Mystery Women, Volume Three (Revised) Colleen Barnett,2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008 **The Essential Mystery Lists** Roger M Sobin,2011-09-30 For the first time in one place Roger M Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented He has also included many of the best of lists by more than fifty of the most important contributors to the genre Mr Sobin spent more than two decades gathering the data and lists in this volume much of that time he used to recheck the accuracy of the material he had collected Several of the best of lists appear here for the first time in book form Several others have been unavailable for a number of years Of special note are Anthony Boucher s Best Picks for the Year Boucher one of the major mystery reviewers of all time reviewed for The San Francisco Chronicle Ellery Queen Mystery Magazine and The New York Times From these resources Mr Sobin created Boucher s Best and Important Lists to Consider lists that provide insight into important writing in the field from 1942 through Boucher s death in 1968 This is a great resource for all mystery readers and collectors Winner of the 2008 Macavity Awards for Best Mystery Nonfiction **The Woman Detective** Kathleen Gregory Klein,1995 Kathleen Gregory Klein traces female paid professional private investigators in British Canadian and American
