Tafsir as Mystical Experience: Intimacy and Ecstasy in Quran Commentary Todd Lawson, 2018-11-26 In *Tafsir as Mystical Experience* Todd Lawson shows how the Quran may be engaged with for meaning and understanding the usual goal of mystical exegesis and also how it may be engaged with through tafsir in a quest for spiritual or mystical experience In this earliest of the Babb's extended works written before his public claim to be the return of the hidden Imam the act of reading is shown to be something akin to holy communion in which the sacred text is both entrance upon and destination of the mystic quest The Quran here is a door to an abode of glory and an abiding spiritual encounter with the divine through the prophet his daughter Fatima and the twelve Imams of Ithna'ashar Shi'ism who inhabit the letters words verses and suras of the Book Cover calligraphy by Burhan Zahrai of Quran 53:11

Epistemology of the Quran M. Ashraf Adeel, 2019-07-17 This book examines all verses of the Quran involving knowledge related concepts It begins with the argument that an analysis of the Quranic concept of ignorance points to epistemic virtues that can pave our way towards gaining knowledge and or understanding It deals with the Quranic concepts of perceptual rational and revelatory knowledge as well as understanding and wisdom in the light of recent discussions in Western analytic epistemology It also argues that the relevant Quranic verses seem to involve concept of an epistemic conscience whose proper exercise can yield knowledge or understanding While not overlooking the Quranic emphasis on revelation as a source of knowledge the book draws our attention to a remarkable overlap between some strains of contemporary virtue epistemology and Quranic approach to knowledge It shows that the Quranic verses suggest a progressive sequence from propositional knowledge to understanding to wisdom
