## **Sudan Civil War And Terrorism 1956 99:**

Sudan, Civil War and Terrorism, 1956-99 E. O'Ballance, 2000-08-23 Sudan the largest country in Africa became independent in 1956 to find it had a foot in both the Arab Muslim and the Black African camps Almost immediately a sixteen year civil war began ending with autonomy for the South which devolved into chaos A second southern revolution broke out in 1983 when the government introduced the Sharia law which is still in progress the impasse halted only by an uneasy cease fire Central governments have been mainly military dictatorships plagued by plots quarrels with adjacent countries and involvement in international terrorism

**Sudan, Civil War and Terrorism, 1956-99** Edgar O'Ballance, 2000 In Khartoum government coups and counter coups alternated with periods of military dictatorship In 1983 Sharia law was introduced and attempts were made to force it on the south causing the civil war to resume This stalemated struggle continues In 2000 there have been signs of returning democracy and a multi party election has been held but the reappearance from exile of strong contenders for power does not bode well for the stability of the country BOOK JACKET

**The First Sudanese Civil War** S. Poggio, 2008-12-22 This book is a comprehensive investigation discussion and analysis of the origins and development of the first civil war in the Sudan which occurred between 1955 and 1972 It was the culmination of ethnic racial cultural religious political and economic problems that had faced the Sudan since the Turco Egyptian conquest of the country in 1821 The hostilities between the Northern and Southern regions of the Sudan also involved foreign powers that had their own geopolitical interests in the country The first Sudanese civil war is a classic example of intra regional and inter regional conflicts in Africa in the 20th century

**Africa and the War on Terrorism** John Davis, 2016-03-23 Abject poverty and official corruption make parts of Africa a very attractive destination for terrorist organizations Opportunities have developed during the pre and post 9 11 periods in Africa for the recruitment of terrorists attainment of bases of operations and sources of funding for Al Qaeda or its affiliated terror groups This comprehensive volume provides an extensive examination of major terrorist events in Africa It highlights internal and external indices to illustrate why Africa is so ripe for terrorism ostensibly in terms of recruitment as well as attainment and sources of funding due to the continent's continuing poverty and corruption The volume will prove indispensable reading for anyone researching security issues political sociology and African studies

Guide to Islamist Movements Barry M. Rubin, **Ghosts of Empire** Kwasi Kwarteng, 2012-01-01 This fascinating book shows how the later years of the British Empire were characterised by accidental oversights irresponsible opportunism and uncertain

pragmatism      **Peace Negotiations and Time** Marco Pinfari, 2013 This book discusses the role of time in peace negotiations and peace processes in the post Cold War period making reference to real world negotiations and using comparative data Deadlines are increasingly used by mediators to spur deadlocked negotiation processes under the assumption that fixed time limits tend to favour pragmatism Yet little attention is typically paid to the durability of agreements concluded in these conditions and research in experimental psychology suggests that time pressure can have a negative impact on individual and collective decision making by reducing each side's ability to deal with complex issues complex inter group dynamics and inter cultural relations This volume explores this lacuna in current research through a comparative model that includes 68 episodes of negotiation and then more in detail in relation to four cases studies the Bougainville and Casamance peace processes and the Dayton and Camp David proximity talks The case studies reveal that in certain conditions low time pressure can impact positively on the durability of agreements by making possible effective intra rebel agreements before official negotiations and that time pressure works in proximity talks only when applied to solving circumscribed deadlocks This book will be of much interest to students of peace processes conflict resolution negotiation diplomacy and international relations in general      *God Grew Tired of Us* John Bul Dau, Michael S. Sweeney, 2008 Explores the indomitable spirit of three Lost boys from the Sudan who are forced to leave their homeland because of a civil war They triumph over adversities and relocate to the U S where they remain deeply committed to helping the friends and family they left behind      **Defending the Holy Land** Zeev Maoz, 2009 A scathing and brilliant revisionist history Defending the Holy Land is the most comprehensive analysis to date of Israel's national security and foreign policy from the inception of the State of Israel to the present Book jacket      **Political Waters** Anne-Sophie Beckedorf, 2012 Political Waters examines how recent reforms of decentralization privatization and commercialization are initiated and implemented with regard to water management in Khartoum In so doing it uses the prism of water to gain insights into Sudanese water politics power strategies and state society relationships Drawing on detailed actor oriented and ethnographic analyses based on political ecology and on organization sociology the main findings develop important aspects of rule and emphasize the relevance of studying local micropolitical contexts in order to understand macropolitical dynamics This work obtained the DAVO German Middle East Studies Association Dissertation Award 2012 Dissertation Series Forum Political Geography Forum Politische Geographie Vol 7      Armed Groups and the Balance of Power Anthony Vinci, 2008-09-09 This new book provides a framework for understanding the international relations of armed groups including terrorist organizations insurgencies and warlords which play an increasingly important role in the international system Specifically the book argues that such groups can be understood as taking part in the balance of power with states and other armed groups as they are empirically sovereign non state actors that are motivated by the pursuit of power and exist as part of an anarchic self help system This radically new approach offers a renewed conceptualization of Neorealism and provides new insights into debates about

