompasses those issues that helped shape the way European writers thought about literature from the late Middle Ages to the late seventeenth century These issues touched almost every facet of Western intellectual endeavour as well as the historical cultural social scientific and technological contexts in which that activity evolved From the interpretative reassessment of the major ancient poetic texts this volume addresses the emergence of the literary critic in Europe by exploring poetics prose fiction contexts of criticism neoclassicism and national developments Sixty one chapters by internationally respected scholars are supported by an introduction detailed bibliographies for further investigation and a full index

Literature and the Scottish Reformation David George Mullan, 2016-12-05 Throughout the twentieth century Scottish literary studies was dominated by a critical consensus that critiqued contemporary anti Catholic by advancing a re reading of the Reformation This consensus understood that Scotland's rich medieval culture had been replaced with an anti aesthetic tyranny of life and letters As a result Scottish literature has consistently been defined in opposition to the Calvinism to which it frequently returns Yet as the essays in this collection show such a consensus appears increasingly untenable in light both of recent research and a more detailed survey of Scottish literature This collection launches a full scale reconsideration of the series of relationships between literature and reformation in early modern Scotland Previous scholarship in this area has tended to dismiss the literary value of the writing of the period largely as a reaction to its regular theological interests Instead the essays in this volume reinforce recent work that challenges the received scholarly consensus by taking these interests seriously This volume argues for the importance of this religiously orientated writing through the adoption of a series of interdisciplinary approaches Arranged chronologically the collection concentrates on major authors and texts while engaging with a number of contemporary critical issues and so highlighting for example writing by women in the period It addresses the concerns of historians and theologians who have routinely accepted the established reading of this period of literary history in Scotland and offers a radically new interpretation of the complex relationships between literature and religious reform in early modern Scotland

The Gargantuan Polity Michael Randall, 2008-11-18 Critics and scholars have long argued that the Renaissance was the period that gave rise to the modern individual The Gargantuan Polity examines political legal theological and literary texts in the late Middle Ages to show how individuals were defined by contracts of mutual obligation which allowed rulers to hold power due to approval of their subjects Noting how the relationship between rulers and individuals changed with the rise of absolute monarchy Michael Randall provides significant insight into Renaissance culture and politics by showing how individuals went from being understood in terms of their objective relations with the community to subjective beings By studying this evolution he challenges the argument that subjectivity enabled modern political autonomy to come into existence and instead argues that subjectivity might have disempowered the outwardly directed and highly political individuals of the late Middle Ages A profound and detailed study of one of the most drastic periods of change The Gargantuan Polity will be of interest to scholars

of French literature the Renaissance and intellectual history **From a Far Country** Catharine Randall,2011 In *From a Far Country* Catharine Randall examines Huguenots and their less known cousins the Camisards offering a fresh perspective on the important role these French Protestants played in settling the New World The Camisard religion was marked by more ecstatic expression than that of the Huguenots not unlike differences between Pentecostals and Protestants Both groups were persecuted and emigrated in large numbers becoming participants in the broad circulation of ideas that characterized the seventeenth and eighteenth century Atlantic world Randall vividly portrays this French Protestant diaspora through the lives of three figures Gabriel Bernon who led a Huguenot exodus to Massachusetts and moved among the commercial elite Ez chiel Carr a Camisard who influenced Cotton Mather s theology and Elie Neau a Camisard influenced writer and escaped galley slave who established North America s first school for blacks Like other French Protestants these men were adaptable in their religious views a quality Randall points out as quintessentially American In anthropological terms they acted as code shifters who manipulated multiple cultures While this malleability ensured that French Protestant culture would not survive in externally recognizable terms in the Americas Randall shows that the culture s impact was nonetheless considerable

