Benner,2003-04-28 David Benner explores the twin themes of love and surrender as the heart of Christian spirituality He leads you to an unexpected place where yieldedness to God frees you to become who he created you to be The Path of Love Ronald D. Cowen,2015-02-05 The Buddha was a scientist Instead of using a microscope or a particle accelerator the Buddha used ESP He had several psychic powers that allowed him to perceive in detail the psychology of karma the evolution of consciousness and subatomic particles He discovered love and self love to be organizing principles that evolved early in the history of intelligent consciousness especially with regard to feelings and emotions Every person has the deepest need to love and be loved He solved the mind body problem by perceiving the physical basis of intelligent consciousness These psychic powers are acknowledged in Hindu and Buddhist scriptures but extremely few people have them This book is essentially a meditation report written by someone who has them While this sounds like an invitation to return this book to the shelf in a bookstore it also documents in depth another report by a physicist Stephen Phillips who relates in comprehensive detail the relationship between modern superstring theory and extrasensory observation of the elements of the periodic table by Annie Besant and Charles Leadbeater of the Theosophical Society This strong connection between modern physics and psychic powers of the Buddha is a real challenge to both the modern scientist and the modern Buddhist **The Essence of Ancient Tragedy** Hermann Friedrich Wilhelm Hinrichs,2017-08-07 An elaboration of Hegel's interpretation of Sophocles Antigone by one of Hegel's own students first published in German in 1827 **Law in the Courts of Love** Peter Goodrich,2002-11 In the wake of current criticisms of the legal profession Peter Goodrich presents us with a radical alternative vision of the law He examines past legal systems offering up the possibility of a more humane system Love's Shadow Paul A. Bové,2021-01-12 A case for literary critics and other humanists to stop wallowing in their aestheticized helplessness and instead turn to poetry comedy and love Literary criticism is an agent of despair and its poster child is Walter Benjamin Critics have spent decades stewing in his melancholy What if instead we dared to love poetry to choose comedy over Hamlet's tragedy or to pursue romance over Benjamin's suicide on the edge of France of Europe and of civilization itself Paul A Bov challenges young lit critters to throw away their shades and let the sun shine in Love's Shadow is his three step manifesto for a new literary criticism that risks sentimentality and melodrama and eschews self consciousness The first step is to choose poetry There has been since the time of Plato a battle between philosophy and poetry Philosophy has championed misogyny while poetry has championed women like Shakespeare's Rosalind Philosophy is ever so stringent try instead the sober cheerfulness of Wallace Stevens Bov's second step is to choose the essay He praises Benjamin's great friend and sometime antagonist Theodor Adorno who gloried in writing essays not dissertations and treatises The third step is to choose love If you want a Baroque hero make that

hero Rembrandt who brought lovers to life in his paintings Putting aside passivity and cynicism would amount to a revolution in literary studies Bov seeks nothing less and he has a program for achieving it **Love, Reason and Will** Anthony Rudd, John Davenport, 2015-10-22 An introduction to the philosophy of love bridging analytic and continental philosophy and the philosophy of religion through the writings of Harry G Frankfurt and S ren Kierkegaard **Awakening Through Love** John Makransky, 2007-07-17 Mother Theresa The Dalai Lama Nelson Mandela Gandhi Some admire such figures from afar and think How special they are I could never be like that But as John Makransky teaches the power of real and enduring love lies within every one of us Awakening Through Love teaches how to enjoy a life imbued with that love through Buddhist methods for cultivating genuine caring and appreciation for others Makransky is a fully qualified guide to this practice a professor of Buddhism and Comparative Theology at Boston College and a father of two he is also a close student and colleague of Lama Surya Das who provides the foreword here Above all he radiates an earnest and genuine caring both in person and on the page Rooted in Buddhism s Dzogchen tradition Makransky asserts that love is part of the very nature of our being and that if we can clear away the delusions that obscure our true nature love will flow to and from us effortlessly Awakening Through Love imparts meditations for both gradual cultivation and direct insight Makransky also provides a uniquely convincing and moving presentation of the role of a teacher or benefactor in deepening our spiritual path Part of the brilliance of Awakening Through Love is that it finds what is universal in Buddhist ideas and practices and renders them usable for a general audience with many references to ways that Christians and others can adapt the methods to their own traditions Peppered with inspiring contemporary stories the book will leave readers feeling more open more inspired and more engaged **Love in Action** Simon Cuff , 2019-02-28 Described as the Catholic church s best kept secret Catholic Social Teaching provides a rich body of thought and finds a particular resonance as all denominations in the church seek to engage with the needs of contemporary society Yet beyond the immediate context of the Catholic church it is all too readily ignored Resolutely aimed at those who come from traditions beyond the movement s traditional catholic heartlands but who seek to view their ministry through the lens of generous orthodoxy Love in Action offers a deeply scriptural but accessible introduction to this vital approach to the church s ministry in the world Awakening to Love Simon Herfet, 2018-11-21 This book is about the reason for your being here in this life in this body in this now moment For the present time is one of a cataclysmic shift in consciousness never seen before in your history on this planet This shift is one from a sleeping state of humanity s mass family consciousness to one of great awakening to a higher consciousness of connection to the one spirit which permeates and gives life to all creation in your universe This is a time long prophesised as this one shared higher consciousness awakens in you towards the realisation of the beauty and clarity of who you all truly are For who you are is pristine perfect consciousness Never tainted by anything which you or your ancestors have ever said or done including lifetimes long preceding this one in which you now find yourselves This book is presented here as a call to each soul on the

culsp of this awakening To quite simply help to remind each person that they are a magnificent radiant soul of love Connected to infinite wisdom And that they are now returning to this remembering long lost in the sands of time to help humanity move forward as a wave of awakened beings Sharing the one consciousness which once slumbered But now like a lion roars awake to facilitate and create the new world the creator has in store for Planet Earth **Homiletical commentary on the Song of Solomon** Thomas Robinson,1877
