require the reader to wade through a myriad of lengthy philosophical beliefs and principles. All too often well-meaning readers buy these books with every intention of absorbing all the bits of wisdom inside. Unfortunately, many don't have time to really study such books, let alone extract basic daily living guidelines. Tom Massey has written a simple book, *The ABC's of Successful Living*, which cuts to the chase. It is an easy read. Pick it up and you may find yourself motivated to read it from cover to cover in one sitting. Or it may be easier to read whenever you want a spiritual pick-me-up. This book is a true blessing. In relatively few pages, it covers a broad spectrum of practical advice and affirmations for improving your life, for transforming your perspectives on living and being. Use only part of this book and you'll find yourself entering a new level of consciousness. Use it and apply it all and you'll learn that the true secrets of life and universal knowing are essentially simple. This is a very simple book with the power to change your life. It's just that simple. *Successful Living from A to Z* Jody Ellis, 2012-01-15. Say to yourself: I am alive. I am really alive. Go through each day as if you were a new arrival in the world. Use all of your senses all day. See everything clearly. Listen to all sounds. Feel the vibration of life in your body and your mind. Be alert every minute. You'll experience a new day and a new life. With that statement, the author introduces a primer designed to assist the busy body in today's society. *Successful Living* can alter the direction of your life in more ways than you can imagine. Use it as a guide, take it at face value, share it with your children. From *Alive to Zest*, Knowledge to Quest, every letter of the alphabet is utilized to help the reader of any level fundamentally understand essential principles in the course of living a full life. Pick and choose which lessons are more relevant to your situation. Read the book in chronological order, skip through the chapters, or read it backwards. The teachings inside this little guide are universal. Good for life coaches, teachers of any discipline, business associates, philosophers, or anyone interested in seeking a new path of fulfillment. Jody Ellis's book can alter your life for the better. This is not a text that holds all the answers, but a remarkable testament of one individual's keen awareness that she would like to share with her readers. JODY ELLIS was born in Colorado in 1925 and has enjoyed a successful and varied career in health care, business, and the arts. She attended MacMurray College and served as a registered nurse in the U.S. Air Force in both the United States and Europe. Her business experiences include owning a candy company and a research firm specializing in work with authors and speakers. She was a founder of the Sunstone Press and its first President and a founder of the Santa Fe Community Orchestra. Fulfilling a lifelong interest in music, she became a cellist and music teacher. In recent years, she has also become known as a composer of orchestral and piano music. **Biblical Principles for Successful Living** William Lake, 2019-01-17. Or is successful living a process that starts in your own mind? Dr. Barker writes: The creative power in life is mind. That is its primary quality and its most basic function. The universe

is the result of a mathematical thinker thinking mathematically The universe is actually a mental system Its primary nature is the process of ideas becoming form Every fact in your world is also an idea in your mind To get new things in your world you must have new ideas in your consciousness Few people do enough abstract thinking to create new ideas in their minds The infiltration of new ideas in the mind is essential to healthy living You exist in an infinite Mind which offers you an ever expanding variety of ideas Ideas are seeking to be born in your mind The ideas to a successful life are there waiting your acknowledgement and direction to be expressed There s no luck involved First published in 1957 this updated edition provides a new look and contemporary voice to a prominent and respected New Thought Classic     A Girl's Guide to Successful Living Yvette Jasmine,2009-07-30     **Spiritual Laws for Successful Living** Paul L.