The Way of Prophetic Leadership Jennifer Campbell,2015-06-01 This book seeks to address both the bewilderment and desire for prophetic visionary leadership in the contemporary church by a discussion of two significant revivals of the 1600s the English Nonconformist Quakers and the Protestant French Huguenots How can prophetic vision be incorporated successfully into the ministry of the church Campbell argues that the mission of the apostle evangelist pastor and teacher is to be prophetically inspired and led in every way by the union of the Word the Person of Jesus Christ and the Person of the Holy Spirit Publisher *Epic Arts in Renaissance France* Phillip John Usher,2014 *Epic Arts in Renaissance France* examines the relationship between art and literature in 16th century France and considers how the epic genre became public via realisations in various other art forms **Princes and Princely Culture 1450-1650, Volume 2** ,2005-01-01 Many products of medieval and renaissance culture literature music political ideology social and governmental structures the fine arts forms of devotional piety and also the social political and literary self representation of rulers found their best expression in the context of the courts of greater and lesser princes This second volume on princes and princely culture between 1450 and 1650 the first was published in 2003 as volume 118 1 in this series contains twelve essays These are focused on England under Edward IV Henry VII and Henry VIII Elizabeth I and under James I and Charles I The late fifteenth century imperial court is treated in a piece on Matthias I Corvinus The courts of Italy are represented by chapters on those of the Po Valley the Medici of Florence the Papal courts of Pius II and Julius II and of Naples Spanish court culture is discussed in contributions on Charles V Philip II and on Philip IV **Critical Tales** John D. Lyons,Mary B. McKinley,2016-11-11

Appearing in print for the first time in 1558 the book that we now know as the *Heptameron* is the work of Marguerite Queen of Navarre Left incomplete but dearly modeled on Boccaccio s *Decameron* the *Heptameron* consists of a frame narrative and

seventy two tales told by five men and five women characters in the shady meadow at Notre Dame de Sarrance As John D Lyons and Mary B McKinley contend in their introduction to this volume the tales of the Heptameron portray the conflicts ruptures and upheavals that agitated early modern French society They present a forum in which different elements of Renaissance and Reformation culture meet and at times collide Contradictory suppositions about men and women are easily discerned behind almost all of the stories and the discussions among the fictional storytellers represent attitudes both feminist and misogynist masculinist and misandrous Less oppositional are the religious conflicts among the storytellers some are less ardently religious while others are concerned with the corporeal rather than the spiritual The stories of the Heptameron are often cautionary tales about the corruption of the late medieval church about decadent priests and monks or about the unfortunate faithful whose belief in the efficacy of good works for salvation leads to disaster and death The conflicts of the Reformation loom over the Heptameron not just as the origin of its ideological tensions but also as a prominent symptom of the larger related disruptions that marked sixteenth century Europe Provocative and wide ranging appealing to specialists in numerous fields Critical Tales is the first collective volume of studies in English on the Heptameron The authors Robert D Cottrell Hope Glidden Marcel Tetel Donald Stone Tom Conley Michel Jeanneret Cathleen M Bauschatz Francois Cornilliat and Ullrich Langer Mary B McKinley Philippe de Lajarte Andre Tournon Daniel Russell Francois Rigolot Paula Sommers and Edwin M Duval present different approaches to Marguerite de Navarre s tales dealing with such topics as confession rape the impact of printing on knowledge and narrative narrative theory and androgyny The contributors to Critical Tales like the storytellers of the Heptameron are not afraid to challenge the critical establishment and one another The book will be of interest to students and scholars of French and comparative literature and women s studies

Historical Dictionary of French Literature John Flower, 2022-05-15 With the possible exception of Great Britain France can justifiably lay claim to possess the richest literary history of any country in Western Europe This book covers the authors and their works literary movements and philosophical and social developments that have had a direct impact on style or content and major historical events such as the two world wars the Franco Prussian War the Algerian War or the events of May 1968 that are directly reflected in a substantial body of imaginative writing Historical Dictionary of French Literature Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on individual writers and key texts significant movements groups associations and periodicals and on the literary reactions to major national and international events such as revolutions and wars This book is an excellent resource for students researchers and anyone wanting to know more about French literature **Crucicentric, Congregational, and Catholic** David R. Peel, 2019-03-04 This book presents a synthesis of Alan Sell s theology drawn from his voluminous publications As Sell s doctrinal views are explored and interpreted his indebtedness to P T Forsyth becomes clear What emerges is a theology rooted in and flowing from the Cross Resurrection event Standing in the Separatist

