Successful Christianity Dr. Roger Price, 2008-05-23 The world is full of religions espousing man's ideas of how to get to their particular gods or goddesses and to gain their favor These people seem to be in a continuous state of failure Successful Christianity explores the Christian faith in which there are those also who struggle to be on top of things in life This book gives multiple avenues of overcoming what is seen by some as a person's fate in life From failures in finances to poor health I point out that

there has to be a change in our thinking if we are to ever be successful in our walk with the Lord. Proposing that God wants us to be successful in life, Scripture is called upon to point out the various avenues in which we please God by our faith and actions that back up that faith which will bring success. Our focus on a growing relationship with our Lord and His Word I am convinced is the avenue of success for the Christian. That is my experience and I pray you find it true also. *Finattitude* Bharath Nalla, 2025-05-15

Why *Finattitude* *Finattitude* is more than just a title. It's a mindset. A movement. A reprogramming of how we think about money, success, and life. In a world where finance is often reduced to cold numbers, spreadsheets, and rigid rules, *Finattitude* dares to ask a different question: What if your attitude toward money matters more than the money itself? This book is built around a single powerful idea: Money doesn't change people; Attitude towards money does. *Finattitude* is the term I coined to represent that peculiar transformative attitude, one that looks beyond savings accounts and investment charts to the core of your habits, beliefs, emotions, and decisions. It's not just about what you earn, but how you think, feel, and act when money is in the picture. It's a blend of financial wisdom passed down and discovered through lived experiences. Mindful habits that create sustainable wealth and bold, human-centric thinking that empowers both kids and adults to break cycles, build legacies, and live freely. Whether you're 9 or 90, a beginner or a seasoned investor, *Finattitude* invites you to drop outdated money scripts and adopt a new lens, one that's thoughtful, adaptable, global, and deeply personal. So this isn't just a finance book; It's a mindset manual. It's a lifelong toolkit. It's *Finattitude*. *Career Coach - Getting The Right Job Right Now!* Linda Conklin, 2008-10-01

Consider this Fact: Did you know that you will likely change jobs a minimum of 7 times during your career? That's mind-blowing! Finding a job that you like can be an overwhelming process. It's like searching for a needle in a haystack. Would you like to understand the secret methods behind the madness? That's only the tip of the iceberg. I hate to say this, but Corporate restructuring, Global competition, and inevitable change have had an immense impact on the way we all live and work. That's because lifetime employment with just one employer is a thing of the past. That could be considered bad news. But the good news for you is that the *Career Coach Guide* can help you eliminate many of the bumps in the road that you will encounter. This straight-to-the-point book is jam-packed with 112 pages of common-sense strategies, clever tips, and useable examples. You can gain a better advantage right now for less than the cost of dinner and a movie. You will be impressed with your copy of this book. *Sidepreneur. not surprising that an honestly meant praise rarely misses its effect Who feels appropriately valued by others automatically becomes more open and accessible to their wishes So what we give in appreciation we also get back The reason for this is our brain which activates the reward center due to encouragement and at the same time inhibits the fear center So a benevolent address has an immediate positive effect on another person s creativity motivation and ability to relate But appreciation and praise are not a one way street and certainly not manipulation techniques that can be turned on and off at will Only if praise is really meant seriously does it have a lasting effect The old rule applies If you strengthen encourage and motivate others you will end up a big step closer to your goals With its integrated knowledge system and Info on Demand concept the publisher not only participated in an EU funded program but was also awarded the Global Business Award as Publisher of the Year Therefore by purchasing this book you are also doing good The publisher is financially and personally involved in socially relevant projects such as tree planting campaigns the establishment of scholarships sustainable innovations and many other ideas The goal of providing you with the best possible content on topics such as career finance management recruiting or psychology goes far beyond the static nature of traditional books The interactive book not only imparts expert knowledge but also allows you to ask individual questions and receive personal advice In doing so expertise and technical innovation go hand in hand as we take the responsibility of delivering well researched and reliable content as well as the trust you place in us very seriously Therefore all texts are written by experts in their field Only for better accessibility of information do we rely on AI supported data analysis which assists you in your search for knowledge You also gain extensive premium services Each book includes detailed explanations and examples making it easier for you to successfully use the consultation services freeky available only to book buyers Additionally you can download e courses work with workbooks or engage with an active community This way you gain valuable resources that enhance your knowledge stimulate creativity and make your personal and professional goals achievable and successes tangible That s why as part of the reader community you have the unique opportunity to make your journey to personal success even more unforgettable with travel deals of up to 75% off Because we know that true success is not just a matter of the mind but is primarily the result of personal impressions and experiences Publisher and editor Simone Janson is also a bestselling author and one of the 10 most important German bloggers according to the Blogger Relevance Index Additionally she has been a columnist and author for renowned media such as WELT Wirtschaftswoche and ZEIT you can learn more about her on Wikipedia