sovereignty non state actors new wars counterterrorism and counterinsurgency The approach is illustrated through case studies on Somali warlords the security complex between the Lord s Resistance Army LRA Sudanese People s Liberation Army SPLA Sudan and Uganda as well as Al Qaeda The book provides insights into such issues as how non state actors can be integrated into structural theories of international relations and also offers pragmatic methodologies for the foreign policy or military practitioner such as how to best deter terrorists

*A History of Modern Mercenary Warfare* Harry McCallion, 2024-04-18 Explores the development of modern mercenary forces from the British operation in Yemen in late 1960 s to today s War in Ukraine Since before the time of Alexander the Great trained soldiers have sold their expertise on battlefield around the World fighting and dying in other people s wars for money glory or the lust for violence and combat In this book Harry McCallion explores the development of modern mercenary forces from the British SAS led deniable operation in Yemen in late 1960 s during which the Israelis were persuaded to arm the SAS led Yemeni tribesmen through the bush wars in Africa Britain s ill fated intervention in the war in Afghanistan right up to today s War in Ukraine Many of the modern day British mercenaries were known to the author personally including such notably figures as the legendary SAS Fijian warriors Tak Takevesia who although in his early sixties shot his way out of an ambush in Bagdad and Fred Big Fred Mrafano who devoted himself to the cause of the people of Serra Leone SAS veteran Bill Scully who received the Queen s Gallantry Medal single handedly protected 1 300 civilians from rebel troops during the uprising in May 199 7 after the Sierra Leone coup and American Vietnam veteran Major Mac Mackenzie who although badly wounded in Vietnam rose from trooper to command a Rhodesian SAS squadron and was one of the units most highly decorated soldiers Also included are more notorious figures like Costas Georgiou also known by his alias Colonel Callan who served in the 1st Battalion of the Parachute Regiment but was dishonorably discharged and sentenced to five years in prison for a post office robbery later he proclaimed himself a Colonel and led a group of psychopathic mercenaries in the Angolan War of Independence before being captured and executed by Angolan forces The book explores the roles of modern day mercenaries who s use has expanded precisely because they are mercenaries fighting for money and not love of country their deaths are not seen as a patriotic sacrifice often they go unreported and in turn helps to conceal the true tragic human cost of waging a war As one former private military contractor recently stated to Australian TV If you want to conquer in the 21st century you use mercenaries special forces things to keep war secret and nobody s better at secret wars than mercenaries