Dissenting and Nonconformist traditions Sell advocates a wholehearted commitment to a Congregational ecclesiology which he maintains carries the potential to break through the log jams holding up the establishment of full ecumenical relationships across the churches Saddened by Christianity's many sectarianisms Sell's intentions are thoroughly catholic while his faithfulness to the Christian tradition handed on to him is matched by a willingness to receive insights from beyond it The result is a generous if eclectic expression of Christian orthodoxy The critical phase of the book turns upon the question whether Sell's generous orthodoxy is generous enough Do his theological conclusions actually do justice to the life and ministry of Jesus And secondly are they credible in the contemporary world For all Sell's commitment to apologetics does his theology actually speak to contemporary hearers

Princes and Princely Culture Martin Gosman, Alasdair James Macdonald, A. Alasdair A. MacDonald, Arie Johan Vanderjagt, 2005-01-01 The essays in this second volume discuss princely courts north and south of the alps and pyrenees between 1450 1650 as focal points for products of medieval and renaissance culture such as literature music political ideology social and governmental structures the fine arts and devotional practice

Translations of Authority in Medieval English Literature Alastair Minnis, 2009-03-19 Minnis presents the fruits of a long term engagement with the ways in which crucial ideological issues were deployed in vernacular texts He addresses the crisis for vernacular translation precipitated by the Lollard heresy Langland's views on indulgences Chaucer's tales of suspicious saints and risible relics and more

The Dynamics of Androgyny in Agrippa D'Aubigné's Les Tragiques Sarah M. Nelson, 1997 Agrippa d'Aubigné, ou, Les misères du prophète Samuel Junod, 2008 In *Les Tragiques* the tormented figures of Jonas and Jeremy serve as analogies for Agrippa d'Aubigné's own situation Without the skill the natural inclination or the desire to take on their mission prophets end up alienated Though they aspire to performance and efficiency they are usually powerless and suspiciously rejected A prophet's fundamental problem is a lack of recognition

John Milton John T. Shawcross, 2021-09-15 The facts of John Milton's life are well documented but what of the person Milton the man whose poetic and prose works have been deeply influential and are still the subject of opposing readings John Shawcross's different biography depicts the man against a psychological backdrop that brings into relief who he was in his works and from his works While the theories of Freud Lacan Kohut and others underlie this pursuit of Milton's self Jung and some of his followers provide the basic understanding by which Shawcross places Milton in the panorama of history His explorations of the psychological underpinnings of Milton's decision to become a poet of the homoerotic dimensions of his personality and of his relationships with father and mother demonstrate the extent to which psychobiography proves itself invaluable as a means to appreciate this complex writer and his complex writings This biography combines the traditional chronological narrative with a technique akin to that of fiction a mixture of times and a triggering of remembrances from various time frames without time differentiations Such an approach offers a view of Milton not only in being but in process of being Shawcross's examination of two current concerns gender attitudes and political ideologies ranges Milton's work against the

self he exhibits Specialists and nonspecialists alike will find in this magisterial biography a wealth of new insight into one of the greatest of English poets *RIC.* ,1991 Earthly Treasures Catharine Randall,2007 Earthly Treasures maps the presence position and use in the narrative of a variety of material objects in Marguerite de Navarre s Heptameron There is a wide selection of objects ranging from tapestries with scripture passages woven into the borders fine arts paintings chalices incised with proverbs emblems table linens copies of Bibles or manuscripts clothing masks stage props jewelry furniture and foodstuffs Although the presence of such material objects seems paradoxical given the scriptural mandate to disregard things of this world and to store up treasure rather in heaven Marguerite found license to use such objects both in the Bible and in the daily life oriented and artifact studded sermons and writings collected in the Table Talk of Martin Luther
