May Sinclair Michele K. Troy, 2016-12-05 May Sinclair was a central figure in the modernist movement whose contribution has long been underacknowledged. A woman of both modern and Victorian impulses, a popular novelist who also embraced modernist narrative techniques, Sinclair embodied the contradictions of her era. The contributors to this collection, the first on Sinclair's career and writings, examine these contradictions, tracing their evolution over the span of Sinclair's professional life as they provide insights into Sinclair's complex and enigmatic texts. In doing so, they engage with the cultural and literary phenomena Sinclair herself critiqued and influenced: the evolving literary marketplace, changing sexual and social mores, developments in the fields of psychology, the women's suffrage movement, and World War I. Sinclair not only had her finger on the pulse of the intellectual and social challenges of her time, but also she was connected through her writing with authors located in diverse regions of literary modernism's social web, including James Joyce, Ezra Pound, Ford Madox Ford, Charlotte Mew, and Dorothy Richardson. The volume is a crucial contribution to our understanding of the political, social, and literary currents of the modernist period.

Women art workers and the Arts and Crafts movement Zoë

Thomas, 2020-05-15 This book constitutes the first comprehensive history of the network of women who worked at the heart of the English Arts and Crafts movement from the 1870s to the 1930s. Challenging the long-standing assumption that the Arts and Crafts simply revolved around celebrated male designers like William Morris, it instead offers a new social and cultural account of the movement which simultaneously reveals the breadth of the imprint of women art workers upon the making of modern society. Thomas provides unprecedented insight into how women navigated authoritative roles as art workers by asserting expertise across a range of interconnected cultures, from the artistic to the professional, intellectual, entrepreneurial, and domestic. Through examination of newly discovered institutional archives and private papers, Thomas elucidates the critical importance of the spaces around which women conceptualised alternative creative and professional lifestyles.

Reconsidering Catholic Lay Womanhood Kathryn G. Lamontagne, 2023-07-26 This book offers a new perspective on the often overlooked lives of lay women in the English Roman Catholic Church. It explores how, over a century ago in England, some exceptional Catholic lay women, Margaret Fletcher, Maude Petre, Radclyffe Hall, and Mabel Batten, negotiated non-traditional family lives and were actively practicing their faith while not adhering to perceived structures of femininity, power, and sexuality. Focusing on c. 1880-1930, a time of dynamism and change in both England and the Church, these remarkable women represent a rethinking of what it meant to be a lay woman in the English Roman Catholic Church. Their pious transgressions demonstrate the multiplicity of ways lay women powerfully asserted aspects of their faith while contravening boundaries traditionally assumed for them in an ostensibly patriarchal religion. In fact, the Church could be a place for expressions of unconventional religiosity and reinterpretations of womanhood and domesticity. Connecting together the lives of these women for the first time, this work fills a lacuna in the scholarship of modern Catholic and gender history. Drawing

from private collections and numerous archives it illustrates the surprising range of modes of Lived Catholicism and devotion to faith Students and scholars of Catholicism gender and LGBTQIA studies will find significant merit in a book that assigns lay women a more prominent role in the English Catholic Church and offers examples of the flexibility of Roman Catholicism
