Sudan Campaigns 1881 98:

The Sudan Campaigns 1881-98 Robert Wilkinson-Latham, 1976-03-25 In the Sudan in 1881 an obscure son of a carpenter pronounced himself the Mahdi or Guided One of the Prophet the long expected Messiah of the Islamic faith His influence was so strong that Egypt co ruled by Britain and France was plunged into war Robert Wilkinson Latham provides an absorbing account of the Sudan campaigns including the siege of Khartoum the unpredictable General Charles Gordon and the Nile Expedition The author details the organisation and fortunes of all forces involved painting a fascinating picture of the place and its peoples from 1881 98 **British Military Operations in Egypt and the Sudan** Harold E. Raugh Jr., 2008-05-02

The British Army s campaigns in Egypt and the Sudan from 1882 to 1899 were among the most dramatic and hard fought in British military history In 1882 the British sent an expeditionary force to Egypt to quell the Arabic Revolt and secure British control of the Suez Canal its lifeline to India The enigmatic British Major General Charles G Gordon was sent to the Sudan in 1884 to study the possibility of evacuating Egyptian garrisons threatened by Muslim fanatics the dervishes in the Sudan While the dervishes defeated the British forces on a number of occasions the British eventually learned to combat the insurrection and ultimately largely through superior technology and firepower vanquished the insurgents in 1898 British Operations in Egypt and the Sudan A Selected Bibliography enumerates and generally describes and annotates hundreds of contemporary current and hard to find books journal articles government documents and personal papers on all aspects of British military operations in Egypt and the Sudan from 1882 to 1899 Arranged chronologically and topically chapters cover the various campaigns focusing on specific battles leading military personalities and the contributions of imperial nations as well as supporting services of the British Army This definitive volume is an indispensable reference for researching imperialism colonial history and British military operations leadership and tactics *The Victorian soldier in Africa* Edward Spiers, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license The Victorian soldier in Africa re examines the campaign experience of British soldiers in Africa during the period 1874 1902 the zenith of the Victorian imperial expansion and does so from the perspective of the regimental soldier The book utilises an unprecedented number of letters and diaries written by regimental officers and other ranks to allow soldiers to speak for themselves about their experience of colonial warfare The sources demonstrate the adaptability of the British army in fighting in different climates over demanding terrain and against a diverse array of enemies They also uncover soldiers responses to army reforms of the era as well as the response to the introduction of new technologies of war Moreover the book provides commentary on soldiers views of commanding officers and politicians alongside assessment of war correspondents colonial auxiliaries and African natives in their roles as bearers allies and enemies This book reveals new insights on imperial and racial attitudes within the army on relations between soldiers and the media and the production of information and knowledge from frontline to homefront It will make fascinating reading for students academics and

enthusiasts in imperial history Victorian studies military history and colonial warfare *Three Empires on the Nile* Dominic Green, 2007-01-23 A secular regime is toppled by Western intervention but an Islamic backlash turns the liberators into occupiers Caught between interventionists at home and fundamentalists abroad a prime minister flounders as his ministers betray him alliances fall apart and a runaway general makes policy in the field As the media accuse Western soldiers of barbarity and a region slides into chaos the armies of God clash on an ancient river and an accidental empire arises This is not the Middle East of the early twenty first century It is Africa in the late nineteenth century when the river Nile became the setting for an extraordinary collision between Europeans Arabs and Africans A human and religious drama the conflict defined the modern relationship between the West and the Islamic world The story is not only essential for understanding the modern clash of civilizations but is also a gripping epic tragic adventure *Three Empires on the Nile* tells of the rise of the first modern Islamic state and its fateful encounter with the British Empire of Queen Victoria Ever since the self proclaimed Islamic messiah known as the Mahdi gathered an army in the Sudan and besieged and captured Khartoum under its British overlord Charles Gordon the dream of a new caliphate has haunted modern Islamists Today Shiite insurgents call themselves the Mahdi Army and Sudan remains one of the great fault lines of battle between Muslims and Christians blacks and Arabs The nineteenth century origins of it all were even more dramatic and strange than today s headlines In the hands of Dominic Green the story of the Nile s three empires is an epic in the tradition of Kipling the bard of empire and Winston Churchill who fought in the final destruction of the Mahdi s army It is a sweeping and very modern tale of God and globalization slavers and strategists missionaries and messianists A pro Western regime collapses from its own corruption a jihad threatens the global economy a liberation movement degenerates into a tyrannical cult military intervention goes wrong and a temporary occupation lasts for decades In the rise and fall of empires we see a parable for our own times and a reminder that while American military involvement in the Islamic world is the beginning of a new era for America it is only the latest chapter in an older story for the people of the region *Egyptian Army uniforms 1830-1914* Chris Flaherty, 2025-06-04 This book looks at Egyptian Army uniforms from 1832 till 1914 Following the Napoleonic Wars Muhammad Ali saw European training discipline and tactics as vital for improving his military power The Egyptian Army divide into two main periods before and after 1883 when the new Egyptian Army was formally raised Before 1883 there were nearly twenty Guard and Line Infantry Regiments having their beginning in the creation of the Nizam al Jadid New Organization Around 1832 there was the introduction of standard uniforms and equipment based on the European model After 188 the Egyptian Army was reorganized and while it followed changes in the British Army over the same perio it still retained a distinctive appearance The Egyptian Army between 1885 and 1914 saw introduction of the field service khaki uniform in addition to its traditional summer and winter dress which was relegated to Barracks wear **Sudan 1885** Michael Tyquin, 2015-01-05 The involvement of an Australian colonial military force in Britain s Egyptian campaigns between 1883 and 1885 was very short