*Sudan at the Crossroads - Between Consolidation and a Failing State* Jens Parnow, 2009-12-09 Research Paper undergraduate from the year 2008 in the subject Economics Case Scenarios grade 1 0 Helmut Schmidt University University of the Federal Armed Forces Hamburg Fakult t f r Wirtschafts und Sozialwissenschaften course Staatszerfall und Konflikt konomien in Afrika language English abstract The recent Darfur crisis and the humanitarian catastrophe have put some public view on the Sudan Voices to intervene have been raised and quick connections to the massacres in Rwanda in 1994 are made The fact that the Sudanese

people have been suffering from almost 40 years of intermitted civil war seems to play at best an inferior role Despite the neglect by a vast majority of the public the southern regions are just recovering from devastating civil war and peace is still fragile The transition to a democratic system is far from being realized droughts have increased nutrition problems in the South and the revenues from economic growth are distributed very unevenly In addition to these problems neighbouring states are either dictatorships with rivalling interests in a period of uncertain transition or former stable states such as Chad and Kenya which are tumbling towards domestic crisis Nevertheless to understand the aims of the opposing actors and how these conflicts were able to develop it is necessary to have a close look on Sudan s recent past The essay covers Sudan s way from a British colony to its independence followed and accompanied by two severe civil wars and their reasons up to the Darfur crisis today In the second part the author analyses the aims of the different local national and international actors and assesses reasonable strategies for a lasting peace in Sudan The leading thoughts in this essay are expressed by the main questions How did the Sudanese civil wars which culminated in the recent Darfur crisis evolve What would be a reasonable strategy to secure a stable peace in Sudan The author wants to emphasize the necessity to bring Sudan to a stable peace As the biggest country in Africa this could contribute to stability in the whole eastern African region preventing humanitarian crisis and agony Hasty decision derived from compassion and quick accusations without the necessary background may lead to false directions This analysis shall provide objective evidence about the current situation and is intended to contribute to a wider comprehension among students of international politics

**The End of the British Empire in the Middle East, 1952--1971** Wm. Roger Louis, 2025-03-28 A comprehensive account of the decline and fall of the British Empire in the Middle East from 1952 to 1971

**Guerrilla Government** Øystein H. Rolandsen, 2005 Guerrilla Government provides the background for today s political situation at the eve of a peace agreement for the South It starts with a brief account of the historical roots of the second civil war and provides an in depth analysis of the causes and consequences of the split in SPLM A in 1991 The author then discusses the movement s political and administrative structures and its interaction with other parties at the Southern Sudanese scene prior to its National Convention in 1994 The National Convention and the results of its political and administrative reforms are scrutinised and the book is brought to a conclusion with a short comment on the prospects of the future government of the Southern Sudan

**BOOK JACKET** *Terrorism, Instability, and Democracy in Asia and Africa* Dan G. Cox, John Falconer, Brian Stackhouse, 2010-09-01 A chilling up to the minute look at the links between political instability and terrorism in Asia and Africa

*Sudan's Blood Memory* Stephanie Beswick, 2004 [Darfur and the International Community](#) Richard Barltrop, 2010-11-30 Darfur has become synonymous with suffering A vast remote and poor region Darfur has been torn by armed conflict and humanitarian crises and haunted by the spectres of ethnic cleansing and genocide After it broke onto the international stage in 2004 and grew into one of the world s worst humanitarian crises the Darfur conflict presented the international community with dramatic challenges How could the international community stop

the fighting in Darfur How could it save lives and help the two million people displaced by the conflict And how could the international community or those who wanted to act bring about peace in Darfur and at the same time ensure that the Comprehensive Peace Agreement for the wider war between 1983 and 2005 was implemented Here Richard Barltrop draws on original research inside and outside Sudan including extensive interviews with Sudanese and others who have been involved in Sudan's conflicts politics and peace talks since 1983 and before and official Sudanese and international sources Tracing the history of international responses to the conflicts in Sudan Barltrop investigates what determined the outcomes of international mediation and relief in Sudan He shows that Darfur must be seen within the wider pattern of conflict in Sudan and that both Sudan and the international community have missed opportunities to respond more effectively to the fundamental drivers of conflict in the country As he explains lessons should be drawn from this for Sudan and for the practice of conflict resolution elsewhere in the world today and in the future This ground breaking and insightful book offers crucial analysis for policymakers mediators and humanitarian and development workers as well as students and general readers who wish to deepen their understanding of Africa's largest country and the major political and humanitarian challenges it has posed for the international community
