Preface *Making the Sustainable University* Katie Leone,Simeon Komisar,Edwin M. Everham III,2021-05-21 This book documents strategies for universities engaging sustainability challenges through the education of global citizens on topics such as climate change habitat alteration species loss resource depletion and contamination food access and sovereignty economic equity and energy use Different disciplines and operational units often have disparate ideas in mind when they work toward advancing sustainability For example some disciplines focus on environmental challenges identifying impacts to ecosystems mitigation and remediation strategies some on greening of industrial and commercial practices while others address social equity often there is little effort to connect these pieces especially while considering economic impacts This book examines how Florida Gulf Coast University has attempted to infuse sustainability across curricula and operations as an integrated concept and our successes and shortcomings are instructional for sustainability practitioners on college campuses and other industries in a wide audience

A Practical Guide to Service Learning Felicia L. Wilczenski,Susan M. Coomey,2007-06-03 School is so boring I hate it Why do I have to learn this stuff I ll never use it What does this class have to do with anything As school psychologists and school counselors how often do you hear this Chances are many of the students referred to you do not have any cognitive impairment or emotional disability They are bored and disengaged from school Some students may be struggling with personal and career identity issues Others come to you when interpersonal concerns or emotional distress interfere with their ability to learn Still others have learning disabilities cognitive impairment or psychological disorders that hinder their academic progress In this era of standards based instruction and No Child Left Behind the bottom line for schools is students academic performance The intense pressure on teachers to close the achievement gap and to produce students who achieve academically also pressures you to find effective interventions to promote school success Ultimately the goal of your work is to enable academic learning to take place for both regular and special education students The challenge is enormous