extending for only five months overall including the pre deployment phase Consequently its influence on these campaigns was insignificant Nevertheless our involvement in the Sudan in 1885 is part of Australia s military history This book provides the context for Australia s involvement in the Sudan and follows operations chronologically The call in the 1880s for jihad or holy war by Sudanese leaders shows us that some of our current global challenges are not new A History of the Sudan P.M. author journalist and writer for radio and television here adopts an entirely new approach and relies largely on first hand accounts to show not merely what happened but what it was actually like to be there His sources are many and varied and not confined to the soldier's own records Nothing for instance could surpass in vividness Florentia Sale's brilliant account of the terrible retreat from Kabul in 1842 Due respect is also paid to the courage of the opposition As Lieutenant Charles Townshend wrote after Omdurman in 1898 The Valour of these poor half starved Dervishes would be graced by Thermopylae The book continues eye witness accounts from the following campaigns and minor wars Maratha Gurkha Burmese Ashanti opium Afghan Maori Sikh Kaffir Persian Abyssinian Zulu Boer Egyptian Sudanese and Matabele The list alone shows how busy the British Soldier was throughout the nineteenth century The text itself brilliantly recaptures the nature of soldiering in that era

War and Slavery in Sudan Jok Madut Jok, 2010-08-03 Slavery has been endemic in Sudan for thousands of years Today the Sudanese slave trade persists as a complex network of buyers sellers and middlemen that operates most actively when times are favorable to the practice As Jok Madut Jok argues the present day is one such time as the Sudanese civil war that resumed in 1983 rages on between the Arab north and the black south Permitted and even encouraged by the Arab dominated Khartoum government the state military has captured countless women and children from the south and sold them into slavery in the north to become concubines domestic servants farm laborers or even soldiers trained to fight against their own people Also instigated by the

Khartoum government Arab herding groups routinely take and sell the Nilotic peoples of Dinka and Nuer Jok emphasizes that the contemporary practice of slavery in Sudan is not the result of two decades of civil war as conventional wisdom in the media would have one believe Instead he revisits the historic hostilities between the Islamic world to the north and to the south the Black African peoples many of whom are Christian converts For Arab traders the nation of the blacks or Bilad Al Sudan has traditionally been the source of slaves When the slave trade developed into corporate enterprise in the nineteenth century the slave takers articulated distinctions based on race ethnicity and religion that marked the black infidel southerners as indisputably inferior and therefore natural slaves Such distinctions have survived for decades and have fueled various forms of oppression of the black south even during those periods when slavery has not been authorized by the government When it is authorized as it is today slavery then becomes the extreme form of this systemic oppression War and Slavery in Sudan exposes the enslavement of black peoples in Sudan which has been exacerbated if not caused by the circumstance of war As a black southerner and a member of the Dinka a group targeted by Arab slave traders Jok brings an insider s perspective to this highly volatile subject matter He describes the various methods of capture explores the heinous experience of captivity and examines the efforts of slaves to escape Jok also assesses the efforts of Dinka communities to locate and redeem or buy back slaves through middlemen a strategy that has been supported by Western antislavery groups and church based humanitarian agencies but has also been the subject of great moral debate Throughout the book Jok stresses that the search for settlement of the north south conflict must be made in conjunction with a campaign to end slavery He challenges the international community to move beyond diplomatic measures to take more coordinated action against the slave trade and bring liberation to the people of Sudan Sir Garnet Wolseley Stephen Manning, 2024-02-01

Field Marshal Lord Wolseley was an eminent Victorian one of a handful of late nineteenth century military men whose reputation transcends his age He served the British empire in Burma India China the Crimea Canada Asante Egypt South Africa and the Sudan He excelled as a regimental soldier staff officer army commander and reformer and eventually commander in chief Yet there has been no substantial work on Wolseley for a generation and a reassessment based upon a fresh look at the man and his achievements is long overdue That is why Stephen Manning s perceptive military biography which sets Wolseley firmly in the context of his period and seeks to strip away the legend that developed during his lifetime is so timely and important Each of Wolseley s campaigns is examined in vivid detail and there are graphic descriptions of the major battles in which he took part either as an officer or a general His performance as a commander from his great success during the expedition against the Asante to his failure to rescue Gordon from Khartoum is critically assessed to see if he deserves his brilliant reputation His efforts as an army reformer are examined too in particular whether he could have done more to prepare Britain for war against the Boers Stephen Manning s incisive account of Wolseley s career will be fascinating reading for anyone who is interested in the British army in the nineteenth century in colonial warfare and in the

exploits of one of Queen Victoria's most admired generals ~*The Sudan Campaigns, 1881 - 1898* Christopher Wilkinson-Latham, 1976
