Sufism Lecture Series Nader Angha, Salaheddin Ali Nader Shah Angha, 2011 *Sufism and Wisdom* Salaheddin Ali Nader Shah Angha, 1996 In this treatise Hazrat Salaheddin Ali Nader Angha examines the source and development of wisdom In Sufism one learns how to realise and experience true wisdom Such wisdom is extremely profound and insightful enabling the individual to better understand his her true identity and fulfil his her full potential *The Sufi Message of Hazrat Inayat Khan: Sufi Mysticism* Hazrat Inayat Khan, 2020-09-28 Mysticism is the essence and the basis of all knowledge science art philosophy religion and literature These all come under the heading of mysticism When one traces the origin of medicine which has developed into the pure science it is today one will find that its source was in intuition It is the mystics who have given it to the world For instance Avicenna the great Persian mystic has contributed more to medicine than any other man in the world history of medicine We know the meaning of science to be a clear knowledge based on reason and logic but at the same time where did it start Was it by reason and logic First there was intuition then came reason and finally logic was applied to it Furthermore in the lower creation there are no doctors yet the creatures are their own physicians The animals know whether they will best be cured by standing in the sun by bathing in a pool of water by running in the free air or by sitting quietly under the shade of a tree I once knew a sensible dog who used to fast every Thursday No doubt many people of the east would say he was an incarnation of a Brahmin but to me it was a puzzle how the dog knew it was Thursday People think a mystic means a dreamer an impractical person who has no knowledge of worldly affairs But such a mystic I would call only half a mystic A mystic in the full sense of the word must have balance He must be as wise in worldly matters as in spiritual things People have had many misconceptions of what a mystic is They have called a fortune teller a mystic or a medium a clairvoyant a visionary I do not mean that a mystic does not possess all of these qualities but these qualities do not make a mystic A real mystic should prove to be an inspired artist a wonderful scientist an influential statesman He should be just as qualified for business industry social and political life as is the materially minded man When people say to me You are a mystic I thought you would take no notice of this or that I do not like it Why should I not take notice of it I take notice of every little detail although every little detail does not occupy my mind so much that I take notice of nothing else It is not necessary to be unconscious of the world while being conscious of God With our two eyes we see one vision so we should see both aspects God and the world as a clear vision at the same time It is difficult but not impossible **Western Sufism** Mark Sedgwick, 2016 In this book Mark Sedgwick shows that Western Sufism is not a recent phenomenon of the new age but rather is rooted in a series of intercultural transfers between the Muslim world and the West starting in the Middle Ages and in centuries of later Western intellectual history **The Sufi Message Volume 10** Hazrat Inayat Khan, 2009-01-01 This is a book on the spiritual in everyday life The very variety of its contents is an illustration of the significance of Sufism and spirituality in general for human life The first two parts Sufi Mysticism and The Path of Initiation and Discipleship expand

further on themes presented in earlier volumes particularly in volumes 1 The Way of Illumination The reader is called to reconsider his life and how he is leading it rather than what life is his Where is your ideal In Sufi Poetry Hazrat Inayat Khan discusses the life work and influence of some of the great Sufi poets of the past illustrating the significance of mysticism and discipleship **Reflections on Inner Sufi Teachings** Hidayat Khan,2005 Short meditations on taking Sufi teachings into daily life and the writings of Inayat Khan by his son the leader of the International Sufi movement **Contextualization of Sufi Spirituality in Seventeenth- and Eighteenth-Century China** David Lee,2016-07-28 Liu Zhi c1662 c1730 a well known Muslim scholar writing in Chinese published outstanding theological works short treatises and short poems on Islam While traditional Arabic and Persian Islamic texts used unfamiliar concepts to explain Islam Liu Zhi translated both text and concepts into Chinese culture In this erudite volume David Lee examines how Liu Zhi integrated the basic religious living of the monotheistic Hui Muslims into their pluralistic Chinese culture Liu Zhi discussed the Prophet Muhammad in Confucian terms and his work served as a bridge between peoples This book is an in depth study of Liu Zhi s contextualization of Islam within Chinese scholarship that argues his merging of the two never deviated from the basic principles of Islamic belief

Khan whose courage and faith guided her through the most brutal regime in history **Sacred Spaces and Transnational Networks in American Sufism** Merin Shobhana Xavier, 2018-03-22 This book sheds light on the Bawa Muhaiyaddeen Fellowship BMF one of North America's major Sufi movements and one of the first to establish a Sufi shrine in the region. It provides the first comprehensive overview of the BMF offering new insight into its historical development and practices and charting its establishment in both the United States and Sri Lanka. Through ethnographic research *Sacred Spaces and Transnational Networks in American Sufism* shows that the followers of Bawa in the United States and Sri Lanka share far more similarities in the relationships they formed with spaces Bawa and Sufism than differences. This challenges the accepted conceptualization of Sufism in North America as having a distinct Americanness and prompts scholars to reconsider how Sufism is developing in the modern American landscape as well as globally. The book focuses on the transnational spaces and ritual activities of Bawa's communities mapping parallel shrines and pilgrimages. It examines the roles of culture, religion, and gender and their impact on ritual embodiment drawing attention to the global range of a Sufi community through engagement with its distinct Muslim, Hindu, Jewish, and Christian followers.
