Creating the Path to Success in the Classroom Kathleen F. Gabriel,2023-07-03 This is a book for all faculty who are concerned with promoting the persistence of all students whom they teach Most recognize that faculty play a major role in student retention and success because they typically have more direct contact with students than others on campus However little attention has been paid to role of the faculty in this specific mission or to the corresponding characteristics of teaching teacher student interactions and connection to student affairs activities that lead to students long term engagement to their academic success and ultimately to graduation At a time when the numbers of underrepresented students working adults minority first generation low income and international students is increasing this book a companion to her earlier Teaching Underprepared Students addresses that lack of specific guidance by providing faculty with additional evidence based instructional practices geared toward reaching all the students in their classrooms including those from groups that traditionally have been the least successful while maintaining high standards and expectations Recognizing that there are no easy answers Kathleen Gabriel offers faculty ideas that can be incorporated in or modified to align with faculty s existing teaching methods She covers topics such as creating a positive and inclusive course climate fostering a community of learners increasing engagement and students interactions activating connections with culturally relevant material reinforcing self efficacy with growth mindset and mental toughness techniques improving lectures by building in meaningful educational activities designing reading and writing assignments for stimulating deep learning and critical thinking and making grade and assessment choices that can promote learning

Effective School Interventions Matthew K. Burns,T. Chris Riley-Tillman,Natalie Rathvon,2017-09-29 Natalie Rathvon appears as sole author on first 1999 and second 2008 editions title pages

Handbook of Literacy in Diglossia and in Dialectal Contexts Elinor Saiegh-Haddad,Lior Laks,Catherine McBride,2022-03-14 This volume is the first published collection of papers on the impact of diglossia and dialectal variations on language and literacy acquisition impairment and education The authors are pioneering in this field and are leading researchers with substantial experience in conducting research in this area A wide range of areas and languages are covered including the US South Africa Israel and various European countries The chapters present novel data and insights regarding the role of dialectal variations on language and literacy from a wide range of countries and perspectives These insights have significant theoretical and practical implications A majority of literacy learners worldwide are taught to read and write in a language variety or a dialect that is not the same as their spoken language Not only is this

the global norm but it is probably also the greatest obstacle to literacy learning This volume is the first published collection of papers on the role of dialect in language and literacy acquisition impairment and education in a variety of languages and situations across Europe the Middle East North America Africa and Asia The authors are pioneers in this field
