**Suffolk in Vintage Postcards** Henry Fraser, Sue Woodward, 2003-07-01 After 20 years as a trading center on the Nansemond River the town of Suffolk was chartered in 1742 Originally dependent on naval stores and the river it would be railroads and peanuts that eventually put Suffolk on the map After Amedeo Obici brought Planters Nut and Chocolate Company to Suffolk in 1913 the town was soon recognized as the world's largest peanut market It was also in the center of a large agricultural region with trains passing in and out of town each day Postcards began to travel around the country with news and greetings from the bustling Suffolk By the middle of the 20th century Suffolk had seen many changes Railroads gave way to highways and grand old hotels were replaced with motels Yet within these pages the old Suffolk endures depicted in the views and paintings of a vivid collection of postcards [A Postcard History of the Passenger Liner](#) Christopher Deakes, 2023-10-01 From around 1880 for almost a hundred years shipowners commissioned a wealth of paintings that depicted their magnificent liners as well as the routes they travelled their exotic destinations and life onboard These paintings rich in imagination and atmosphere appeared on postcards and posters of the day and were used to advertise the companies and their ships and so was born a whole genre that produced tens of thousands of paintings which formed a wonderful record of the great era of the passenger liner In 1900 there were over thirty shipping companies operating passenger liners across the North Atlantic Other oceans were similarly served But now with just a few exceptions the companies and their liners have disappeared along with the art they once inspired Little remains to recall this aspect of our maritime past except the postcards and they tell an evocative story of the vanished world of elegant ships and leisurely travel of social and political times much changed by the history of the past century Here brought vividly to life in more than 500 colourful postcards are the ships on which so many of our predecessors sailed as emigrants soldiers administrators or simply as tourists in days long past These cards which are now highly collectable show how steamships developed over the years but they are also a fine tribute to the artists who painted them This volume also includes a glossary of some 170 illustrators which forms an important reference section and advice on collecting **Tracing Your House History** Gill Blanchard, 2020-01-31 With its practical slant and focus on demystifying unfamiliar property documents this is the perfect introduction to tracing a house history Family Tree Magazine Anyone who wants to find out about the history of their house of their home needs to read this compact practical handbook Whether you live in a manor house or on a planned estate in a laborer's cottage a tied house a Victorian terrace a twentieth century council house or a converted warehouse this is the book for you In a series of concise information filled chapters Gill Blanchard shows you how to trace the history of your house or flat how to gain an insight into the lives of the people who lived in it before you and how to fit it into the wider history of your neighborhood A wealth of historical evidence is available in libraries archives and record offices in books and online and this is the ideal introduction to it Gill Blanchard explores these resources in depth explains their significance and directs the
